The Plan Administrator
COPIC Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of COPIC Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COPIC Companies 401(k) Plan

Notes to the Financial Statements

As of and for the years ended December 31, 2023 and 2022

Note A - Description of Plan

The following description of the COPIC Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by COPIC Trust (COPIC, Plan Sponsor or Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a defined contribution plan covering substantially all employees of COPIC aged 21 or older. The Plan does not have a service requirement for participation and qualifies as a Safe Harbor plan. The Plan was established effective January 1, 1994 and amended and restated effective January 1, 2019 by COPIC for the benefit of its employees and is intended to qualify under Section 401(k) of the Internal Revenue Code (the Code).

Participant Contributions

Participants can contribute on a pre-tax basis and on an after-tax basis to a Roth 401(k), as permitted by Section 401(k) of the Code, in an amount ranging from 1% of their compensation as defined by the Plan to the maximum amount allowed, generally not to exceed the Code deduction limitation of \$22,500 and \$20,500 in 2023 and 2022, respectively. Contributions are invested at the direction of the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute rollover contributions from other qualified plans.

A participant can elect to make designated Roth contributions. Roth deferrals will be treated in the same manner as elective deferrals as outlined above. The Plan also will accept Roth rollover contributions from an eligible employee who has received a distribution from a designated Roth contribution account under another qualified Roth contribution program. Designated Roth contributions are currently included in a participant's gross income unlike pre-tax contributions. However, a qualified distribution of designated Roth contributions is excludable on a participant's gross income for tax return purposes.

Company Contributions

COPIC makes matching contributions equal to 100% of each participant's elected salary deferral, up to 5% of the participant's salary. COPIC may also make a discretionary contribution in addition to the matching contribution to the Plan. COPIC made discretionary contributions of \$19,723 and \$0 for the years ended December 31, 2023 and 2022, respectively.

COPIC Companies 401(k) Plan

Notes to the Financial Statements (Continued)

Note A - Description of Plan (continued)

Participant Accounts

Participant accounts are credited with (1) participant elective deferral contributions, (2) employer matching and discretionary contributions, (3) employee rollover contributions, and (4) allocations of plan earnings and losses, as defined in the Plan Document.

Additionally, participants are allowed to direct their plan assets in a separate brokerage account through Schwab and T.D. Ameritrade, respectively, as of December 31, 2023 and 2022. Through this account, participants can buy and sell mutual funds, stocks, and bonds that are not available through the Plan.

Distributions

Withdrawals from the Plan may be made by a participant or beneficiary upon death, disability, retirement, financial hardship, or termination of employment, as defined in the Plan Document. Distributions are either in the form of a lump-sum cash payment, an installment, or a direct rollover to another qualified plan.

Distributions from accumulated Roth deferrals are treated in the same manner as noted above, except that hardship and in-service distributions are not allowed.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and Empower Trust Company, LLC, Plan recordkeeper and trustee, deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Loans are limited to the lesser of 50% of the participant's vested account balance or \$50,000. Only one loan may be outstanding at any time. The interest rate on loans outstanding range from 4.25% to 9.5% at December 31, 2023.

Vesting

Participant contributions, employer contributions, and the earnings thereon are fully vested at all times, and therefore, there are no forfeitures under the provisions of the Plan.

Administrative Expenses

COPIC pays substantially all expenses associated with administering the Plan.

Plan Termination

Although it has not expressed any intent to do so, COPIC has the right under the Plan Document to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts would be distributed as soon as practicable.

COPIC Companies 401(k) Plan

Notes to the Financial Statements (Continued)

Note B - Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan's management to use estimates and make assumptions that affect the accompanying financial statements, notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment transactions are recorded on the date of purchase or sale (trade date). See Note D for discussion of fair value measurements.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recognized on the ex-dividend date. Interest income is recorded on the accrual basis.

Distributions to Participants

Distributions to participants are recorded when paid.

Subsequent Events

Management evaluated subsequent events for the Plan through October 8, 2024, the date the financial statements were available to be issued.

Note C - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from participant notes receivable for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC.

Note D - Fair Value Measurements

The Plan utilizes a framework for measuring fair value under Financial Accounting Standards Board *Accounting Standards Codification 820*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for substantially the entire period for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Certain investments are reported at fair value on a recurring basis in the statements of net assets available for plan benefits. The following methods and assumptions are used to estimate the fair values:

Mutual funds: These investments are primarily invested in a wide variety of publicly traded securities. The funds contain a mix of U.S. or international common stocks, fixed income, or cash. The fair values of the investments in this category are based on quoted market prices.

Individual self-directed investments: This category primarily consists of publicly traded common stock and mutual funds. The fair values are based on quoted market prices.

Note E - Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. An employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code and therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. As a result, no provision for income taxes has been included in the Plan's accompanying financial statements.

Note F - Related Party and Parties in Interest Transactions

Certain administrative functions related to the Plan are performed by employees of COPIC. Neither COPIC nor the employees receive compensation from the Plan for these services. COPIC pays substantially all expenses associated with administering the Plan. Notes receivable from participants also qualify as party in interest transactions.

Note G - Reconciliation of Audited Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the audited financial statements for the period ended December 31, to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 32,668,430	\$ 28,706,548
Participant loans reported as deemed distributions	<u>(46,762)</u>	<u>(44,944)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 32,621,668</u></u>	<u><u>\$ 28,661,604</u></u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the period ended December 31, to Form 5500:

	<u>2023</u>	<u>2022</u>
Change in net assets available for benefits per the financial statements	\$ 3,961,882	\$ (3,498,357)
Change in participant loans reported as deemed distributions	<u>(1,818)</u>	<u>(1,348)</u>
Change in net assets available for benefits per Form 5500	<u><u>\$ 3,960,064</u></u>	<u><u>\$ (3,499,705)</u></u>

Note H - Concentrations

The Plan's investments held in Vanguard funds represent 45% and 42% of the Plan's total assets as of December 31, 2023 and 2022, respectively.

The Plan's investments held in Fidelity funds represent 30% and 30% of the Plan's total assets as of December 31, 2023 and 2022, respectively.

Note I - Risks and Uncertainties

The Plan offers a number of investment options that are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and participant account balances.
