Independent Auditor's Report

To the Plan Administrator
UNC Physicians Group Practices II, LLC 401(k) Plan
Morrisville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the UNC Physicians Group Practices II, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the UNC Physicians Group Practices II, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan originally effective April 1, 2021. The Plan includes all employees of UNC Physicians Group Practices II, LLC (the “Company”) except for union employees (unless participation in this Plan is specifically provided for in the collective bargaining agreement), nonresident aliens, leased employees and part-time, temporary or seasonal employees who work fewer than 1,000 hours of service. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees are eligible to participate in all aspects of the Plan immediately upon completion of 6 months of service. Employees are automatically enrolled in the Plan, unless they elect not to participate, as soon as administratively feasible after completion of 6 months of service.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (“IRC”). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan contains an automatic enrollment feature that includes an automatic deferral of 6% of compensation on a pre-tax basis unless participants elect otherwise. The Plan provides for automatic escalation of deferrals annually by 1% for those automatically enrolled in the Plan. The 1% increase will occur January 1st every year until a deferral rate of 10% is reached. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes safe harbor non-elective contributions to the Plan of 3% of compensation. The Company also makes matching contributions to the Plan of 33% of the first 6% of compensation contributed as elective deferrals, Roth contributions and catch-up contributions, not to exceed 2% of compensation. The Company may also make discretionary nonelective contributions to the Plan. The discretionary nonelective contributions, if any, are determined each plan year. There were no discretionary nonelective contributions during 2023.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their contributions and safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Company matching and discretionary nonelective contributions, if any, plus actual earnings thereon, is based on years of credited service. A participant is 20% vested after two years of credited service, 40% vested after three years of credited service, 60% vested after four years of credited service, 80% vested after five years of credited service and 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Loan terms may not exceed 5 years, except for the purchase of a primary residence upon which the term may not exceed 10 years. Principal and interest is paid quarterly through direct payments by participants. Participants may only have two loans outstanding at one given time.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the plan administrator will authorize the benefit payment without the participant's consent.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$14,000 and \$38,000, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. Approximately \$270,000 of the forfeited funds were used to fund employer contributions in 2023.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

UNC Physicians Group Practices II, LLC 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive ("FBR") investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's fully benefit-responsive investment contract with Transamerica Life Insurance Company ("TLIC") (see Note 5) is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation/depreciation in fair value of investments.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TLIC and State Street Bank and Trust Company ("SSBT"), qualified institutions.

UNC Physicians Group Practices II, LLC 401(k) Plan

Notes to Financial Statements

4. Fair Value of Investments

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 or 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds represent investments with various investment managers. The funds are valued at the daily closing price as reported by the fund. Funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held in the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: The self-directed brokerage accounts may include mutual funds, U.S. government securities and money market funds, all of which are valued at the closing price reported in the active market in which the securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

UNC Physicians Group Practices II, LLC 401(k) Plan

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 8,652,130	\$ -	\$ -	\$ 8,652,130
Self-directed brokerage accounts	1,993,781	-	-	1,993,781
Total investments at fair value	\$ 10,645,911	\$ -	\$ -	\$ 10,645,911

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 8,814,655	\$ -	\$ -	\$ 8,814,655
Self-directed brokerage accounts	19,120	-	-	19,120
Total investments at fair value	\$ 8,833,775	\$ -	\$ -	\$ 8,833,775

5. Group Annuity Contract

The Plan holds a group annuity contract issued by TLIC, an insurance company registered in the state of Iowa. The contract is a guaranteed investment contract and does not have a maturity date.

The portfolio of assets backing the contract are held in a non-pooled insurance separate account, which is guaranteed by TLIC. Although the assets are maintained separately from TLIC's general assets, the Plan does not own any underlying securities of this fund. The contract maintains a guaranteed minimum interest rate, which is 1.10%. At the beginning of each calendar year, TLIC determines the interest rate to be credited to all monies invested in the contract during the year. Contract assets will be credited with the greater of the credited interest rate and the minimum guaranteed interest rate.

Eligible participants may withdraw balances at contract value without restriction. A 5.00% withdrawal charge applies to the aggregate amount of withdrawals due to employer-initiated events that, during any 12 month period, exceeds 15.00% of the Plan's balance in the contract as of the first day of this period. Employer-initiated events include layoffs, partial plan terminations, plan terminations, bankruptcy, mergers, etc. Participant-directed transfers are permitted to non-competing funds and are subject to a 90-day equity wash provision.

The group annuity contract is considered a fully benefit-responsive investment contract as defined by ASC 962, because they are considered to be fully liquid and immediately cashable once a participant terminates employment with the Employer. The employer-initiated events described above are unlikely to occur.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

UNC Physicians Group Practices II, LLC 401(k) Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Plan Tax Status

The Plan adopted a Non-Standardized Pre-Approved Profit-Sharing Plan which received an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020, stating that the form of the Plan is acceptable under the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Related Party and Party-In-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by TFLIC and SSBT. The Plan also pays administrative fees to Transamerica Retirement Solutions, LLC, the record-keeper. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Notes receivable from participants also qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

10. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was restated using a Pre-Approved Plan document sponsored by Fidelity Management Trust Company, who assumes the role of trustee and record-keeper as of that date. This restatement changed the following Plan provisions:

- Removed the 6-month service requirement for participant contributions, only leaving the 6-month service requirement in place to be eligible for Employer contributions.
- Part-time, temporary and seasonal employees who work fewer than 1,000 hours of service are no longer excluded from participating in the Plan.
- In addition to pre-tax 401(k) and Roth contributions, eligible participants are permitted to elect after-tax contributions.
- In-plan Roth conversions are permitted.
