With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Gifford Health Care, Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gifford Health Care, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules of asset (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Gifford Health Care, Inc. 403(b) Retirement Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GIFFORD HEALTH CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of Gifford Health Care, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Gifford Health Care, Inc. (GHC) for the benefit of its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF) (the custodian) are the recordkeeper and custodian of the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and GHC's discretionary matching and nonelective contributions plus earnings thereon.

Contributions

The Plan permits eligible employees through a salary deferral election to have GHC make annual contributions of up to the maximum allowed by the Internal Revenue Code (IRC). Employee rollovers are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service. Contributions are subject to certain limitations.

GHC makes matching contributions equal to 100% of participants' deferrals to the Plan excluding employee catch-up contributions, up to a maximum of 1% of compensation, calculated each pay period. Employees who normally work less than twenty hours a week are not eligible for the matching contribution. An employee must be over the age of 21 and complete one year of service to receive matching contributions.

GHC may make discretionary contributions which are determined annually and allocated to each participant on a prorated allocation basis or as an equal dollar amount for each participant. In order to receive the employer discretionary contributions, the participant must work more than 1,000 service hours during a plan year or be employed on the last plan day of the year, be over the age of 21 and complete one year of service. For 2023, GHC made a fixed contribution of 4% of each participant's plan compensation.

GIFFORD HEALTH CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation. The Plan also includes an automatic deferral increase provision, which will automatically increase participant deferrals by 1% each year, not to exceed 10% of the participants' eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and GHC's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, reduced by the excess, if any, of the highest total outstanding balance of all such notes for the one-year period ending on the day before the date the note is made, over the outstanding balance of loans from all such qualified employer plans on the date the note is made. The notes are secured by the balance in the participant's account. All notes are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of principal residence). The loan interest rate will be based on reasonable rates charged by persons in the business of lending money for loans under similar circumstances.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Payment of Benefits

On termination of employment due to death, disability, or retirement a participant may elect to receive a lump-sum amount, systematic withdrawals (installments) or an annuity equal to the vested value of their account. If the account balance is less than \$1,000, the entire vested account balance will be payable to the participant or their beneficiaries in a single lump sum payment. Balances greater than \$1,000 but less than \$5,000 are to be rolled over to an individual retirement account as designated by the Plan, absent an election by the participant. Participant balances in excess of \$5,000 can remain in the Plan until such time the participant elects to receive a distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the nonbenefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by GHC or the Plan, at GHC's discretion.

Subsequent Events

Subsequent events have been evaluated through October 2, 2024, which is the date the financial statements were available to be issued.

3. Information Prepared and Certified by Custodian

The investments, investment transactions, net appreciation in fair value of investments, notes receivable from participants and interest and dividends were obtained by management and agreed to or derived from the information certified by TIAA and CREF, the custodian, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Note 5 in the Notes to Financial Statements
- Schedule H, line 4i – Schedule of Assets (Held at End of Year)

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Mutual funds: Valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments, including matrix pricing based on quoted prices for similar assets in active markets.

GIFFORD HEALTH CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

All of the Plan's investments, at fair value, are held in mutual funds and are Level 1 investments with fair values of \$57,314,356 and \$46,945,218 as of December 31, 2023 and 2022, respectively.

5. Guaranteed Annuity Accounts

Investments in the TIAA Traditional Annuity and TIAA Stable Value are in guaranteed annuity accounts. Contributions to these investments buy contractual or guaranteed amounts of future benefits for the participant. Interest credited to the investments includes a guaranteed rate plus additional amounts established on a year-by-year basis. The contracts are included in the financial statements at contract value as reported to the Plan by the custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investments provide for nonbenefit-responsive contracts. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The nonbenefit-responsive contracts do not allow for lump sum withdrawals. In addition, participant initiated transfers may only be made in ten annual installments. Due to these liquidity restrictions, the contracts are non-benefit responsive.

6. Party-in-Interest Transactions

Certain Plan investments are managed by the custodians; therefore, these transactions qualify as party-in-interest transactions. The administration fees paid by the Plan for 2023 were \$3,517 and qualify as party-in-interest transactions as they are related to recordkeeper and custodian fees incurred by the Plan.

The plan sponsor pays certain accounting and auditing fees relating to the Plan and provides certain administrative services at no cost to the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, GHC has the right under the Plan to no longer allow contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Income Tax Status

The Company has adopted the VALIC Volume Submitter 403(b) Plan, which received a favorable advisory letter dated April 5, 2018, from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the advisory letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.
