INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Trigo Quality Solutions US Inc. 401(k) Plan
Shelby Township, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trigo Quality Solutions US Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audit of Trigo Quality Solutions US Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trigo Quality Solutions US Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trigo Quality Solutions US Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures, responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trigo Quality Solutions US Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trigo Quality Solutions US Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Asset (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of Trigo Quality Solutions US Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete information.

General:

The Plan is a defined contribution profit sharing plan covering all eligible employees of Trigo Quality Solutions US Inc. Employees must be age 21 or older and must complete three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective January 1, 2021 to allow participants salary deferrals after 90 days of service, entering the plan the first of the month after completing 90 days of service. They still are eligible for a match and profit sharing after completing one year of service.

Contributions:

Each year, participants may contribute a dollar amount set by law of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make qualified nonelective contributions with a maximum up to 5% of eligible compensation and safe harbor matching contributions of 100% of the first 3% eligible participant compensation and 50% of the next 2% eligible compensation. The Company may make discretionary-nonelective contributions. The Company did not make any nonelective contributions in 2023.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant has the option of directing his/her account balance to one or more different investment funds offered by the Plan. Participants may change investment options at their discretion.

Participants transferring from the plans merged into the Plan in January 2021 became fully vested on their balances effective January 1, 2021.

Participants will automatically become 100% vested upon attainment of normal retirement age 65 or severance from employment due to disability or death.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes Receivable from Participants:

Loans of participant's vested benefits, not to exceed \$50,000 or 50% of a participant's vested account balance and a minimum of \$1,000 are permitted. Loans are to carry a reasonable rate of interest and be repaid over a period not extending beyond five years from the date of the loan, unless the loan was for the purchase of a principle residence, in which case the loan must be repaid in 15 years. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payments of Benefits:

Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, can roll the amount over into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions.

Forfeited Accounts:

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$20,684 and \$23,857, respectively. Forfeitures of non-vested employer contributions are used to pay administrative expenses and to reduce future employer contributions. During 2023, \$33,039 in forfeitures were used to reduce the employer contribution.

Administrative expenses:

Most of the expenses incurred in administering the plan were paid directly by the plan sponsor.

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting:

The accounting records of the plan are maintained on the accrual basis of accounting.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains or losses on investments bought or sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits:

Benefits are recorded when paid.

Administrative and Investment Fees:

Investment fees are paid from the Plan's assets. The employer pays the remaining Plan administration costs.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 3. Financial Data Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Under that section, no auditing procedures are required to be performed with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. The trustee has certified the completeness and accuracy of all investments, reported in the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022 and the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

The fair value of investments at December 31, 2023 as reported by the trustee is summarized as follows:

Mutual Funds	\$ 13,132,215
Money Market Fund	<u>350,635</u>
	<u>\$ 13,482,850</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term asset or liability.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing prices as reported by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued relates to the net asset value per share in the money market fund held by the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

<i>Assets at Fair Value as of December 31, 2023</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,132,215	-	-	\$ 13,132,215
Money market funds	350,635	-	-	350,635
Total investments, at fair value	<u>\$ 13,482,850</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,482,850</u>

<i>Assets at Fair Value as of December 31, 2022</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,590,006	-	-	\$ 10,590,006
Money market funds	154,207	-	-	154,207

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Income Tax Status

The Plan is a defined contribution volume submitter profit-sharing plan with cash or deferred arrangement developed by Fidelity Management and Research Company. The volume submitter plan received a favorable opinion letter, dated June 30, 2020, for the Internal Revenue Service (IRS) stating the prototype plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Partnership contribution portion of their account.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8. Party-In-Interest Transactions

Certain Plan investments were managed by the Trustee or affiliates of the Trustee throughout the year; therefore, these investment transactions qualify as party-in-interest transactions. The Plan's administrative expenses are paid in part by the Plan and in part by the Plan sponsor, as provided by the Plan document. Also, the Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets per the Form 5500 to net assets available for benefits per the financial statements as of December 31, 2023:

	2023	2022
Net assets available for benefits per the Form 5500	\$ 13,824,782	\$ 11,038,506
Employer contributions receivable	405	-
Participant contributions receivable	<u>685</u>	<u>-</u>
Net assets available for benefits per the financial statements	<u>\$ 13,825,872</u>	<u>\$ 11,038,506</u>

The following is a reconciliation of net assets per the Form 5500 to total contributions per the financial statements for the year ended December 31, 2023:

Changes in net assets available for benefits per Form 5500	\$ 2,786,276
Change in employer contributions receivable	405
Change in participant contributions receivable	<u>685</u>
Net increase in net assets available for benefits per the financial statements	<u>\$ 2,787,366</u>

Note 10. Subsequent Events

Plan management has evaluated subsequent events through October 11, 2024. This date is the date the financial statements were available to be issued.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 11. Revenue Recognition

Revenue is recognized when control of the promised services is transferred to the customer in an amount that reflects the consideration expected in exchange for those services. The Financial reporting Executive Committee ("FinREC") issued pending content guidance for the employee benefit plans. Per the FinREC guidance, the cash flows generated by the Plan would not be considered revenue from customers due to the unique relationships created through a multi-employer benefit plan. Therefore, the cash inflows do not meet the requirement to be reported as revenue under ASC 606. No changes in the reporting of revenue are necessary for the Plan.

There was no material impact to any of the line items within the Plan's Statement of Changes in Net Assets Available for Benefits or Statements of Net Assets Available for Benefits as a result of applying ASC 606 for the fiscal year Ended December 31, 2023.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Trigo Quality Solutions US Inc. 401(k) Plan
Shelby Township, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trigo Quality Solutions US Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audit of Trigo Quality Solutions US Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trigo Quality Solutions US Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trigo Quality Solutions US Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures, responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trigo Quality Solutions US Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trigo Quality Solutions US Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Asset (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of Trigo Quality Solutions US Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete information.

