Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the NFI 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section –

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and

Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2022 Financial Statements

Plan management is responsible for the accompanying 2022 financial statements of the Plan, which comprises the statement of net assets available for benefits as of December 31, 2022, and the related notes to the financial statements. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2022 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2022 financial statements.

NFI 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions – Participants may elect to contribute a specific percentage or dollar amount of their annual compensation as a pre-tax or Roth contribution, up to 100% of compensation, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

The Plan Sponsor may make discretionary non-elective contributions to eligible participants. For the year ended December 31, 2023, the Plan Sponsor did not make any discretionary contributions.

The Plan Sponsor makes safe-harbor matching contributions equal to 100% of the participant's deferrals that are not in excess of 3% of the participants compensation plus 50% of the participant's deferrals that exceed 3% of the participants compensation but that do not exceed 5% of the participants compensation.

Participant Accounts – Individual accounts are participant-directed and are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and each participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions, Plan Sponsor safe-harbor contributions, and actual earnings thereon. Participants vest in Plan Sponsor discretionary non-elective contributions and actual earnings thereon at the rate of 20% per year after two years of service and become fully vested after six years.

Notes Receivable from Participants – Participants may borrow a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have only one loan outstanding at a time and the minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case extended repayment terms up to 10 years are available. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan agreement.

NFI 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits – Upon termination of employment, retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan allows for in-service distributions for participants older than age 59 ½. With regards to hardship withdrawals, a participant may elect financial hardship withdrawals for qualifying expenses before age 59 ½ while employed by the Plan Sponsor.

Forfeitures – Forfeitures from non-vested Plan Sponsor contributions may be used to reduce Plan expenses or to reduce Plan Sponsor contributions. Forfeitures available for use amounted to \$2,727 at December 31, 2023. There were no forfeitures available for use at December 31, 2022.

Forfeitures of \$17,929 were used to reduce employer contributions during 2023.

Plan Termination – Although it has not expressed intent to do so, the Plan Administrator has the right to terminate the plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Income Taxes – The Plan Sponsor has adopted the CCH Incorporated Basic Plan Document #01. CCH Incorporated obtained a letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the Plan document satisfies the applicable provisions of the Internal Revenue Code (the “Code”). Although the Plan has been amended since the preapproved plan received the determination letter, the Plan Administrator and the Plan’s tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting in accordance with GAAP.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value, as determined by Transamerica Financial Life Insurance Company (“Transamerica” or the “Custodian”). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NFI 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized net appreciation or depreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor, or paid by applying the forfeiture balance of the Plan. Expenses relating to investment activity are paid by the Plan.

Payment of Benefits – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, that are exempt from the prohibited transaction rules. Fees paid to the Custodian for custodial and investment management services for the year ended December 31, 2023 totaled \$44,282.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated the effects of all subsequent events, for recognition or disclosure, through October 10, 2024, the date the accompanying financial statements were available to be issued, and determined that no additional recognition or disclosure was required.

NFI 401(k) Plan

Notes to Financial Statements (continued)

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the investments and participant loans included in the accompanying financial statements and supplementary information are complete and accurate at December 31, 2023 and 2022.

The Custodian also certified interest and dividend income totaling \$216,733, net appreciation in fair value of investments of \$565,163, and interest earned on notes receivable from participants of \$10,127 for the year ended December 31, 2023.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2023 and 2022.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

4. Fair Value Measurements (continued)

Mutual Funds – Shares of mutual funds are valued at quoted market prices of shares held by the Plan at year-end.

Collective Investment Fund (“CIF”) – The CIF is valued daily at net asset value (“NAV”) based on the market value of the underlying assets. NAV is determined by dividing the fair value of the CIF’s net assets by the total number of units owned. The CIF invests in assets (typically fixed-income securities or bond funds and may included derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. Fidelity seeks to minimize the exposure of the CIF to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. The CIF’s ability to receive amounts due pursuant to these contracts is dependent on the issuer’s ability to meet their financial obligations.

There were no unfunded commitments on the CIF as of December 31, 2023. Participant level transactions take place daily while plan level liquidations require notice to Fidelity prior to processing the transaction.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023 and 2022:

	2023	(Unaudited) 2022
Level 1		
Mutual funds	\$ 9,374,609	\$ 547,311
Level 2		
Collective investment fund	62,948	0
	\$ 9,437,557	\$ 547,311

5. Investment Contract

The Plan has entered into a fully benefit-responsive investment contract (the “Contract”) with Transamerica, referred to as the Transamerica Stable Value Core Account. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on capital market developments, the performance of the separate account assets backing the contract, and the expected and actual contributions and withdrawals of all of the plans participating in the contract. There is no stated minimum or maximum interest rate for the Contract. Such interest rates are reviewed quarterly for resetting.

Certain events limit the ability of the Plan to transact at Contract value with the Contract issuer. Such events include the following: 1) amendments to the Plan documents including complete or partial Plan termination or merger with another plan; 2) premature termination of the Contract; 3) changes to the Plan’s prohibition on competing investment options; 4) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan’s normal operations; 5) the failure of Transamerica to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.
