INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Committee
Distribution Alternatives Retirement Savings Plan
Lino Lakes, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Distribution Alternatives Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H Item 4i Schedule of Assets Held at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan:

The following description of the Distribution Alternatives Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The original Plan was established on January 1, 1988. The Plan is a defined contribution plan covering all full-time employees of Distribution Alternatives, Inc., who are age 21 or older and have completed three consecutive months with at least 384 hours of service. If an employee does not complete the stated hours of service during the time period, the employee is subject to the one year of service with 1,000 hours requirement. The Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and includes salary deferral contributions permitted under Section 401(k) of the Internal Revenue Code (IRC).

The Plan was amended effective January 1, 2023, to remove certain exclusions from eligible pay, which were in effect during 2022. Subsequent to year end, the Plan was amended effective January 1, 2024 to cover part-time and seasonal employees and reduce the service requirement to 3 months of elapsed time.

In 2020, the United States passed the Coronavirus Aid, Relief, and Economic Security Act, (the CARES Act) which provided retirement plans the option to allow COVID-19 related distributions, increase loan amounts and waive 2020 required minimum distribution. In 2020, the Plan chose to adopt these CARES Act provisions without amendment. The Plan has until December 31, 2025 to reflect this in a plan amendment.

Contributions:

The Plan permits employees to voluntarily defer 1% to 50% of their pay as a pre-tax or Roth after-tax employee contribution up to the maximum prescribed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The employer, at its discretion, may make contributions to the Plan on behalf of all eligible employees. The employer's contributions are based on 30% of the amount contributed by the employees up to 6% of their eligible compensation for the years ended December 31, 2023 and 2022.

Additionally, the employer, at its discretion, may make profit sharing contributions to the Plan on behalf of all eligible employees who have worked 1,000 hours and are employed on the last day of the Plan year. No profit sharing contributions were made in 2023 and 2022.

Once an employee is eligible, 3% of the employees' compensation is automatically withheld and contributed to the Plan unless they decline to participate.

YEARS ENDED DECEMBER 31, 2023 AND 2022

1. Description of Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contribution and an allocation of both the employer's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Employee and employer contributions plus actual earnings thereon are always 100% vested to the participant.

Normal retirement:

Normal retirement is at age 65, at which time the participant will be entitled to receive 100% of the amount in their account.

Death and disability benefits:

A participant's beneficiary is entitled to 100% of the amount in the participant's account in the event of the participant's death. In case of disability, the participant would receive the benefit.

Participant loans:

Loans to participants are permitted at the discretion of the Plan Administrator. Participants may borrow from a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The maximum number of Plan loans that participants may have outstanding is one. Loans are secured by the balance in the participant's account. The interest rate for participant loans is prime plus 1% and at December 31, 2023 and 2022 the interest rate was 9.50% and 8.50% respectively, with terms not to exceed 5 years unless the purpose is to acquire a principal residence in which case the term cannot exceed 30 years. Actual rates for outstanding loans range from 4.25% to 9.50% at December 31, 2023. Principal and interest is paid ratably through weekly payroll deductions.

2. Summary of significant accounting policies:

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are automatically reinvested into the mutual fund from which they were distributed and recorded on the ex-dividend date.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains/losses as net investment income reported in the accompanying statement of changes in net assets available for benefits.

YEARS ENDED DECEMBER 31, 2023 AND 2022

2. Summary of significant accounting policies (continued):

Administrative fees:

Fees for the Plan's administration may be charged to the Plan unless paid for by the employer. In 2023 and 2022, plan administrative fees were paid by the employer, except for \$13,273 and \$11,696, respectively of loan and distribution fees paid by the Plan.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan has entered into a revenue sharing agreement with their investment advisor. The amount of revenue earned by the Plan was netted with administrative expenses and was \$4,923 and \$5,822 for the years ended December 31, 2023 and 2022, respectively.

Use of estimates and basis of accounting:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Notes receivable from participants:

Participant loans are classified as notes receivable from participants, which are segregated from plan investments.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If participants fail to make payments when they are due under the terms of the loan, the loan is considered to be in default. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Concentrations:

At December 31, 2023 and 2022, approximately 57% and 59%, respectively, of investments were held in two funds.

Subsequent events:

Plan management has evaluated for subsequent events through October 11, 2024, the date the financial statements were available for issuance.

3. Information certified by Reliance Trust Company:

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022 and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-08 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 8,090,753	\$ 7,029,959
Notes receivable from participants	339,706	211,851

Reliance Trust Company also certified to the completeness and accuracy of the following for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Investment income (loss):		
Interest and dividends, mutual funds	\$ 274,588	\$ 260,720
Common and collective trust interest	35,145	21,685
Net appreciation (depreciation) in fair value of investments	549,345	(1,274,014)
Interest income on notes receivable from participants	16,542	9,650

4. Fair value measurements:

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value utilizing a hierarchy that prioritizes the valuation inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust - Measured at fair value using NAV per share as a practical expedient for the shares held by the Plan at year end. The NAV is determined in accordance with a valuation methodology adopted by the collective trust's trustee.

YEARS ENDED DECEMBER 31, 2023 AND 2022

4. Fair value measurements (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of further fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as measured on a recurring basis, as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Investments, measured at fair value, mutual funds	\$ 6,639,326	\$ -	\$ -	\$ 6,639,326
Investments, measured at NAV, common collective trust				1,451,427
				<u>\$ 8,090,753</u>
	2022			
	Level 1	Level 2	Level 3	Total
Investments, measured at fair value, mutual funds	\$ 5,550,969	\$ -	\$ -	\$ 5,550,969
Investments, measured at NAV, common collective trust				1,478,990
				<u>\$ 7,029,959</u>

5. Common collective trust:

The Plan invests in the Invesco Stable Value Retirement Fund (the Fund) in the Invesco Stable Value Retirement Trust (the Trust), a common collective trust, which is a direct filing entity. The Trust does not have a finite life, unfunded commitments or significant restrictions on redemptions. While there is no redemption notice period for the Fund, withdrawals from the Trust may only be made upon a 24 month advance written notice of intent to redeem.

6. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax status:

Effective May 1, 2022, the Plan document was restated for regulatory changes. The Plan document provider obtained its opinion letter dated October 6, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Prior to May 1, 2022 the Plan operated under a prototype plan and its provider obtained a prototype opinion letter dated July 16, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The Plan Administrator believes the Plan used by the Company is designed and operating in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management evaluated the Plan's tax positions and concluded the Plan had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Parties-in-interest:

As described in Notes 2 and 3, the Plan utilizes service providers. Such parties are parties-in-interest under ERISA.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
