INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
Daily Management, Inc. 401(k) Profit Sharing Plan
Ft. Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Daily Management, Inc. 401(k) Profit Sharing Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Reliance Trust Company as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("United States").
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

(1) DESCRIPTION OF THE PLAN

The following description of **Daily Management, Inc. 401(k) Profit Sharing Plan** (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan adopted by Daily Management, Inc. (“Company”, “Employer” or “Plan Administrator”), to provide eligible employees with special incentives for retirement savings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended and to certain provisions of the Internal Revenue Code of 1986 (“IRC”), as amended.

The Plan was created effective January 1, 1997, and was amended and restated on October 1, 2010. The Plan Administrator appointed Reliance Trust Company (“Reliance”) as the Trustee and asset custodian and appointed Automatic Data Processing, Inc. (“ADP”) as the record keeper of the Plan.

Eligibility

Employees 18 years of age or older who completed one year of service with 1,000 hours of service, excluding union and non-resident alien employees, are eligible to participate in the Plan for both salary deferral contributions and for employer discretionary matching. Employees will be eligible to participate in the Plan on January 1, the first day of the Plan year immediately following completion of the eligibility requirements.

Contributions

Participants direct the investment of their contributions into various investment options offered by the Plan. A participant can contribute up to 86% of his/her total pre-tax compensation limited by the IRC to \$22,500 and \$20,500 for 2023 and 2022, respectively. Amounts contributed in excess of the maximum permitted by the IRC are refunded to the respective participant. Additionally, participants are eligible to designate some or all of their contributions as a Roth contribution.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions limited by the IRC to \$7,500 and \$6,500 for 2023 and 2022, respectively. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Employer matches 100% of deferral contributions and up to a maximum of 4% of a participant’s total eligible compensation. Matching Employer contributions during the years ended December 31, 2023 and 2022 amounted to \$533,135 and \$492,328, respectively.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF THE PLAN (CONTINUED)

Individual participant accounts

A separate individual account is established for each individual participant. Each participant's account is credited with the participant's contributions, employer matching contributions, and an allocation of the investment results. Participant's share in the expenses of the Plan based on the ratio of each participant's daily plan balance less withdrawals and distributions. Investment income or loss includes interest, realized gains or losses on sale of investments and the net change in unrealized appreciation or (depreciation) of investments. All dividends from investments are immediately reinvested.

Vesting

Participants are immediately fully vested in their contributions and income (or loss) allocations. Participants vest in employer matching contributions and income or loss based on the number of years of completed service.

The vested interest in employer matching contributions, if any, is based on vesting years of service as outlined in the following schedule. Participants will always be 100% vested upon their normal retirement age, death or disability.

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years and over	100%

Participants should refer to the Summary Plan Description for complete detail.

Notes receivable from participants (Participant loans)

The Plan allows participants to borrow from their account balances. The minimum amount for a loan is \$500 with a maximum of the lesser of \$50,000 or one-half of the participant's vested interest in the Plan. The maximum loan term is five years, unless the loan is for the purchase of the principal residence of the participant, in which case the maximum term is thirty years. The loans' rates of interest are fixed based on two points over the prime rate. Principal and interest are paid ratably through payroll deductions. The current loan balances as of December 31, 2023 and 2022 amounted to \$393,093 and \$424,106, respectively.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF THE PLAN (CONTINUED)

Notes receivable from participants (Participant loans) (continued)

Notes receivable from participants are recorded at their unpaid principal balance plus accrued but unpaid interest. Delinquent loans are recorded as deemed distributions in accordance with the Plan Document.

Payment of benefits

Withdrawals under the Plan are allowed for in-service withdrawals, termination of employment, hardships, disability or retirement. Distributions may also be made to a named beneficiary in the event of a participant's death.

Hardship withdrawals

A participant may elect to withdraw from their account balances, provided the participant does not reduce their account balance to less than \$100, if the withdrawal is necessitated by one or more of the following qualifying hardships:

- Medical expenses of the participant or a member of their immediate family for which reimbursement has not been made and will not be available from any other source
- Purchase of a principal residence by the participant
- To prevent eviction from a participant's principal residence or foreclosure of the mortgage
- Post-secondary education of the participant or a member of his/her immediate family at an accredited institution of higher learning for a 12 month period
- For payment of burial expenses of a participant's spouse, children or dependents
- Expenses to repair damages to participant's principal residence that would qualify for the casualty deduction under IRC §165.

Hardship withdrawals may be made only if there are no other resources available to the participant to meet the need occasioning the hardship.

Rollovers

The Plan enables employees to contribute assets that were held by a previous employer plan, provided they meet the requirements of the Internal Revenue Service ("IRS").

