Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CROWE LLP**

(2) EIN: **35-0921680**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Schurz Communications, Inc. Retirement Plan
Mishawaka, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Schurz Communications, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of December 31, 2023, the statement of net assets available for benefits as of December 31, 2022 (ongoing), and the related statement of changes in net assets in liquidation for the year ended December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 (ongoing), and the statement of accumulated plan benefits as of December 31, 2022 (ongoing), and the related statement of changes in accumulated plan benefits for the year then ended (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter— Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan Sponsor's Board of Directors approved a plan of liquidation on December 15, 2023 and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2022 financial statements to the liquidation basis of accounting used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

(Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions as of December 31, 2023 and for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The following description of Schurz Communications, Inc. Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established effective September 25, 1942, amended and restated effective October 1, 2001. The Plan was amended effective August 22, 2006 to freeze the Plan to new entrants. Each eligible employee hired prior to August 23, 2006, shall become a participant in January or July immediately following their completion of eligibility requirements. Effective January 1, 2009, the Plan was frozen to future accruals for all participants with respect for service and compensation. The Plan is a noncontributory defined benefit pension plan covering substantially all employees of Schurz Communications, Inc. and the following wholly owned subsidiaries: Antietam Cable Television, Inc.; Associated Desert Newspapers, Inc.; South Bend Tribune Corporation; Hoosier Times, Inc.; The Herald-Mail Company (except employees of the Daily American Division); and Schurz Management, Inc. (individually and collectively referred to as "the Company" or "the Employer"). On February 1, 2019, Schurz Communications, Inc. divested of its Publishing subsidiaries. The Plan is administered by the Schurz Communications, Inc. Retirement Plan Administrative Committee (the "Committee"), which is appointed by the Board of Directors of Schurz Communications, Inc. KeyBank serve as trustees of the Plan, holds the Plan's assets, and distributes benefits as directed by the Committee. Independent investment advisors are hired by the Committee to invest the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Vesting and Benefits: Employees with five or more years of vesting service are entitled to annual pension benefits beginning at normal retirement age (65). An employee receives a year of vesting service upon completion of 12 or more months of service during an employment year. The employment year is a 12-month period beginning on the date the employee is first hired by the Company. Employee benefits are vested after five years of service or upon reaching retirement age while still an active employee. Annual pension benefits are determined using a formula that is based on (a) a percentage of the employee's average annual compensation during the 60 consecutive months in which he or she received the highest compensation; (b) integration level (the average monthly compensation in excess of the integration level); and (c) years of benefit service. Benefits begin on the first day of the month coinciding with or following retirement. The Plan permits early retirement if the employee is at least 55 years of age and has completed at least 15 years of vested service. The amount of benefit would equal the accrued retirement benefit at the date of normal retirement reduced by a percentage based on the age of the participant.

The Plan also has a disability benefit provision. To be eligible for disability benefits, the employee must be completely or partially disabled. The accrued retirement benefit due to total disability is payable commencing immediately without reduction for early commencement.

The accrued retirement benefit for partial disability is payable on a reduced basis after attainment of age 50.

The Plan offers normal and optional forms of benefit payments. Normal payment methods consist of a life annuity if the employee is single or a 50% joint and survivor annuity if the employee is married. Optional payment methods include a single life annuity, a life annuity with a five-year period certain, and a joint and survivor annuity. If the value of an employee's benefit is \$1,000 or less, the full amount is automatically paid in a single lump sum.

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION (Continued)

On April 21, 2016, and following the divestiture of the Broadcast subsidiaries, the Plan was amended to offer a temporary election period, conducted May 1, 2016 through May 31, 2016, during which certain participants were permitted to elect an immediate lump sum optional form of payment. Total disbursements for these optional lump sum payments were made on July 1, 2016, and were approximately \$3,500,000.

On March 30, 2019, and following the divestiture of the Publishing subsidiaries, the Plan was amended to offer a temporary election period, conducted April 1, 2019 through May 15, 2019, during which certain participants were permitted to elect an immediate lump sum optional form of payment. Total disbursements for these optional lump sum payments were made on August 1, 2019, and were approximately \$9,600,000.

Death Benefits: If an employee dies after benefits begin, payments will continue to the spouse or beneficiary if the employee (a) was receiving a joint and survivor annuity, or (b) had not received all of the payments from a life annuity with a five-year period certain. If the employee was receiving a single life annuity, no benefits would be paid after his or her death. If an employee dies before retirement benefits begin, the employee's spouse may be eligible to receive a qualified pre-retirement survivor annuity ("QPSA") if the employee had a vested benefit.

