Independent Auditor's Report

To the Plan Administrator
401(k) Plan for Locally-Hired, U.S.-based Employees of the
Government of the French Republic

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by Voya Retirement Insurance and Annuity Company, a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
401(k) Plan for Locally-Hired, U.S.-based Employees of the
Government of the French Republic

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

To the Plan Administrator
401(k) Plan for Locally-Hired, U.S.-based Employees of the
Government of the French Republic

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
401(k) Plan for Locally-Hired, U.S.-based Employees of the
Government of the French Republic

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year then ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1: DESCRIPTION OF PLAN

The following description of the 401(k) Plan for Locally-Hired, U.S.-based Employees of the Government of the French Republic (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established effective January 1, 2008, as a defined contribution plan by the Government of the French Republic as represented by its Ambassador in the United States (Embassy). Effective January 1, 2009, The French Trade Office - Business France (Participating Employer) entered into a Participation Agreement with the Plan. The Plan covers employees who are locally hired in the United States by the Embassy or Participating Employer in a nondiplomatic capacity, are U.S. citizens or permanent residents of the U.S., subject to income tax, on the payroll of the Embassy Treasurer or a similar U.S.-based payroll system of a Participating Employer and perform substantially all of their services on behalf of the Embassy or the Participating Employer in the United States. Union employees, nonresident aliens, and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - The first day of each quarter, employees may join the Plan after attaining three months of consecutive service from their employment commencement date.

Contributions - Each year, participants may contribute up to 70% of eligible compensation, as defined in the Plan, subject to maximum limits established by the Internal Revenue Code (IRC). Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions to the Plan. Contributions are deducted from the participant's pay pursuant to a salary reduction agreement that the participant can revoke or modify on the first day of any plan year quarter. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and traditional IRAs, excluding after-tax employee contributions (rollover). The Embassy may make matching contributions equal to a discretionary percentage of the participant's elective deferrals. For the years ended December 31, 2023 and 2022, the Embassy elected to make discretionary matching contributions of 100% of deferrals up to 3% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Embassy's contribution, if any, and plan earnings, as well as charged with an allocation of administrative expenses that are paid by the Plan. Certain administrative expenses are netted against the earnings of the investment alternatives held by the participants. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023**

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their contributions and the Embassy's matching contributions plus actual earnings thereon.

Payment of Benefits - Upon termination of service for any reason, or upon death, disability, or retirement, a participant may elect to receive a lump sum or partial distribution equal to the value of the participant's vested interest in the Plan. Active participants who have reached age 59½ may begin to withdraw from their vested account while still employed.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72 or 73 if the participant is not 72 prior to January 1, 2023, or (ii) the year in which the participant retires if the participant is not a 5% owner.

Terminated participants whose vested balance is \$5,000 or less do not have the option to leave their money in the Plan and take a distribution at a future date. In the event a terminated participant does not elect to have an account balance of \$5,000 or less paid to an eligible retirement plan or account specified by the participant, or to receive the distribution directly, the Embassy will direct the terminated participant's vested account balance of \$1,000 or less to be distributed as a cash payment to the participant with taxes withheld, if applicable, or will pay distributions between \$1,001 and \$5,000 in a direct rollover to an individual retirement account designated by the Embassy.

Hardship Withdrawals - Participants may withdraw all or part of their pretax elective deferral accounts in the form of a hardship withdrawal to satisfy an immediate and heavy financial need, as defined by the Plan. Prior to obtaining a hardship withdrawal, a participant must obtain all distributions currently available under all plans maintained by the Embassy or participating employers. Participants must be employed with the Embassy at the time of the hardship withdrawal.

Administration - Voya is the Plan's institutional custodian (Custodian). The Plan's third-party administration is performed by The Newport Group.

Forfeitures - As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$917 and \$904, respectively. These accounts will be used to reduce administrative expenses. No amounts were used to pay administrative expenses during 2023.

GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by selected specialists. See Note 3 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Corrective Distributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding corrective distribution.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Embassy and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives, which are netted against the investment earnings of the relevant participant-directed investments.

**401(k) PLAN FOR LOCALLY-HIRED, U.S.-BASED EMPLOYEES OF THE
GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. Management has evaluated all events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no changes in the methodology used as of December 31, 2023 and 2022.

**401(k) PLAN FOR LOCALLY-HIRED, U.S.-BASED EMPLOYEES OF THE
GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023**

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Pooled Separate Accounts - Valued at the fair value of the underlying funds, which equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

The method described on the previous page may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Investments Measured at NAV (a)	\$ -	\$ -	\$ -	\$ 4,380,849
Total Investments, at Fair Value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,380,849</u>
	2022			
	Level 1	Level 2	Level 3	Total
Investments Measured at NAV (a)	\$ -	\$ -	\$ -	\$ 3,022,670
Total Investments, at Fair Value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,022,670</u>

- (a) In accordance with *Subtopic 820-10*, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023**

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds two traditional fully benefit-responsive investment contracts with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contracts meet the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. The investment contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contracts as of December 31, 2023 and 2022, was \$498,192 and \$514,911, respectively. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than 3% for the Voya Fixed Account, and 1% for the Voya Fixed Account A. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The Embassy does not believe that any events that would limit the Plan's ability to transact at contract value with the plan participants or the issuer are probable of occurring.

NOTE 5: INFORMATION CERTIFIED BY THE CUSTODIAN

The Embassy has elected the method of annual reporting compliance permitted by Regulation 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya (Custodian) has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

	<u>2023</u>	<u>2022</u>
Investments, at Fair Value		
Pooled Separate Accounts	\$ 4,380,849	\$ 3,022,670
Investments, at Contract Value		
Fixed Annuity Contract	<u>498,192</u>	<u>514,911</u>
Total	<u><u>\$ 4,879,041</u></u>	<u><u>\$ 3,537,581</u></u>
		<u>Year Ended</u> <u>December 31, 2023</u>
Investment Income		
Net Appreciation in Fair Value of Pooled Separate Accounts		\$ 598,851
Interest Income on Fixed Annuity Contract		<u>11,272</u>
Net Investment Income		<u><u>\$ 610,123</u></u>

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations such as contributions or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosures. Certain plan investments are units of pooled separate accounts and a general account managed by the Custodian. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees for professional services rendered by parties in interest are partially absorbed by the Embassy and partially paid from the annual operating expenses of the Plan's designated investment alternatives, as well as directly charged to participant accounts, as applicable (see Note 2).

**401(k) PLAN FOR LOCALLY-HIRED, U.S.-BASED EMPLOYEES OF THE
GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Embassy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated forfeitures would be allocated to participant accounts and distributed in such a manner as the Embassy may determine.

NOTE 8: PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions and to the Plan from its general assets as soon as practicable. The Plan has contributions totaling \$67,328, all of which represented employee salary deferrals, that were not remitted timely. These contributions are considered prohibited transactions. The Company will calculate lost investment earnings, and expects to compensate the plan for the lost earnings in 2024.

NOTE 9: TAX STATUS

The underlying non-standardized pre-approved profit-sharing plan with cash or deferred arrangement has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the DOL and IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal Form 5500 is subject to examination by the IRS and the DOL, generally for the three years after it was filed.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various pooled separate accounts and unallocated account funds held in an insurance company general account, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

**401(k) PLAN FOR LOCALLY-HIRED, U.S.-BASED EMPLOYEES OF THE
GOVERNMENT OF THE FRENCH REPUBLIC
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023**

NOTE 11: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the Embassy, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 12: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31:
