Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Shook, Hardy & Bacon 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Shook, Hardy & Bacon 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of Shook, Hardy & Bacon 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to *Note 2* to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shook, Hardy & Bacon 401(k) Profit Sharing Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shook, Hardy & Bacon 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shook, Hardy & Bacon 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Qualified Retirement Plans Review Committee
Shook, Hardy & Bacon
401(k) Profit Sharing Plan

- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of Shook, Hardy & Bacon 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document and the *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is a defined contribution plan sponsored by Shook, Hardy & Bacon L.L.P. (the Company) for the benefit of its partners and employees who are not an excluded partner or employee as defined by the Plan Document. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Transamerica Retirement Solutions, LLC ("Transamerica") is the recordkeeper of the Plan. State Street Bank and Trust Company and Transamerica Trust Company (formally known as Massachusetts Fidelity Trust Company) serve as custodians and trustees of the Plan (individually or collectively referred to as "Trustee").

Effective January 1, 2022, the Plan adopted a new nonstandardized plan document to accommodate the merging of the affiliated plans (the Shook, Hardy & Bacon New Employee 401(k) Plan and the Shook, Hardy & Bacon Money Purchase Pension Plan). The Plan provisions that changed from the January 30, 2014 plan document include a discontinuation of the safe harbor feature, the removal of employer contributions for associate employees hired on or after January 1, 2022, an addition to allow employer discretionary contributions, and an addition to allow participants to borrow from their account balances in the form of notes receivables.

Eligibility

Each partner and employee will become a participant in the Plan on the first day of plan entry date after being employed. Subject to certain hours requirements, non excluded partners and employees become eligible for nonelective contributions after completing one year of service. All participants are fully vested in the value of their 401(k) account balances upon entry into the Plan. Entry to the Plan for nonelective contributions is the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date the requirements are met.

Contributions

The Plan permits eligible partners and employees through a salary deferral election to have the Company make annual contributions of up to 70% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. On behalf of eligible partners and employees, the Company contributes a nonelective amount. The Company nonelective contribution is discretionary and approved by the Board. Contributions are subject to certain limitations.

As disclosed above, effective January 1, 2022, the Plan was amended to discontinue the safe harbor provisions. Previously, the Plan had a safe harbor nonelective contribution provision whereby the Company would make contributions equal to 3% of a participant's eligible compensation. Historically, the Company satisfied the safe harbor contribution in an affiliate plan after an eligible partner or employee had become a participant in that plan. In the event a participant was not eligible to participate in the affiliate plan, the safe harbor contribution requirement was satisfied in the Plan. In 2022, the Company made its final required safe harbor contribution, together with its final required contribution under the former Money Purchase Pension Plan in the aggregate amount of \$851,126, representing the required contribution relating to the 2021 plan year.

Shook, Hardy & Bacon 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Company makes certain nonelective contributions. These contributions are discretionary in nature. Effective January 1, 2022, employees with the title "Associate" hired on or after January 1, 2022 are not eligible for nonelective contributions. Effective January 1, 2023, the approved nonelective contribution was equal to 7.5% for eligible employees with two years of service or more, 5% for eligible employees with more than one year of service but less than two years of service. For wages earned in excess of \$147,000, 13.2% for eligible employees with two or more years of service. For partners, contributions are made based on compensation categories. A maximum \$33,500 nonelective contribution was made, and for equity partners an additional maximum contribution of \$10,000 was made on their behalf. In 2023 and 2022, \$15,329,696 and \$14,141,689 of nonelective discretionary contributions were made to the Plan, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Participant Investment Account Options

Investment account options available include various mutual funds and money market funds. Each participant has the option of directing his/her contributions into any of the separate investment accounts and may change the allocation daily. A participant may also direct the custodian to purchase or sell investments other than the plan offerings. These accounts are referred to as Self-Directed Accounts (SDAs) or Personal Choice Retirement Accounts (PCRA's).

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 10%.

