INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Colliers Facility Solutions - Atlanta 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(K) PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audit of Colliers Facility Solutions - Atlanta 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2023 and for the year then ended, stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Colliers Facility Solutions - Atlanta 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Colliers Facility Solutions - Atlanta 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Colliers Facility Solutions - Atlanta 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Colliers Facility Solutions - Atlanta 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purposes of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H. Line4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(1) Description of the Plan

The following description of the Colliers Facility Solutions - Atlanta LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Colliers Facility Solutions, LLC (the "Company" or "Plan Sponsor") who have completed one month of service for the Employee Deferral Contributions and Qualified Non-Elective Contributions and Safe Harbor Matching Contributions and one year of service for the Employer Matching and Non-Elective Contributions. The Plan was originally established with an effective date of January 1, 2023, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was previously a participating employer in the Colliers International - Atlanta 401(k) Plan. As a result of the separate establishment of this Plan, plan assets of \$5,520,082 were transferred into this Plan on January 1, 2023.

Contributions - Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan agreement, subject to limitation as to amount under the provisions of the Internal Revenue Code ("IRC"). Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed \$22,500 for 2023. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed \$7,500 for 2023. Employees are eligible to designate a portion of their elective deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions ("rollover assets") from other qualified defined contribution plans. The Plan allows the Company to make safe harbor matching contributions to satisfy certain non-discriminator tests required by the Internal Revenue Service ("IRS"). The Company may contribute matching safe harbor contributions equal to 100% of up to the first 4% of a participant's contributions. The Plan Sponsor recorded safe harbor matching contributions totaling \$-0- in 2023. Additional amounts may be contributed at the discretion of the Company's board of directors. No discretionary contributions were made in 2023.

Participant accounts - Each participant's account is credited with the participant's pre-tax and Roth 401(k) contributions, and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants' non-vested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts are used to first pay Plan expenses and any remaining amounts are used to reduce future Company contributions. Forfeited non-vested accounts totaled \$-0- as of December 31, 2023.

Vesting - Participants are immediately vested in their voluntary contributions, rollover contributions, the Company's Nonelective Contributions, Qualified Nonelective Contributions, Safe Harbor Matching Employer Contributions plus actual earnings thereon. For employer matching contributions and earnings, an employee is 100% vested after three years of credited services.

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(1) Description of the Plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period) or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. A participant may have no more than one loan outstanding from the Plan. Loan terms range from 1 to 5 years with certain exceptions for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a market rate that is periodically adjusted by the Plan administrator, which ranged from 4.25% to 9.50% for the year ended December 31, 2023.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan Administrator.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. This payment will be in the form of a lump-sum distribution of their total account balance. Participants may defer receipt of their distribution until a later date. However, it cannot be postponed if their vested account balance is \$5,000 or less in which case the Plan Administrator will direct the Trustee that any account exceeding \$1,000 be distributed to an Individual Retirement Account or Annuity ("IRA") for the participant's benefit. If their vested account balance is \$1,000 or less, the Plan Administrator will direct the Trustee to distribute it as a lump sum distribution without participant consent. Prior to such distribution, participants have the right to request that the amount be distributed directly as a lump sum payment or to request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions. Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or IRA.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(2) **Summary of significant accounting policies (continued)**

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement and Disclosures*, as more fully described in Note (3). The Plan follows FASB Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and also follows ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices. The market value of the common collective trust funds invested in a stable value fund and other funds are determined by the underlying value of the investments in the stable value fund and other funds are contractually invested in. Net investment earnings are recorded on the accrual basis, net of contributions, withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income - Investment income consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation in the fair value of investments includes the Plan's gains on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Participant loans are considered delinquent and in default when payment obligations are not met by the participants. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses - Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Recently adopted accounting pronouncements - In June 2016, the FASB issued ASU 2016-13, *Financial Instruments - Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*, which changes the methodology for measuring credit losses on most financial instruments and the timing of when such losses are recorded. This update replaces the existing incurred loss impairment model with an expected loss model (referred to as the Current Expected Credit Loss model). The Company and Plan Sponsor adopted ASU 2016-13 and its related subsequent amendments (ASU 2018-19, ASU 2019-04, ASU 2019-05, ASU 2019-10, ASU 2019-11, and ASU 2020-02) on January 1, 2023. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were contributions receivable. The adoption of this new accounting standard did not have a material impact on the Plan's financial statements.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(3) Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices in active markets and therefore are classified as Level 1 investments.

