INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
E Ink Corporation 401(k) Savings Plan
Billerica, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of E Ink Corporation 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of E Ink Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of E Ink Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about E Ink Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of E Ink Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about E Ink Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023
DECEMBER 31, 2023 AND 2022

Note 1 - Description of the Plan

The following brief description of the E Ink Corporation 401(k) Savings Plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The E Ink Corporation 401(k) Savings Plan (the Plan) is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan covers all employees of the Plan's sponsor, E Ink Corporation, and its wholly owned subsidiary, E Ink California, LLC (collectively the "Company"). During 2023 E Ink California, LLC was merged into E Ink Corporation.

The Plan includes an employees' thrift savings plan established under the provisions of Internal Revenue Code Section 401(k). Under the savings plan, a certain percentage of employees' wages, as defined in the Plan, can be deferred as an employee contribution to the Plan.

Enrollment - All employees are eligible to participate in the Plan upon commencement of employment with the Company. Employees who first become eligible to participate in the Plan on or after July 15, 2005, who fail to affirmatively make any deferral election (including an election to contribute 0% of eligible compensation) within the time prescribed by the Administrator, shall be deemed to have elected to defer 3% of eligible compensation as a pre-tax contribution. Participants may change such deferral percentage at any time. The plans Qualified Default Investment Alternative fund is the managed account service for participants age 45 or older and the American Funds target date fund, aligned with the participants birthday and projected retirement date, for participants less than 45 years of age. (Reference is made to the Investment Options section.)

Contributions - Participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified plans. Additional matching and profit sharing amounts may be contributed at the option of the Company's board of directors. For the year ended December 31, 2023, the Company made a discretionary matching contribution equal to the first 3 percent of eligible compensation that a participant contributed to the Plan. This matching contribution was fully remitted to the plan in March 2024. Generally, participants must be employed on the last day of the plan year and have a minimum of 1,000 hours of service during the year to be eligible to receive employer matching contributions. Contributions are subject to certain limitations and eligibility requirements apply to such contributions.

Participants' Accounts - Each participant account is credited with (a) the participant's contributions, (b) earnings, (c) expenses, and (d) Company discretionary matching contributions and an allocation of profit sharing contributions, if any. Allocations of the Company's profit sharing contributions are based on participant compensation. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023
DECEMBER 31, 2023 AND 2022

Note 1 - Description of the Plan (Continued)

Vesting - Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the employer discretionary matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after four years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined regularly by the plan administrator. Principal and interest are paid ratably through payroll deductions. Generally, notes must be repaid within five years unless being used to purchase a principal residence. Participants may have one note outstanding at a time.

Investment Options - Upon enrollment in the Plan, a participant may direct their contributions in one percent increments to various investment options comprised of various mutual funds with a range of investment objectives, including stock investments, bond investments and blended investments. Additional investment options include an investment contract and a self-directed brokerage account through which participants are able to invest in a variety of publicly traded investments and interest bearing cash accounts. Participants may reallocate their funds or redirect new contributions on a daily basis among any of the offered funds. The plan also offers a managed account service in which participants are able to have an advisory service manage their account balance among available investment fund options within the plan. Participants may opt-out of the managed account service, at any time. Additionally, as participants reach age 45, their funds will automatically be invested under the managed account service, unless the participant chooses to opt-out.

Payment of Benefits - On termination of service, a participant may generally elect to receive the value of his or her account in a lump-sum cash payment, a rollover distribution to an eligible retirement account, or if the balance is greater than \$5,000, elect to defer payment of benefits until a minimum distribution is required to be made. Participants may also withdraw from their vested accounts upon the attainment of age 59 ½ or upon certain hardship situations defined in the Plan.

Plan Termination - Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts.

Forfeited and Unallocated Accounts - At December 31, 2023 and 2022, unallocated forfeitures amounted to \$23,928 and \$20,687, respectively. Forfeitures may be used to (1) pay administrative expenses or (2) reduce employer contributions. During 2023 forfeitures in the amount of \$20,619 were used to reduce the employer match contribution for 2022. As of December 31, 2023 and 2022, the plan had additional unallocated amounts of \$1,718 and \$1,624, respectively, which represents plan investment income designated to pay plan expenses.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023
DECEMBER 31, 2023 AND 2022

Note 1 - Description of the Plan (Continued)

Administrative Costs - If the Company does not pay the Plan's administrative costs, costs are permitted to be paid from Plan assets. Such expenses will either be paid from the Plan's forfeitures account or allocated to participant accounts as more fully described in the plan documents. Additionally, certain fees are directly paid by the Plan's participants and include fees for origination of notes receivable from participants, distributions, hardship distributions, the preparation of Qualified Domestic Relations Orders (QDROs) and the preparation of IRS form 1099.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles. Benefit payments are accounted for at the time of payment.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - All investments are recorded at fair value in these financial statements, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is measured in accordance with U.S. generally accepted accounting principles as more fully described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gains and losses include the plan's gains and losses on investments bought and sold as well as held during the year.