Vesting

Participants are immediately vested in all contributions made to the Plan plus earnings thereon.

Notes Receivable from Participants

Effective January 1, 2022, the Plan Document was amended to include provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have two outstanding loans at any time. All loans are covered by demand notes and are repayable over a period not to exceed five years through payroll withholdings unless the participant is paying the loan in full. Interest on the loans will be two percentage points over the prime interest rate.

Payment of Benefits

A participant's interest in the Plan becomes distributable upon his/her termination of employment due to death, retirement, resignation or dismissal, or at such time as the Plan is terminated. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his/her account, installment payments over a specified period of time or a joint and survivor annuity. Terminated participants with an account balance from \$1,000 to \$5,000 are given the option of rolling their account into an Individual Retirement Account (IRA) or taking a lump-sum distribution. A participant who has terminated employment and attained the normal retirement age, as defined by the Plan Document, may receive a distribution of any portion of their account balance. If the participant fails to choose an option by the date specified in the notification, his or her account is automatically rolled into an IRA designated by the Administrator. Participants with an account balance less than \$1,000 are also given written notification of their options; failure to reply to this notice, results in an automatic lump-sum distribution.

Shook, Hardy & Bacon 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Additionally, the Plan allows for withdrawals to be made from a participant's account once he/she reaches age 59½ or is able to demonstrate financial hardship. A participant's approved request for withdrawal may be for all or a portion of his/her account balance. The Plan was amended subsequent to year-end to modify the provisions of the Plan related to hardship withdrawals. The amendment allows for a hardship withdrawal to include earnings on a participant's elective deferrals (effective as of January 1, 2019).

Note 2. Summary of Significant Accounting Policies

Modified Cash Basis

The Plan's policy is to prepare its financial statements on a modified cash basis of accounting, consequently, certain income is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Financial statements prepared on an accrual basis would include accrued income and expenses.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the published net asset value (NAV) of shares held by the Plan at year end. Common stocks and index funds held in the SDAs and PCRAs are valued at the closing price reported on the active market on which the individual securities are listed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3. Certification of Plan Trustees and Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company and Transamerica Trust Company (formerly known as Massachusetts Fidelity Trust Company), qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2023 and 2022.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) (modified cash basis) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or partners or employees of the Plan, any person who provides services to the Plan, an employer whose partners and employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan paid \$362,185 and \$331,590 of recordkeeping, broker and investment management fees to Transamerica, and other service providers, during 2023 and 2022, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- | | |
|----------------|---|
| Level 1 | Quoted prices in active markets for identical assets or liabilities |
| Level 2 | Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities |
| Level 3 | Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities |

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits (modified cash basis) measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

December 31, 2023				
Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market	\$ 25,684,834	\$ 25,684,834	\$ -	\$ -
Mutual funds	496,964,331	496,964,331	-	-

Investments at fair value	<u>\$ 585,374,375</u>	<u>\$ 584,081,367</u>	<u>\$ 1,293,008</u>	<u>\$ -</u>

December 31, 2022				
Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market	\$ 25,588,577	\$ 25,588,577	\$ -	\$ -
Mutual funds	413,581,113	413,581,113	-	-
Self-directed accounts	12,120,221	11,335,030	785,191	-
Personal choice retirement accounts	41,930,873	41,930,873	-	-
Investments at fair value	<u>\$ 493,220,784</u>	<u>\$ 492,435,593</u>	<u>\$ 785,191</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits (modified cash basis), as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Self-directed brokerage accounts and personal choice retirement accounts consist primarily of investments in common stock, mutual funds, index funds and money market accounts. These investments are valued on the basis of readily determinable market prices. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 7. Plan Tax Status

Effective January 1, 2022, the Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Ascensus, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Note 9. Subsequent Events

Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan executed a SECURE 2.0 Election Form in accordance with the SECURE 2.0 Act of 2022 to increase the cash-out threshold from \$5,000 to \$7,000.
