INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of Hillspire, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Hillspire, LLC Retirement Savings Plan

Notes to the Financial Statements

1. Description of the Plan

Hillspire, LLC (Hillspire) established the Hillspire, LLC Retirement Savings Plan (the Plan), effective February 1, 2007 to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan provides retirement benefits to eligible employees of Hillspire and several of its affiliated entities (collectively, Hillspire Group). The following description of the Plan, as amended and restated October 15, 2023, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Hillspire is the Plan sponsor and Plan administrator. Employees of Hillspire serve as the Plan trustees. The Plan is administered by Hillspire employees who are responsible for selecting investment options offered under the Plan and monitoring investment performance. The Plan's investments are held in trust in an account with Fidelity Brokerage Services (Fidelity). Fidelity, the Plan's investment custodian, holds, invests and reinvests Plan assets in the interest and direction of the participants and their beneficiaries. Slavic Integrated Administration, Inc. (Slavic) serves as the Plan's record keeper. RVK, Inc. (RVK) serves as the Plan's investment advisor and assists the employees of Hillspire in selecting investment options offered under the Plan and monitoring investment performance.

On December 8, 2022, an affiliated entity, Convergent Research, LLC, created a separate employee benefit plan, the Convergent Research 401(k) Plan. Effective December 1, 2022, employees of Convergent Research, LLC became eligible to participate in the Convergent Research 401(k) Plan and were no longer eligible to participate in the Plan. In 2023, Plan assets of \$152,958 were transferred to the Convergent Research 401(k) Plan, representing balances of these participants.

Eligible Participants:

Eligible employees of the Hillspire Group, as defined by the Plan agreement, age 21 or older, may participate in the Plan on the first day of the month following or coinciding with their date of hire.

Hillspire, LLC Retirement Savings Plan

Notes to the Financial Statements

1. Description of the Plan (continued)

Contributions:

Participants are permitted to make voluntary pre-tax salary deferral and Roth after-tax contributions up to 80% of their annual compensation, as defined in the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Plan provides for automatic enrollment on the date participants become eligible for the Plan. The automatic salary deferral contribution for eligible participants is 2% of their compensation, unless the participants request a different amount to be contributed or formally decline participation. Participants may adjust their deferral rate or discontinue their contributions at any time.

The Plan requires the Hillspire Group to make employer matching contributions equal to 100% of a participant's salary deferral, up to 30% of their eligible compensation and a maximum of \$12,500 per year. Participants are eligible for matching contributions after completion of three months of service.

For matching contributions made, the Plan requires an annual true-up so the aggregate matching contributions made during any given Plan year reflects an amount equal to the matching contributions had they been computed based on participant year-to-date eligible compensation contributed to the Plan. As of December 31, 2023, the Plan recorded a true-up matching contribution receivable of \$53,967, which was remitted in 2024.

No other employer contributions are permitted under the Plan.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant contributions, employer contributions, rollovers and an allocation of the Plan's net earnings or losses. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant accounts.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Hillspire, LLC Retirement Savings Plan

Notes to the Financial Statements

1. Description of the Plan (continued)

Participant Accounts: (continued)

In addition, participants can choose to invest in and manage a broader range of investments through participant-managed Fidelity BrokerageLink accounts. Investment choices offered to participants in these self-directed BrokerageLink retirement accounts include most equity securities listed on major domestic stock exchanges, additional mutual funds and over-the-counter stocks, bonds and other fixed-income securities.

Vesting:

Participants are fully vested in their account balances.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance up to \$50,000 for a period not to exceed five years, except for notes used to purchase a primary residence for which terms of up to fifteen years are permitted. Participant notes are evidenced by a written note, secured by the balance in the participant account, and bear interest rate commensurate with local prevailing rates, as determined reasonable by the Plan administrator. The interest rate on notes outstanding as of December 31, 2023 range from 4.25% to 9.50%. Repayment of principal and interest is generally made through payroll deductions.

Payment of Benefits:

Upon termination of service for any reason, participants may elect to receive an amount equal to the value of their account balances paid in a lump sum cash payment and an in-kind distribution of the BrokerageLink accounts. The Plan may elect to distribute terminated participant account balances without participant consent if the balances are less than \$5,001. However, account balances greater than \$1,000 distributed without participant consent and before the participant normal retirement age, as defined by the Plan agreement, are automatically rolled over to individual retirement accounts on behalf of the participants. Benefits are recorded when paid.

Hillspire, LLC Retirement Savings Plan

Notes to the Financial Statements

1. Description of the Plan (continued)

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. The fees related to certain advisory services, as well as certain investment, account maintenance and note fees, are paid by the Plan and charged to participant accounts. All other administrative expenses related to the Plan are paid by the Hillspire Group and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Hillspire Group has the right under the Plan to discontinue employer contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Hillspire, LLC Retirement Savings Plan

Notes to the Financial Statements

2. Summary of Significant Accounting Policies (continued)

Investments:

Investments consist of mutual funds, money market funds, and the participant-managed retirement accounts. These investments are reported at fair value and accounted for as follows:

Mutual Funds and Money Market Funds: These funds are valued at the net asset value of shares held by the Plan at year end based on quoted prices in active markets.

Participant-Managed Retirement Accounts: The participant-managed Fidelity BrokerageLink retirement accounts may consist of shares in various interest-bearing cash accounts, mutual funds, money market funds, over-the-counter equity securities, bonds and other fixed-income securities that are valued based on quoted prices in active markets.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's investments are classified as Level I within the fair value hierarchy as of December 31, 2023 and 2022.

Notes to the Financial Statements

2. Summary of Significant Accounting Policies (continued)

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on the Plan's investments bought, sold or held during the year.

3. Party-In-Interest Transactions

Plan investments held in Fidelity BrokerageLink accounts and a money market fund offered by Fidelity as of December 31, 2023 and 2022 are managed by Fidelity. As Fidelity is the investment custodian, purchases and sales of these investments by the Plan qualify as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. Income Tax Status

The Plan is a pre-approved plan offered by Slavic. The Internal Revenue Service (IRS) has determined and informed Slavic by a letter dated June 30, 2020, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan and the Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize an income tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan and has concluded, as of December 31, 2023, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Notes to the Financial Statements

5. Nonexempt Prohibited Transactions

In 2023, the Company did not remit participant contributions and note repayments totaling \$236,658 timely, as required by the Department of Labor (DOL). The Company intends to contribute lost earnings in 2024 to correct the nonexempt prohibited transactions.

The DOL considers these late remittances to be nonexempt prohibited transactions with the Company that would jeopardize the Plan's tax-exempt status.

6. Subsequent Events

Subsequent events have been evaluated through October 14, 2024, which is the date the financial statements were approved by the Plan and available to be issued.