If an unmarried vested participant dies while employed by the Employer, a death benefit is payable to the participant's beneficiary. If an unmarried vested participant has terminated his or her employment and not yet commenced his or her retirement benefit as of their date of death, no death benefit is payable under the Plan.

Administrative Expenses: All costs and expenses with regard to the purchase, sale or transfer of investments or other assets, or other administrative expense, including insurance premiums paid to the Pension Benefit Guaranty Corporation ("PBGC"), are paid by the Plan.

Funding Policy: The Company has established a policy of contributing to the Plan an amount that falls between the minimum and maximum allowable contribution, as determined by the actuary for the Plan, and as set forth in Internal Revenue Service ("IRS") regulations. The normal maximum tax-deductible contribution is the amount equal to the normal cost plus the amount necessary to amortize over a 10-year term the unfunded accrued liability. The minimum contribution is equal to the normal cost plus an amount necessary to amortize over a 30-year term the initial unfunded liability for certain employees and a 5-year term amortization of actuarial experience bases plus interest. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2023 and 2022.

Termination of the Plan: On December 15, 2023 the Plan Sponsor's Board of Directors adopted a resolution directing the termination of the Plan and delegating authority to any officer to set the termination date and implement the Plan termination. As part of the Plan termination, a 45 day election period beginning June 14, 2024 and ending July 31, 2024 will be offered to certain eligible individuals that may elect a lump-sum option form of payment. The benefit commencement date for these payments is expected to be on or around November 1, 2024. Plan assets will be sold to fund participant payments. For any remaining participants with a benefit obligation remaining in the Plan, an annuity contract will be purchased using Plan assets. Remaining Plan assets are expected to be minimal and will be sold to pay Plan administrative expenses through the conclusion of the termination process.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements for the year ended December 31, 2022 are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Due to decision to termination the Plan, management determined that liquidation was imminent, as such the financial statements for the year ended December 31, 2023 are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America. The fair value of the Plan's investments have been determined to approximate liquidation values.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the liquidation basis for the year ended December 31, 2023 and recorded on the accrual basis for the year ended December 31, 2022. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Gain or loss on sales of securities is based on the specific cost identification method.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of the present value of accumulated plan benefits.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' average yearly compensation rate on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability or termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The actuarial present value of accumulated plan benefits as of December 31, 2022 was determined by the Plan's consulting actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. It is at least reasonably possible that the actuarial assumptions used to calculate accumulated plan benefits will change in the near term and that the effect of such change could be significant.

The significant actuarial assumptions as of December 31, 2022 are as follows:

Investment return 2022:	7.25% compounded annually
Mortality basis 2022:	Pri-2012 Employee White Collar Fully Generational Table using Scale MP-2021
Disability rate:	75% of the 1964 OASDI Table

Retirement Rates: Ages 60 to 70 for all employees as follows:

<u>Age</u>	<u>2023 Rate of Retirement</u>
60	5%
61	5
62	15
63	10
64	10
65	50
66	30

These actuarial assumptions are based on the presumption that the Plan will continue. As the Plan is terminating, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated plan benefits as of December 31, 2023. While a valuation as of December 31, 2023 has not yet been completed, the different actuarial assumptions and other factors are estimated to cause an increase in accumulated plan benefits between \$2,600,000 and \$3,700,000.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation(depreciation) in fair value of investments, and interest and dividends for the years then ended

was obtained by management and agreed to or derived from information certified as complete and accurate by KeyBank National Association.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following description of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Exchange Traded Funds: The fair values of exchange traded funds are based upon quoted market prices (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objectives and underlying investments of the funds vary, with some holding diversified portfolios of securities traded in foreign countries, common stocks of companies included in the S&P 500, short-term and/or medium-term corporate, government and government agency bonds, and others holding bonds and mutual funds. Each fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Commingled Pools: The fair values have been determined by Fidelity Institutional Asset Management based upon the reported net asset value per share as a practical expedient. The pools invest primarily in medium-term and long-term debt instruments of high credit quality. Each fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. In addition, there were no unfunded commitments as of December 31, 2023.