Self-directed brokerage accounts: The self-directed brokerage accounts allow participants to invest their account balances in any investment desired within certain Plan and ERISA limitations. Participants are allowed to place investments into the self-directed program in addition to or in place of the various formal investment programs offered by the Plan. Securities included in these accounts include Common stock. Net appreciation in fair value of self-directed investments and interest and dividends from self-directed investments are included in investment income on the statement of changes in net assets available for benefits.

Common collective trust: The investment in common collective trust includes a stable value fund and other funds, which invest directly or indirectly in fully benefit-responsive investment contracts. The stable value fund and other funds are valued at the net asset value ("NAV") as provided by the trustee, which is used as a practical expedient to estimate fair value. Participant transactions may occur daily. The stable value fund, included in the fair value hierarchy table below but not classified, file a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under part I of FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(3) Fair value measurements (continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 2,533	\$ -	\$ -	\$ 2,533
Mutual funds	7,155,418	-	-	7,155,418
Self-directed brokerage accounts	5,645	-	-	5,645
Common collective trust - stable value fund	-	15,709	-	15,709
Total investments in the fair value hierarchy	7,163,596	15,709	-	7,179,305
Other common collective trusts (a)	-	-	-	304,130
Total investments at fair value	\$ 7,163,596	\$ 15,709	\$ -	\$ 7,483,435

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan also invests in common collective trusts invested in a stable value fund classified within Level 2 of the fair value hierarchy, and other funds for which the valuation is based on the net asset values of the underlying investments.

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(4) Information prepared and certified by a qualified institution

The following investment information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), was obtained from data that has been prepared and certified to as complete and accurate by a qualified institution, Fidelity Management Trust Company:

Investments at fair value	
Interest bearing cash	\$ 2,533
Mutual funds	7,155,418
Self-directed brokerage accounts	5,645
Common collective trusts	319,839
Total investments at fair value	<u>7,483,435</u>
Notes receivable from participants	<u>100,989</u>
Total assets	<u>\$ 7,584,424</u>
Investment income	
Net appreciation in fair value of investments	\$ 951,108
Net appreciation in fair value of self-directed brokerage accounts	9,333
Interest and dividends	152,114
Total investment income	<u>\$ 1,112,555</u>

(5) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(6) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the IRC and accordingly, the trust's net investment income is exempt from income taxes. The Plan received a favorable tax determination letter from the Internal Revenue Service ("IRS") on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

COLLIERS FACILITY SOLUTIONS - ATLANTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

(6) Tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Excess contributions

Corrective distributions of \$22,835 for the year ended December 31, 2023, were made to certain active participants to return to them excess deferral contributions.

(8) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or \$500,000. The Plan has sufficient bond coverage as of December 31, 2023.

(9) Party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services totaled \$27,509 for the year ended December 31, 2023.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(10) Self-directed brokerage accounts

The Plan allows participants to invest their account balances in any investment desired within certain Plan and ERISA limitations. Participants are allowed to place investments into the self-directed program in addition to or in place of the various formal investment programs offered by the Plan. The following table reflects self-directed investments in the Plan, included in the statement of net assets available for benefits as of December 31, 2023:

Self-directed brokerage accounts, at fair value	
Common stock	<u>\$ 5,645</u>

Net appreciation in fair value of self-directed brokerage accounts and interest and dividends in self-directed brokerage accounts, included in investment income in the statement of changes in net assets, totaled \$9,333 in 2023. Self-directed brokerage accounts were certified by a qualified institution, as more fully described in Note (4), as of and for the year ended December 31, 2023.

(11) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2023, to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	\$ 7,638,845
Less: Participant contributions receivable	<u>(54,421)</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 7,584,424</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2023 to Schedule H of Form 5500:

Change in net assets per the financial statements	\$ 2,118,763
Less: Participant contribution receivable	<u>(54,421)</u>
Change in net assets per Schedule H of form 5500	<u>\$ 2,064,342</u>

(12) Subsequent events

Management has reviewed subsequent events through October 14, 2024, the date which the financial statements were available to be issued, and has determined that there were no other subsequent event matters that require recognition or disclosure in the financial statements.
