Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BENNETT THRASHER**

(2) EIN: **58-1673613**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator of
Institute of Nuclear Power Operations
401k Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Institute of Nuclear Power Operations 401k Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Institute of Nuclear Power Operations 401k Retirement Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of Institute of Nuclear Power Operations 401k Retirement Savings Plan (the Plan) provides only general information. The summary plan description and plan document contain a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1984, covering substantially all employees of Institute of Nuclear Power Operations (the Plan Sponsor or INPO), other than employees covered by a collective bargaining agreement, nonresident aliens with no United States source income, and leased employees. Employees are eligible to participate in the Plan beginning on their employment commencement date. Employees are automatically enrolled in the Plan with a deferral rate equal to 6% of employee compensation, unless the employee makes an affirmative election not to participate in the Plan. Additionally, any employee who is actively contributing to the Plan at a rate of less than 15% as of April 1 of the Plan year is subject to a 1% increase in their deferral rate, unless an affirmative election is made not to participate in the escalating scale.

The Plan is subject to the provisions of Sections 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. It is also subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The INPO Investment and Administrative Committee serves as the Plan Administrator. The INPO Investment and Administrative Committee, or their delegate, has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits.

The Plan Administrator engaged Charles Schwab Bank (Charles Schwab or the Trustee) to serve as the Trustee of the Plan pursuant to the plan document. The Trustee administers the Plan's assets (the trust) together with income derived from the assets. Investment transactions are initiated and approved by the INPO Investment and Administrative Committee, or their delegate, and executed and accounted for by the Trustee.

Contributions

Participants may make pretax, after-tax, and Roth contributions to the Plan between 1% and 50% of their annual compensation, subject to limitations under the IRC. Participants age fifty and older are also allowed to make catch-up contributions.

INPO provided a matching contribution equal to 100% of each participant's contribution up to a maximum of 6% of compensation during 2023 and 2022.

In addition, INPO provides a supplemental employer contribution on behalf of each participant hired or rehired on or after January 1, 2007, equal to the percentage of the participant's compensation for the year determined as follows:

Participant's Age plus Years of Contribution Service as of December 31:	Percent of Year Compensation
34 or less	4%
More than 34 but equal to or less than 49	5%
More than 49 but less than 65	6%
65 or more	7%

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by INPO. These expenses include, but are not limited to legal, accounting and recordkeeping fees, and investment expenses. For administrative expenses not paid by INPO, a proportionate share of the expenses paid by the Plan may be charged to each participant's account.

Participant Accounts

Each participant account is credited with pretax, after-tax, Roth, and rollover contributions made by the participant, Plan Sponsor matching and supplemental contributions, and plan earnings. Earnings, expenses, and gains and losses on investments are allocated to participant accounts daily based on participant account balances, as defined in the plan document.

Vesting

Participants are fully vested in their contributions and earnings thereon.

Participants who perform an hour of service are always fully vested with regard to the employer matching contributions and supplemental employer contributions.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% (totaling 100%) among various investment options selected by the trustee or into a self-directed brokerage account through which participants are able to invest in a variety of securities, including common stock, unit investment trusts, and mutual funds, among other options.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the twelve months immediately preceding the new loan, or 50% of their vested account balances. Notes receivable from participants are limited to one outstanding note receivable at a time, secured by the participant's account balance and payable in equal monthly payments over a period not to exceed five years. The interest rate on a participant's note receivable is determined by the Plan Administrator based on prevailing interest rates at the time of the note receivable. In general, notes receivable from participants are due and payable in full if a participant terminates employment for any reason, if the employer concludes the participant is no longer a good credit risk, or if the participant's obligation to repay the note receivable has been discharged through a legal process that did not actually result in payment in full.

Benefits Paid to Participants

In general, a participant may withdraw up to 100% of the vested account balance, excluding certain earnings on pretax contributions, in the event of a participant's heavy and immediate financial hardship, as defined in the plan document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant.

The Plan Administrator may be required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The Plan Administrator must honor, upon approval, a qualified domestic relations order (QDRO). If a QDRO is received by the Plan Administrator, all or a portion of the participant's account balance may be used to satisfy the obligation.