In accordance with U.S. generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at contract value if the investment contract is deemed fully benefit responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions in accordance with terms of the plan document.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Income Tax Status - Effective January 1, 2022, the E Ink Corporation 401(K) Savings Plan is utilizing an Angell Pension Group 401(k)/Profit Sharing Non-Standardized Plan. The Non-Standardized Plan being utilized obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service state that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan, in effect as of each applicable date, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates all significant tax positions as required by U.S. generally accepted accounting principles. As of December 31, 2023, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan's informational returns are subject to potential examination by the appropriate regulatory authorities for the prior three years. Currently, there are no audits in progress for any tax periods.

Subsequent Events - The date to which events occurring after December 31, 2023 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments and fully benefit-responsive investment contracts disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, at fair value, and investments, at contract value held at December 31, 2023 and 2022, and all investment income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodian and trustee of the Plan.

Note 4 - Fair Value Measurements

Fair value is defined under U.S. generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan is required to maximize the use of observable inputs, minimize the use of unobservable inputs, and disclose in the form of an outlined hierarchy the details of such fair value measurements. The hierarchy of valuation techniques is based on whether the inputs to fair value measurement are considered to be observable or unobservable in a marketplace. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The hierarchy requires the use of observable market data and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). When available, these inputs have created the following fair value hierarchy:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

Following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Accounts

The plan's self-directed brokerage accounts consist of interest bearing cash and cash equivalents, mutual funds, publicly traded corporate stock investments, unit investment trusts and non-interest bearing cash. Fair value of mutual funds, unit investment trusts and corporate stock within the self-directed brokerage accounts is determined by quoted market prices of the securities in an active market on the last day of the plan year. Interest bearing cash accounts within the self-directed brokerage accounts are considered equivalent to cash. Investments in self-directed brokerage accounts are classified within Level 1 of the valuation hierarchy.

Total investments, at fair value	\$ 61,017,309	\$ 61,017,309	\$ -	\$ -

Note 5 - Investment Contracts with Insurance Company

The Plan holds a fully benefit-responsive traditional investment contract with Empower Annuity Insurance Company of America that invests contributions in the Empower Investments Fixed Accounts - Series IV. The contract value of the investment contract at December 31, 2023 and 2022 amounted to \$2,106,082 and \$1,844,594, respectively. The Empower Investments Fixed Accounts - Series IV is a general account product guaranteed by the general account assets of Empower Annuity Insurance Company of America. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly and may not be less than 0%. Average yield on the guaranteed investment contract earned by the participants of the Plan was 1.98% for the year ended December 31, 2023.

E INK CORPORATION
401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023
DECEMBER 31, 2023 AND 2022

Note 5 - Investment Contracts with Insurance Company (Continued)

The contract is included in the financial statements at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, could limit the Plan's ability to transact at contract value with the issuer. Examples of circumstances which would allow the issuer to terminate the contract include the Plan's loss of its qualified tax status or material and adverse changes to the provisions of the Plan. If either of these events were to occur, the issuer could terminate the contract at amounts less than contract value or require a twelve month termination period. The plan administrator believes that the occurrence of such events that would limit the Plan's ability to transact at contract value with plan participants is not probable.

Note 6 - Related Party Transactions

Plan investments include the guaranteed investment contract issued and managed by Empower, which is related to the trustee of the Plan. Accordingly, certain transactions qualify as party-in-interest transactions. During the year ended December 31, 2023, fees totaling \$154,561 were charged and allocated to participant accounts on a pro rata basis. These fees were paid to the Plan's record keeper, Empower in an amount of \$57,896 and for investment management in an amount of \$96,665. Additional fees of \$4,445 charged by Empower related to specific distributions, have been directly charged to such participants and included in distribution amounts.

Note 7 - Notes Receivable from Participants

As of December 31, 2023 and 2022, notes receivable from participants bear interest at rates ranging from 4.25% to 9.5%, and mature at various dates through January 2037. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
