Independent Auditor's Report

To the Plan Administrator
National Center Missing & Exploited Children 403(b) Plan
Alexandria, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the National Center Missing & Exploited Children 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and Great-West did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a – Statement of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023)) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

1. Description of the Plan

General

The National Center for Missing & Exploited Children (NCMEC, Plan Sponsor) 403(b) Plan (the Plan) was established on January 1, 1998, and has been amended and restated to comply with the Employee Retirement Income Security Act (ERISA) of 1974, as amended. The Plan is a defined contribution plan under Section 403(b) of the internal revenue code (IRC). The Plan is commonly referred to as a 403(b) retirement plan or tax-sheltered annuity. The anniversary date for the Plan is January 1 of each year, and a plan year is the 12-month period commencing each January 1 and ending on the following December 31.

Trustees and administration of the Plan

The trustees and recordkeepers of the Plan are Voya Financial (Voya) and Empower Retirement (Empower) (collectively, Trustees). The administrator of the Plan is NCMEC. The trustees hold all assets of the Plan in accordance with the service provider contract with NCMEC. The Plan Administrator and Plan Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2006, participants are no longer allowed to direct contributions to Great West (acquired by Empower Retirement). However, participants may continue to transfer existing balances among the available investment options under this custodian.

Eligibility

Employees are eligible to participate in the Plan upon date of hire, unless they are an excluded employees. Excluded employees who are not eligible to participate in the Plan are (a) certain nonresident aliens who have no earned income from sources within the United States and (b) employees who normally work less than 20 hours per week. If rehired following prior termination of employment, an employee can commence elective deferrals immediately upon rehire, unless the employee is an excluded employee.

If an employee leaves NCMEC to enter qualified military service and NCMEC rehires the employee under the Uniformed Services Employment and Reemployment Rights Act of 1994, the employee has the right to make up the elective deferrals that would have been made while engaged in qualified military service.

Participant Contributions

The Plan is funded by employee contributions subject to statutory annual limitations. Participants may elect to reduce their compensation by a specific percentage and have that amount contributed to the Plan as an elective deferral. There are two types of deferrals, pre-tax deferrals and Roth deferrals. Participants who are at least 50 years old may make additional salary deferrals called "catch-up contributions." Catch-up contributions are pre-tax and are not included when considering the limitations placed on other contributions. The Plan includes a provision for automatic enrollment of all new participants at a rate of 3% unless the participant makes a contrary election.

Participants may contribute amounts representing distributions from other qualified retirement plans.

Employer Contributions

The Plan Sponsor will make a nonelective employer contribution of 7% of eligible compensation (subject to statutory limitations) for all eligible employees.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are up to five years but may extend beyond five years for the purchase of a primary residence. Participants are limited to one outstanding loan at a time. The loans are secured by the balance in the participants' accounts and bear interest at rates commensurate with Moody's Corporate Bond Yield Average - Monthly Average Corporates as published by Moody's Investor Service. At December 31, 2023, the interest rates on all outstanding loans ranged from 4.25% to 9.50% maturing at various dates through September 2038. Principal and interest are paid ratably through semi-monthly payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A Participant has a 100% vested interest at all times in accounts attributable to elective deferrals (pre-tax and after-tax), Qualified Non-Elective Contributions (QNEC), employer contributions to former employees, and rollover contributions. The following vesting schedules apply to employer contributions:

Years of Services	Vested Percentage
Less than two years	0%
Two years or more	100%

Payment of Benefits

Upon death, disability, retirement, resignation or termination, a participant, or his or her beneficiary in the event of the participant's death, is entitled to receive, as of his or her determination date, an amount equal to the participant's rollover account and the vested portion of the participant's account, determined in either a lump-sum payment or under various installment payment arrangements.

The Plan also allows for limited withdrawals prior to separation of service such as upon attainment of age 59½ as well as under certain hardship situations, as defined by the Plan. The Plan also provides for minimum required distributions per Internal Revenue Service (IRS) regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires.

Forfeitures

Forfeiture of a participant's unvested balance occurs in the plan year in which the forfeiture occurs. Participant's forfeitures are available, according to the Plan's provisions, to reduce NCMEC's future contributions to the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled $109,430 and $155,895, respectively. Forfeitures amounting to $124,935 were used to pay Plan expenses and Employer contributions for the year ended December 31, 2023.

2. Summary of Accounting Policies

Annual reporting requirements

Prior to January 1, 2009, Great West maintained records at a contract level, not Plan level, and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan sponsor nor Great West have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting, in accordance with U.S. GAAP.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value except for the Plan's direct investment in the fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in VOYA Fixed Plus Account III and the Great West Guaranteed Certificate Fund, which are unallocated annuity contracts with Voya and Empower, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by NCMEC and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya and Empower/Great-West, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fully Benefit Responsive Investment Contracts

The VOYA Fixed Account III contain unallocated annuity contracts with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account and are subject to the claims-paying ability of the insurance company. The contract value equals the accumulated cash contributions and interest credited to the contract, less any participant withdrawals and administrative expenses. VRIAC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Interest rates are reviewed on a quarterly basis for resetting.

The Fixed Account provides for certain withdrawals and exchanges at contract value. Participant-initiated withdrawals and transfers are paid at contract value. However, partial withdrawals and transfers from the Fixed Account are limited to 20% of the Fixed Account balance as of January 1 of

the calendar year. In addition, the Fixed Account is subject to other restrictions. For example, withdrawals due to events including the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA may be paid at an amount other than contract value. The plan administrator believes that the occurrence of any such Plan Sponsor initiated events is not probable.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Great-West Guaranteed Certificate Fund is a guaranteed income benefit offered through a contingent deferred annuity issues by Great-West Life & annuity Insurance Company (GWL&A). GWL&A maintains the contributions in a general account and are subject to the claims-paying ability of the insurance company. The contract value equals the accumulated cash contributions and interest credited to the contract, less any participant withdrawals and administrative expenses. GWL&A) is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Interest rates are reviewed on a quarterly basis for resetting.

The Fixed Account provides for certain withdrawals and exchanges at contract value. Participant-initiated withdrawals and transfers are paid at contract value. The Fixed Account is subject to certain restrictions. For example, withdrawals due to events including the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA may be paid at an amount other than contract value. The plan administrator believes that the occurrence of any such Plan Sponsor initiated events is not probable.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Voya and Empower and affiliates. Voya and Great-West are the custodians defined by the Plan and, therefore, these transactions qualify as party-in interest transactions. Fees paid by the Plan for the investment management services are included in the net appreciation in fair value of investments.

The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transactions.

7. Plan Termination

Although it has not expressed any intention to do so, NCMEC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Income Tax Status

The Plan terms have been drafted in conformity with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its tax exempt status. The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Prohibited Transactions

During the year ended December 31, 2022, NCMEC failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) from its assets within the required time period as specified by the United States DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. NCMEC remitted the contributions related to 2022 during plan year 2022 and corrected the related lost earnings during plan year 2023.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

11. Subsequent Events

The Plan Administrator has evaluated events and transactions for potential recognition or disclosure through October 11, 2024, the date the financial statements were available to be issued.
