INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Delafield Corporation 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Delafield Corporation 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Delafield Corporation 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Delafield Corporation 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Delafield Corporation 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Delafield Corporation 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule: Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Delafield Corporation 401(k) Profit Sharing Plan & Trust (the “Plan”) is intended to give a general summary of its principal provisions. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a salary deferral plan which was established in 1997 to permit employees to make pre-tax savings contributions to the Plan; thereby providing employees with an opportunity to accumulate funds for their retirement.

Effective January 1, 2022, the Plan was amended and restated in order to comply with regulatory and legislative changes.

Plan administration

Delafield Corporation (the “Employer”) is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees who have attained age eighteen become eligible for participation upon being employed and can commence contributing to the Plan on the first of the month following three months of employment.

Contributions

Under the terms of the Plan, all eligible employees, as defined in the Plan, may contribute from 0% per pay period to 100% of their annual compensation up to a maximum contribution of \$20,500 for the year ended December 31, 2023, which is subject to annual adjustment. In addition, participants who have attained age fifty before the Plan year close may make an additional contribution of \$6,500 in 2023, which is subject to annual adjustment.

The Plan has elected to include an automatic enrollment feature. The initial automatic deferral amount (3%) shall increase by 1% of compensation per year up to a maximum of 8%.

Each year, the Employer may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant’s salary reduction contributions. For the Plan year ended December 31, 2023, the Company made matching contributions of 25% of the first 6% of salary reduction contributions.

In addition, the Company can make a discretionary Employer profit sharing contribution. No discretionary Employer profit sharing contributions were made for the Plan years ended December 31, 2023 and 2022.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Investment options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Principal Trust Company, as chosen by the Employer. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer discretionary matching and profit-sharing contributions (if applicable), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferral contributions and actual earnings. However, vesting of the Employer matching and Employer profit sharing contribution portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service the Employer as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Any amounts of Employer contribution forfeited by an employee terminating from the Plan before becoming 100% vested are allocated to the individual accounts of qualifying participants.

Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Participant forfeitures

Forfeited accounts can be used to reduce Plan administrative expenses and the remainder to reduce employer contributions. As of December 31, 2023, outstanding forfeitures available totaled \$2,960. Furthermore, for the year ended December 31, 2023 and 2022, \$0 and \$188 was utilized to reduce employer contributions, respectively. See Note 1 - Contributions.

DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum of 50% of their vested account balance not to exceed \$50,000. Promissory notes must be signed by the participant and are secured by all accounts of the participant. Loans bear interest at a rate reasonable at the time of application and are payable on or before the earlier of the participant's termination or within five years (ten years if the loan is used to acquire a principal residence). Up to two loans may be granted during the twelve months period, however, only one loan can be outstanding at the time.

Benefit payments

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, or in the event of permanent disability or death while employed by the Employer, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. In-service withdrawals are permitted if certain criteria are met. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the plan administrator will authorize the benefit payment without the participant's consent.

Plan termination

While the Employer has not expressed any intent to do so, the Employer reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed to the participants of the Plan in accordance with the provisions of the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Plan administration

Delafield Corporation is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. Excess contributions payable as of December 31, 2023 and 2022 totaled \$20,229 and \$9,842, respectively.

Payment of benefits

Benefits are recorded when paid.

DELAFIELD CORPORATION 401 (k) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Recently adopted accounting guidance

As of January 1, 2023, the Plan adopted Accounting Standards Codification ("ASC") Topic 326, Financial Instruments – Credit Losses, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions, and reasonable and supportable forecasts. The adoption had no impact on these financial statements.

NOTE 3. INVESTMENTS AND INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Trust Company, the trustee, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

DELAFIELD CORPORATION 401 (k) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at quoted net asset value ("NAV") of shares held by the Plan at year end. These funds are required to publish their daily net asset value and transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

Collective investment trust: The Principal Stable Fund (the "Fund") is 100% invested in the Morley Stable Value Fund. The Morley Stable Value Fund invests in conventional, synthetic and separate account investment contracts (collectively "contracts") issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets. For liquidity purposes, the Morley Stable Value Fund may have a portion of its assets invested in high quality money market instruments, investment companies and collective investment trusts. The investment in the Morley Stable Value Fund is valued at its NAV per unit

DELAFIELD CORPORATION 401 (k) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

(i.e. contract value) of the valuation date. The Fund uses this NAV per unit as a practical expedient and represents the proportionate share of the NAV of the Morley Stable Value Fund. The Fund records investment transactions on a trade date basis. Withdrawals from the Fund for benefit payments are paid to plan participants within thirty-days after written notification has been received. The Fund's interests in the Morley Stable Value Fund may be redeemed as of any valuation date. The investment in Morley Stable Value Fund is excluded from the fair value hierarchy. As of December 31, 2023, plan management believes the occurrence of an event that would limit the ability of Fund to transact at contract value with its unitholders is not probable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The trustee is party-in-interest with respect to the Plan. All investments are held with the trustee. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions. As described in Note 2, the Plan made direct payments to the third-party administrator totaling \$49,437. The Company pays directly any other fees related to the Plan's operations.

The plan administrator authorized the plan's trustee to establish a Service Provider Payment Agreement ("SPPA"). The SPPA is funded by the trustee's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable expenses. Shared revenue was \$0 for the year ended December 31, 2023.

NOTE 6. TAX STATUS

The Employer adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) which received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the prototype plan is acceptable under section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator and the plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

DELAFIELD CORPORATION 401 (k) PROFIT SHARING PLAN & TRUST**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2023 AND 2022****NOTE 6. TAX STATUS (Continued)**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE 9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.
