INDEPENDENT AUDITOR'S REPORT

October 9, 2024

To the Retirement Plan Oversight Committee of the
Elmira College Defined Contribution Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Elmira College Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and the Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELMIRA COLLEGE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following brief description of the Elmira College Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Elmira College (the College) who meet certain eligibility requirements. The Plan is administered by the Retirement Plan Oversight Committee appointed by the Board of Trustees of the College. Teachers Insurance and Annuity Association of America (TIAA) is the recordkeeper of the Plan's assets. TIAA and College Retirement Equities Fund (CREF) are the insurance companies and issuers of the annuity contracts of the Plan. TIAA, FSB was the directed custodian of the Plan through July 2023, at which time TIAA Trust, N.A. became the directed custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Prior to July 1, 2022, all employees, except student employees, were eligible to begin salary deferrals on the first day of the first payroll period that begins on or follows the date the employee first performs one hour of service for the College pursuant to a properly completed and valid salary deferral agreement entered into by the employee. Beginning on July 1, 2022 all employees, except, student employees, are eligible to begin salary deferrals after attainment of age 24 year.

Contributions

Active participants may make voluntary pre-tax contributions in the form of salary reductions and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). Effective July 1, 2022, the Plan was formally amended to include Adjunct faculty as eligible participants.

Effective July 1, 2022, provided that the participant made the required deferral of 5% of gross wages, the College made matching contributions to the Plan up to maximum amounts as follows:

Executive and Faculty

<u>Participant's Eligible Earnings and Age</u>	<u>College Contribution as a Percent of Eligible Earnings</u>
Age 24 and older, no minimum service requirement up to the Social Security Taxable Wage Base	10%

Administrative Staff

<u>Participant's Completed Years of Service and Age</u>	<u>College Contribution as a Percent of Eligible Earnings</u>
Less than one year of service	0%
Less than 10 years of service	5%
More than 10 years of service	10%

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Hourly Staff

<u>Participant's Completed Years of Service and Age</u>	<u>College Contribution as a Percent of Eligible Earnings</u>
Less than one year of service	0%
More than one year of service	5%

Prior to July 1, 2022, provided that the participant made the required deferral of 5% of gross wages and did not earn gross wages greater than \$120,000, the College made matching contributions to the Plan up to maximum amounts as follows:

Executive and Faculty

<u>Participant's Eligible Earnings and Age</u>	<u>College Contribution as a Percent of Eligible Earnings</u>
Age 24 and older, no minimum service requirement up to the Social Security Taxable Wage Base	10%

Administrative Staff

<u>Participant's Completed Years of Service and Age</u>	<u>College Contribution as a Percent of Eligible Earnings</u>
Less than one year of service and/or less than age 24	0%
Less than 10 years of service	5%
More than 10 years of service	10%

Hourly Staff

<u>Participant's Completed Years of Service and Age</u>	<u>College Contribution as a Percent of Eligible Earnings</u>
Less than one year of service and/or less than age 24	0%
More than one year of service	5%

If a participant is described in more than one of the above categories, the College shall contribute based on the greatest applicable percentage of eligible earnings.

Effective July 1, 2023, the Plan was amended to reinstitute the gross wages less than \$120,000 requirement.

Participant Accounts

Each participant's account is credited with the participant's contribution, the College's contributions, and an allocation of Plan earnings/losses on all contributions and an allocation of administrative expenses. Allocations of Plan earnings/losses and administrative expenses are based on participant account balances according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account balance, which includes voluntary contributions, College contributions and actual earnings/losses thereon.

1. DESCRIPTION OF PLAN (Continued)

Plan Loans

Plan loans are issued directly from the funds owned by TIAA and CREF and are not issued from a participant's account. Accordingly, these loans are not presented as part of the plan assets in the accompanying statements of net assets available for benefits. An adequate portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Interest rates on plan loans range from 5.02% to 5.28%. As of December 31, 2023 and 2022, total plan loans were \$8,245 and \$25,413 respectively. There were no plan loans in default.

Note Receivable from Participant

Participants may borrow from their account a minimum of \$1,000 up to a maximum loan equal to the lesser of \$50,000 or 50% of their vested account. A participant may not have more than three loans outstanding at any given time. The loan is secured by the balance in the participant's account and bears interest at a rate as defined by the Plan document. Loans must be repaid over a maximum term of 5 years for personal loans and 10 years for the purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Vested funds are paid to participants when they retire, incur a long-term disability, or terminate employment with the College. Voluntary contributions are available for payment at age 59½. Benefits may be paid in periodic installments over a period that is not greater than or equal to the life expectancy of the participant. Benefits are paid out in a single lump sum, partial payments, installment payments, or converted to annuity contracts at the option of the participant.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's account. All hardship withdrawals must comply with the Internal Revenue Service (IRS) rules relating to hardships, which are uniformly applicable to all participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are reported at fair value, except for fully-benefit responsive fixed annuity contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

The Plan utilizes Retirement Annuity (RA) contracts, which are included in the non-benefit responsive fixed annuity contracts in the statements of net assets available for benefits. TIAA maintains Plan contributions in separate accounts. Under RA contracts, withdrawals from the account must be spread over 10 annual installments. RA contracts are non-benefit responsive.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

The Plan has fully benefit-responsive contracts with TIAA. TIAA maintains Plan contributions in separate accounts. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by TIAA at a rate of interest of 1 to 3%.

Fair Value Measurement - Definition and Hierarchy

The Plan uses various valuation techniques in determining fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimate about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations are based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations are based on inputs that are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level (with 3 being the lowest) of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies: Registered investment companies include mutual funds and variable annuities, which are valued at the net asset value of shares held at year-end based on quoted market prices in active markets.

Pooled separate accounts: The fair values of pooled separate accounts are measured based upon net asset value published on a daily basis using the fair value of the fund's underlying assets.

Non-benefit responsive fixed annuity contracts: Value is calculated based on discounted cash flows using risk-adjusted discount rates.

There were no changes in valuation methodologies used during 2023 or 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note Receivable from Participant

Note receivable from participant is measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid by participants. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) in fair value of investments.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.