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures result when participants terminate employment before becoming fully vested in employer contributions, if any. The Plan may allocate participant forfeitures to reduce employer matching contributions for the Plan year in which the forfeiture occurs or for the payment of administrative expenses.

Investment options

Participants are able to direct their contributions and any related earnings into a money market fund or several mutual funds that are available throughout the year. Participants may change their investment election at any time.

Plan termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Plan and ERISA. In the event the Plan terminates, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America ("United States") and have been consistently applied in the preparation of the accompanying financial statements.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Plan expenses

Professional service fees for legal, accounting and other professional services rendered to the Plan during the years ended December 31, 2023 and 2022 were paid by the Plan or the Plan Administrator on behalf of the Plan. These fees were based on customary and reasonable rates for such services.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of investments and income recognition

Shares of mutual funds are valued at the net asset value (“NAV”) of shares held by the Plan at year-end as determined by quotations obtained from national security exchanges.

The difference between current value and the value as of the end of the prior year as well as the difference between the proceeds and the average cost of the investments sold are presented in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Payment of benefits

Benefits are recorded when paid.

Transactions with parties-in-interest

Plan assets may include investment in funds managed by Reliance. Reliance is the custodian and trustee as defined by the Plan and therefore, these transactions would qualify as an exempt party-in-interest transaction under ERISA.

Notes receivable from participants are considered to be party-in-interest because they are transacted with Plan participants.

The Plan pays various fees to the record keeper and other administrative fees including third-party administration fees and investment advisory fees. These are party in interest transactions.

Income taxes

The underlying Standardized Prototype Plan has received an opinion letter from the IRS, stating that the form of the underlying prototype document is qualified under Section 401(a) of the IRC and any employer adopting this form of the plan will be considered to have a plan qualified under the IRC. The Plan has been modified since receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan continues to be qualified, therefore, no provision for income taxes is considered necessary.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or financial statement disclosure. The Plan is subject to routine audits by taxing jurisdictions until the applicable statute of limitations expires; however, there are currently no audits for any tax periods in progress.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassification

Certain 2022 amounts have been reclassified to conform to the 2023 presentation.

(3) RISK AND UNCERTAINTIES

Financial instruments which potentially expose the Plan to concentrations of credit risk consist of a money market fund and several mutual funds, which inherent in the fair market value determination include the risk factor of credit worthiness of each individual security underlying the investment. These funds invest in equities and fixed income securities, which in general are exposed to various risks such as interest, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

The Plan's exposure to certain concentrations of risk is mitigated by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund are further diversified into a variety of financial instruments.

(4) INVESTMENTS

The Plan's investments are managed by Reliance Trust Company.

The Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) \$1,051,623 and (\$2,283,473) during the years ended December 31, 2023 and 2022, respectively. Interest and dividend income for the years ended December 31, 2023 and 2022 amounted to \$532,973 and \$442,876, respectively.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(5) FAIR VALUE MEASUREMENT

The Plan adopted the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets’ or liabilities’ fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market fund – The value is calculated using a pricing model, which maximizes the use of observable inputs for similar securities.

Mutual funds – The value is calculated at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the United States Securities and Exchange Commission. The funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(5) FAIR VALUE MEASUREMENT (CONTINUED)

The preceding methods may produce a fair value calculation that is not necessarily indicative of the net realizable value or reflective of future values. While the managers believe their valuation methods are appropriate and consistent with other market participants, the use of different methodologies to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with these securities.

The following tables set forth by levels, within the fair value hierarchy, the balances of investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Description	2023			Total
	Level 1	Level 2	Level 3	
Money market fund	\$ -	\$ 541,278	\$ -	\$ 541,278
Mutual funds	11,963,122	-	-	11,963,122
Total investments	<u>\$ 11,963,122</u>	<u>\$ 541,278</u>	<u>\$ -</u>	<u>\$ 12,504,400</u>

Description	2022			Total
	Level 1	Level 2	Level 3	
Money market fund	\$ -	\$ 514,564	\$ -	\$ 514,564
Mutual funds	9,802,682	-	-	9,802,682
Total investments	<u>\$ 9,802,682</u>	<u>\$ 514,564</u>	<u>\$ -</u>	<u>\$ 10,317,246</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan Administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of levels 1, 2 or 3.

DAILY MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

(8) SUBSEQUENT EVENTS

In accordance with FASB ASC Topic 855, *Subsequent Events*, the Plan has evaluated events that have occurred through October 11, 2024, which is the date these financial statements were available to be issued. There were no material events noted during this period that would impact the results reflected in these financial statements.
