Rainwater, Holt & Sexton, P. A. 401(k) Profit Sharing Plan II
Little Rock, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Rainwater, Holt & Sexton, P. A. 401(k) Profit Sharing Plan II (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Rainwater, Holt & Sexton, P. A. 401(k) Profit Sharing Plan II was merged into an existing 401(k) profit sharing plan offered by the Plan sponsor in 2023. As a result of this transaction, all Plan assets and account balances for Plan participants were transferred out of the Plan to the existing 401(k) profit sharing plan during the Plan year.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

401(K) PROFIT SHARING PLAN II

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) DESCRIPTION OF THE PLAN:

The following brief description of the Rainwater, Holt & Sexton, P. A. 401(k) Profit Sharing Plan II (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of Plan provisions. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA), as amended.

General -

The Plan was a safe harbor defined contribution plan adopted effective January 1, 2016 by the sponsor, Rainwater, Holt & Sexton, P. A. (Company), to provide a means for eligible employees to accumulate funds for retirement. Employees of the Company were eligible to participate in the Plan beginning on the first day of the quarter following the attainment of 21 years of age. Effective January 1, 2022, the Plan was amended and restated to comply with the provisions of the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2018, the Setting Every Community Up for Retirement Enhancement Act of 2019, and the Coronavirus Aid, Relief and Economic Security Act of 2020.

The Trustees of the Plan were responsible for the operation and administration of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Plan merger -

In June of 2023, the Plan was merged into an existing 401(k) profit sharing plan sponsored by the Company with similar provisions and investment options. As a result of this transaction, all Plan assets and account balances for Plan participants were transferred out of the Plan to the existing 401(k) profit sharing plan during the Plan year.

Contributions -

The Plan permitted participant elective deferral contributions up to the maximum amount allowed under the Internal Revenue Code. Each employee who made elective deferral contributions to the Plan received a safe harbor employer matching contribution of 100% of elective deferral contributions that did not exceed 3% of Plan compensation and 50% of elective deferral contributions that exceeded 3% of Plan compensation but that did not exceed 5% of Plan compensation. At its discretion, the Company could make additional profit sharing contributions to the Plan. The Company did not make a discretionary profit sharing contribution during 2023. Participants had to be employed on December 31st and have completed at least 1,000 hours of service to receive discretionary profit sharing contributions.

The Plan provided that, at the discretion of participants, contributions to the Plan would be invested in certain mutual funds.

Participant accounts -

Each participant's account was credited or charged with the participant's elective deferral contribution, the safe harbor employer matching contribution, and any additional Company discretionary profit sharing contributions, as well as allocations of Plan earnings and administrative expenses. Allocations were based on participant account balances or specific transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

(1) DESCRIPTION OF THE PLAN (continued):

Vesting -

Participants were fully vested at all times with regard to their elective deferral, safe harbor employer matching, and rollover contributions. Participants became fully vested with regard to Company discretionary profit sharing contributions after six years of service or upon death, disability, attainment of normal retirement age, or termination of the Plan, whichever occurred first.

Notes receivable from participants -

The Plan allowed participants to borrow from their account balance up to a maximum of \$50,000, not to exceed 50% of their vested account balance. Loans were secured by the vested balance in the participant's account and generally bore interest at a fixed rate equal to the published Wall Street Journal prime rate at the time of origination plus 2%. Loans were repaid through payroll deductions over a period of no more than five years unless the loan proceeds were used for the purchase of the participant's principal residence. Participants could not have more than one loan outstanding at a time. If a participant's employment was terminated, any outstanding loan balance had to be repaid to the Plan or it was considered to be in default and the participant's account balance was reduced by the remaining outstanding balance of the loan and reclassified as a benefit payment based on the terms of the Plan document.

Forfeitures -

The non-vested portion of a participant's account was forfeited upon termination of employment. Forfeited amounts were used to restore forfeited account balances for reemployed participants and any remaining amounts could be used to pay administrative expenses of the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$442 and \$2,363, respectively. During 2023, approximately \$2,370 of forfeitures were used to reduce Company contributions.