Real Estate Trusts: The fair values have been determined by IDR Investment Management based upon the reported net asset value per share as a practical expedient. The investment objective of the trust investments is to employ an indexing investment approach that seeks to track the NCREIF Fund Index – Open Ended Diversified Core Equity X (NFI-ODCE X) on a net-of-fee basis while minimizing tracking errors. The underlying investments are private real estate investment vehicles that comprise the NFI-ODCE X. The fund is subject to quarterly redemption restrictions with 90-day notice requirements. In addition, there were no unfunded commitments as of December 31, 2023.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Limited Partnership: The fair value has been determined by Proteus Capital based upon the reported net asset value per share as a practical expedient. The partnership invests primarily in private credit funds. The fund is subject to quarterly redemption restrictions with 90-day notice requirements. In addition, there were no unfunded commitments as of December 31, 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements (in Liquidation) at December 31, 2023 Using

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets.

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 6 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated October 27, 2016 that the Plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC) and that the trust established under the Plan is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 - TERMINATION PRIORITIES

As part of the Plan termination, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Amounts paid by the Plan to parties-in-interest included fees paid for investment management and actuarial services. Certain professional fees for the administration and audit of the Plan were paid by the Company. The Company pays certain administrative expenses on behalf of the Plan.

The Plan does have an investment in a Collective Trust Fund issued by a party-in-interest, KeyBank, in the amount of \$1,502,264.

NOTE 9 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through October 9, 2024 which is the date the financial statements were available to be issued. An amendment to the Plan was adopted on February 21, 2024 that set the Plan termination date as of April 1, 2024. On October 4, 2024, plan management purchased an annuity insurance policy from Midland National as part of the termination process. No additional contribution was required from the Plan Sponsor in relation to this purchase.

Disability	Rates are 75% of the 1964 OASDI Table.
2008 Covered Compensation	Age 66 for 2008 covered compensation rounded to the nearest \$3,000 is used for all employees. This limit is assumed to be \$54,000.
IRS Section 415(b) Limits	\$265,000 in 2023. This limit is not assumed to increase in the future.
Annual Compensation Limit	N/A
Marital Status	
Percentage Married	100%
Age Difference	Spouses are assumed to be the same age as the participant.
Changes Since Last Year	The discount rate used for funding purposes was changed from the Adjusted 24-Month Average Segment Rates for 2022 under ARPA to 2023 under ARPA.
	The administrative expense load was updated from \$340,000 in 2022 to \$820,000 in 2023.

B. Actuarial Methods for Funding Purposes

1. Actuarial Cost Method

The actuarial cost method is the Unit Credit Actuarial Cost Method.

Under the cost method, the actuarial accrued liability is defined as the present value of the accrued benefits on the valuation date. The unfunded actuarial accrued liability is the excess, if any, of the amount by which the accrued liability exceeds the actuarial value of plan assets.

The normal cost, determined on the valuation date, is the amount required to fund the benefit expected to be earned in the current year.

2. Asset Valuation Method

Smoothed value method. Under this method the Plan Assets are equal to the average of the fair market value of the valuation date and the adjusted fair market value on each of the preceding two valuation dates, but not less than 90% nor more than 110% of the Fair Value of Assets. The adjusted fair market value as of any preceding valuation date is equal to the fair market value as of such date increased for contributions reflected in the fair market value of assets on the current valuation that were not reflected in the fair market value of assets as such preceding valuation date, decreased for benefit payments and expenses reflected in the fair market value of assets on the current valuation that were not reflected in the fair market value of assets as of such preceding valuation date, and adjusted for expected earnings (not in excess of the third segment rate, with no phase-in, applicable to the corresponding valuation date).

2023 Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

C. Actuarial Assumptions Rationale

Valuation Interest Rates	The interest rate assumptions used are prescribed by IRC section 430(h) subject to specified elections by the plan sponsor.
Mortality	The mortality assumption used is prescribed by IRC section 430(h) subject to specified elections by the plan sponsor.
Administrative Expenses	This assumption is set based on the plan sponsor's historical experience and expectations for future expenses to be paid from the trust.
Retirement Rates	Retirement rates are set based on the plan sponsor's historical experience and future expectations with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.
Disability Rates	Disability rates are set based on the plan sponsor's historical experience and future expectations with periodic monitoring of observed gains and losses caused by disability patterns different than assumed.
Salary Scale	The salary scale assumption is no longer applicable as the Plan was frozen to future accruals for all participants effective December 31, 2008.
Withdrawal	Withdrawal rates are based on the Standard T-3 table for companies experiencing relatively lower turnover at all ages. They are the best estimate of experience for the future. PwC monitors gains and losses caused by withdrawal patterns different than assumed, which have not been significant.
Marital Status	Marital rates are set based on the plan sponsor's historical experience and future expectations. This assumption is not significant as optional forms are actuarially equivalent to the normal form.