General:

The Plan is a defined contribution profit sharing plan covering all eligible employees of Trigo Quality Solutions US Inc. Employees must be age 21 or older and must complete three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective January 1, 2021 to allow participants salary deferrals after 90 days of service, entering the plan the first of the month after completing 90 days of service. They still are eligible for a match and profit sharing after completing one year of service.

Contributions:

Each year, participants may contribute a dollar amount set by law of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make qualified nonelective contributions with a maximum up to 5% of eligible compensation and safe harbor matching contributions of 100% of the first 3% eligible participant compensation and 50% of the next 2% eligible compensation. The Company may make discretionary-nonelective contributions. The Company did not make any nonelective contributions in 2023.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant has the option of directing his/her account balance to one or more different investment funds offered by the Plan. Participants may change investment options at their discretion.

Participants transferring from the plans merged into the Plan in January 2021 became fully vested on their balances effective January 1, 2021.

Participants will automatically become 100% vested upon attainment of normal retirement age 65 or severance from employment due to disability or death.

See Independent Auditors' Report.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes Receivable from Participants:

Loans of participant's vested benefits, not to exceed \$50,000 or 50% of a participant's vested account balance and a minimum of \$1,000 are permitted. Loans are to carry a reasonable rate of interest and be repaid over a period not extending beyond five years from the date of the loan, unless the loan was for the purchase of a principle residence, in which case the loan must be repaid in 15 years. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payments of Benefits:

Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, can roll the amount over into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions.

Forfeited Accounts:

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$20,684 and \$23,857, respectively. Forfeitures of non-vested employer contributions are used to pay administrative expenses and to reduce future employer contributions. During 2023, \$33,039 in forfeitures were used to reduce the employer contribution.

Administrative expenses:

Most of the expenses incurred in administering the plan were paid directly by the plan sponsor.

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting:

The accounting records of the plan are maintained on the accrual basis of accounting.

TRIGO QUALITY SOLUTIONS US INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains or losses on investments bought or sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits:

Benefits are recorded when paid.

Administrative and Investment Fees:

Investment fees are paid from the Plan's assets. The employer pays the remaining Plan administration costs.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 3. Financial Data Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Under that section, no auditing procedures are required to be performed with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. The trustee has certified the completeness and accuracy of all investments, reported in the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022 and the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

The fair value of investments at December 31, 2023 as reported by the trustee is summarized as follows:

Mutual Funds	\$ 13,132,215
Money Market Fund	<u>350,635</u>
	<u>\$ 13,482,850</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term asset or liability.

See Independent Auditors' Report.

Note 4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing prices as reported by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued relates to the net asset value per share in the money market fund held by the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<i>Assets at Fair Value as of December 31, 2023</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,132,215	-	-	\$ 13,132,215
Money market funds	350,635	-	-	350,635
Total investments, at fair value	<u>\$ 13,482,850</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,482,850</u>

	<i>Assets at Fair Value as of December 31, 2022</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,590,006	-	-	\$ 10,590,006
Money market funds	154,207	-	-	154,207
Total investments, at fair value	<u>\$ 10,744,213</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,744,213</u>

NOTES TO FINANCIAL STATEMENTS

Note 5. Income Tax Status

The Plan is a defined contribution volume submitter profit-sharing plan with cash or deferred arrangement developed by Fidelity Management and Research Company. The volume submitter plan received a favorable opinion letter, dated June 30, 2020, for the Internal Revenue Service (IRS) stating the prototype plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Partnership contribution portion of their account.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 8. Party-In-Interest Transactions

Certain Plan investments were managed by the Trustee or affiliates of the Trustee throughout the year; therefore, these investment transactions qualify as party-in-interest transactions. The Plan's administrative expenses are paid in part by the Plan and in part by the Plan sponsor, as provided by the Plan document. Also, the Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets per the Form 5500 to net assets available for benefits per the financial statements as of December 31, 2023:

	2023	2022
Net assets available for benefits per the Form 5500	\$ 13,824,782	\$ 11,038,506
Employer contributions receivable	405	-
Participant contributions receivable	<u>685</u>	<u>-</u>
Net assets available for benefits per the financial statements	<u>\$ 13,825,872</u>	<u>\$ 11,038,506</u>

The following is a reconciliation of net assets per the Form 5500 to total contributions per the financial statements for the year ended December 31, 2023:

Changes in net assets available for benefits per Form 5500	\$ 2,786,276
Change in employer contributions receivable	405
Change in participant contributions receivable	<u>685</u>
Net increase in net assets available for benefits per the financial statements	<u>\$ 2,787,366</u>

Note 10. Subsequent Events

Plan management has evaluated subsequent events through October 11, 2024. This date is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 11. Revenue Recognition

Revenue is recognized when control of the promised services is transferred to the customer in an amount that reflects the consideration expected in exchange for those services. The Financial reporting Executive Committee ("FinREC") issued pending content guidance for the employee benefit plans. Per the FinREC guidance, the cash flows generated by the Plan would not be considered revenue from customers due to the unique relationships created through a multi-employer benefit plan. Therefore, the cash inflows do not meet the requirement to be reported as revenue under ASC 606. No changes in the reporting of revenue are necessary for the Plan.

There was no material impact to any of the line items within the Plan's Statement of Changes in Net Assets Available for Benefits or Statements of Net Assets Available for Benefits as a result of applying ASC 606 for the fiscal year Ended December 31, 2023.