Benefits paid to participants -

Participants could elect to withdraw part or all of their account balance upon the attainment of the Plan's normal retirement age, which was the later of the attainment of age 65 or the 5th anniversary of a participant's commencement of participation in the Plan. All other participants could elect to withdraw their vested account balance in the event the participant furnishes satisfactory evidence to the Plan administrator that the withdrawal was to alleviate a severe financial hardship, as defined by the Plan.

Payment of a participant's benefit upon retirement, disability, or death were made in a lump sum or direct transfer. For vested account balances of \$5,000 or less, benefits were paid in a lump sum.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting -

The accompanying financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, additions to and deductions from net assets, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred. Benefit payments are recorded upon distribution.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition -

The Plan's investments are reported at fair value as provided to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's mutual funds is based on quoted market prices representing the net asset value (NAV) of the units held by the Plan.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants -

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses were necessary as of December 31, 2023 and 2022. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reclassified as a benefit payment based upon the terms of the Plan document.

Administrative expenses -

Certain expenses incurred in connection with the administration of the Plan were recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses when paid by the Plan. Expenses paid by the Company for administering the Plan, including providing the Plan with office space, equipment, administrative personnel, and certain outside consulting services at no charge, were not recorded in the Plan's financial statements.

Subsequent events-

The Plan has evaluated subsequent events through October 14, 2024, the date these financial statements were available to be issued.

(3) RISKS AND UNCERTAINTIES:

Participants in the Plan invested in various types of investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that such changes in values of investment securities could occur in the near term and those changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

(4) DERIVATIVES:

The Plan had limited transactions that were governed by FASB ASC 815, *Derivatives and Hedging*. The Plan did not use derivatives for trading purposes. The Plan held shares in various mutual funds. The managers of these funds may have used derivatives for asset management and hedging purposes.

(5) INCOME TAX STATUS:

On June 30, 2020, the Internal Revenue Service (IRS) stated that the non-standardized pre-approved profit sharing plan adopted by the Company effective January 1, 2022, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and therefore, exempt from taxation. The Plan was required to operate in conformity with the IRC to maintain its tax-exempt qualification. The Plan's sponsor and administrator believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believed the Plan was qualified and the related trust was tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken. The Plan had not incurred or recognized any interest or penalties related to uncertain tax positions. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

(6) INVESTMENTS:

The following is a summary of the Plan's investment information as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included in the Plan's financial statements that was prepared by or derived from information prepared by Newport Trust Company, the Plan's custodian, and furnished to the Plan administrator. The custodian of the Plan has certified to the completeness and accuracy of this information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(7) FAIR VALUE MEASUREMENTS:

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring and disclosing fair value under GAAP. The framework provides a fair value hierarchy based upon observable and non-observable inputs prioritized by the reliability of the assumptions used to measure fair value. The highest priority is given to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(7) FAIR VALUE MEASUREMENTS (continued):

- Level 2 – Inputs to the valuation methodology include observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in inactive markets; or inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to determining the fair value measurement and reflect the entity's own assumptions about the assumptions market participants would use in pricing assets or liabilities.

Following is a description of the valuation methodologies used to value the Plan's assets measured at fair value:

Mutual funds are valued at the daily closing price on the active market on which the funds are traded as reported by the fund. Mutual funds held by the Plan are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The valuation methodologies described previously may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain assets or liabilities could result in a different fair value measurement at the reporting date.

As December 31, 2023 and 2022, the Plan's investments measured at fair value on a recurring basis by fair value hierarchy level were as follows:

<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ _____ -	\$ _____ -	\$ _____ -	\$ _____ -
<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$1,115,488</u>	\$ _____ -	\$ _____ -	<u>\$1,115,488</u>

Participants could initiate an unlimited number of redemptions or exchanges of mutual funds; however, these transactions could be restricted by the fund provider if such restriction was deemed necessary to halt or mitigate the effect of any abusive trading practices that may disrupt portfolio management strategies or harm fund performance.

(8) PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS:

The Plan paid fees to its third-party administrator totaling \$9,990 during 2023 for recordkeeping, contract administration services, and investment advisory fees. These transactions are allowable party-in-interest transactions under ERISA.