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching age fifty-nine and one-half. In-service withdrawals of all or a portion of a participant's rollover account balance may be made at any time, as defined by the plan document.

Upon normal retirement, early retirement after reaching age fifty-five with five years of service, disability, or death, a participant or beneficiary may receive the value of the account through a lump sum distribution, installments, or annuities.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, may receive the value of their vested account balance by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the plan document, is greater than \$1,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. However, regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Nonvested account balances of terminated employees are forfeited upon the twelve-month anniversary of the participant's employment termination date, provided such participant is not reemployed as an employee on such allocation date. Forfeitures are applied, at the discretion of the INPO Investment and Administrative Committee, against INPO's obligation to make Plan Sponsor matching contributions and supplemental contributions or to pay plan expenses. Forfeitures totaled \$3,908 and \$58,153 as of December 31, 2023 and 2022, respectively. During 2023, forfeitures totaling approximately \$74,000 were used to reduce Plan Sponsor contributions.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risk and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan also has an indirect investment in a fully benefit-responsive commingled investment fund. This investment is reported at fair value, which approximates contract value. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transaction in those assets included in the accompanying financial statements and supplemental information and as outlined below as of December 31, 2023 and 2022, and for the year ended December 31, 2023, was derived from information certified as complete and accurate by the Trustee in accordance with DOL regulations. As permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental information:

	2023	2022
Statements of net assets available for benefits:		
Investments, at fair value	\$ 122,374,498	\$ 106,855,609
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 12,625,249	
Dividends and investment-related interest	3,409,492	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds - valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts - primarily consist of mutual funds, unit investment trusts and common and preferred stocks that are valued at the daily closing price reported on the active market on which the individual securities are traded.

Commingled investment fund - solely comprised of a stable value fund, which is privately managed by the Trustee, and is not publicly quoted. The fund is valued by the Trustee at net asset value (NAV) which is based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. The Plan has concluded that the NAV reported by the Trustee is used as a practical expedient to approximate the fair value of the investment. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant-directed transactions (purchases and sales) have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. There are currently no unfunded commitments on this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 99,023,268	\$ -	\$ -	\$ 99,023,268
Self-directed brokerage accounts	10,346,788	-	-	10,346,788
	109,370,056	-	-	109,370,056
Commingled investment fund (a)	-	-	-	13,004,442
Investments at fair value	\$ 109,370,056	\$ -	\$ -	\$ 122,374,498

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 86,351,812	\$ -	\$ -	\$ 86,351,812
Self-directed brokerage accounts	8,745,474	-	-	8,745,474
	95,097,286	-	-	95,097,286
Commingled investment fund (a)	-	-	-	11,758,323
Investments at fair value	\$ 95,097,286	\$ -	\$ -	\$ 106,855,609

(a) These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for purposes of reconciling to the statements of net assets available for benefits.

Note 5: Income Tax Status

The Plan has obtained a favorable IRS determination letter dated January 30, 2015, which stated the Plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended and restated subsequent to the January 30, 2015 IRS determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 6: Party-in-Interest Transactions

Charles Schwab is the Trustee as defined by the Plan and, therefore, is considered a party-in-interest. The Plan's Trustee, its affiliates, and certain service providers perform services for, sell products to, and maintain certain investments for the Plan for which fees are charged to the Plan. In addition, the Plan incurs expenses for services provided by parties-in-interest related to investment consulting, accounting, legal and plan administration. Such expenses totaled \$264,915 for the year ended December 31, 2023, and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Certain plan investments are shares of self-directed brokerage accounts that are managed by Charles Schwab. Party-in-interest transactions also include notes receivable from participants.

Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Excess Contributions Payable

During 2023 and 2022, the Plan was not in compliance with IRC Section 401(k). As a result, excess contributions totaling \$6,874 and \$3,461 were payable to certain participants at December 31, 2023 and 2022, respectively. Such amounts were deducted from participant contributions in the accompanying statement of changes in net assets available for benefits and are included in excess participant contributions payable in the statements of net assets available for benefits.

Note 8: Plan Termination

Although it has not expressed any interest to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA or to discontinue its contributions at any time. In the event of the Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

Note 9: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. Below is a reconciliation of amounts appearing on the Form 5500 to the accompanying financial statements.
