Report of Independent Auditors

Plan Committee
Lexington Health, Inc. 403(b) Retirement Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lexington Health, Inc. 403(b) Retirement Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Committee
Lexington Health, Inc. 403(b) Retirement Plan

Opinion (continued)

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Committee
Lexington Health, Inc. 403(b) Retirement Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Committee
Lexington Health, Inc. 403(b) Retirement Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of the Lexington Health, Inc. 403(b) Retirement Plan (the “Plan”) provides only general information. Participants may refer to the Plan’s documents for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Lexington Health, Inc. and LexMed, Inc. (collectively, the “Hospital”), which provides retirement benefits to employees of the Hospital. Employees may become participants in the Plan immediately upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows ROTH 403(b) contributions of after-tax compensation as well as contributions of any portion of a participant’s pre-tax compensation (as defined by the Plan), subject to contribution limitations specified by applicable laws and regulations. Participants who do not choose a specific deferral rate are automatically enrolled into the Plan at a deferral rate of 3% of pre-tax compensation, unless they opt out of participating in the Plan. The deferral rate for those participants automatically enrolled increases by 1% of pre-tax compensation on the first day of each subsequent plan year until a deferral rate of 6% is reached, unless they elect otherwise. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants to rollover their vested account balance from other qualified retirement plans. Rollovers increased during the year ended December 31, 2023 due to the Hospital hiring a significant amount of new, eligible employees since the Plan’s inception in 2021.

The Hospital is required to make safe harbor matching contributions equal to 100% of the amount of a participant’s elective deferrals up to a maximum of 6% of the participant’s compensation each plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Hospital’s matching contributions, earnings or losses thereon, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a money market fund, and a fully benefit-responsive stable value fund as investment options for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are 100% vested in their account balances at all times.

1. Description of Plan (continued)

Participant Notes Receivable

Participants may borrow from their accounts, subject to certain restrictions. Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Note terms may not exceed five years, except for those made for the purchase of a primary residence. Notes are collateralized by the balance in the participant's account and bear interest at the prime rate on the day the note was initiated. A participant may have no more than one note due to the Plan at any time. Notes outstanding as of December 31, 2023 bear interest ranging from 3.25% to 8.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may, subject to certain conditions, elect to receive their portion of Plan assets under several options specified in the Plan's documents. For termination of service due to other reasons, a participant receives the value of his or her account as a lump-sum distribution. Subject to certain conditions, a participant may receive hardship withdrawals from his or her balance in the Plan while employed. Participants who have attained 59½ years of age are permitted to withdrawal all or part of their account balance as in-service distributions. Participants automatically begin receiving distributions on April 1st of the calendar year following the year in which they have attained 72 years of age. If a participant's account balances does not exceed \$1,000 at the time of termination, the Plan automatically distributes the participant's account balance in a lump sum.

Administrative Expenses

Certain administrative expenses are charged to individual participants' accounts. The Plan pays recordkeeping fees and certain professional expenses. Any administrative expenses not paid by the Plan are paid by the Hospital.

Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Participant Notes Receivable

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions.

Investment Valuation and Income Recognition

The Plan investments are stated at fair value, except for the fully benefit-responsive stable value fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments include the Transamerica Stable Value Core Account, ("TSV"), a sub-account investment option under a group variable annuity contract issued by Transamerica Financial Life Insurance Company ("TFLIC"). TSV is an investment choice held by the general account of TFLIC, and is considered a deposit liability. TSV has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, with no set maturity. While TFLIC declares rates and backs the principal and interest of TSV, any guarantees are subject to the claims paying ability of the insurance company. Participant transactions (purchases and sales) may occur daily. Plan participants may withdraw assets from TSV without restrictions, however TFLIC may impose a holding period at the contract level in the event of a full or partial contract discontinuance. There are no reserves against contract value for credit risk of TFLIC or otherwise.

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Because the stable value option investment meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the stable value fund. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with TFLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Hospital or other Hospital events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer, are probable.

Risk and Uncertainties

The Plan invests in investments that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for plan benefits.

Payment of Benefits

Benefit payments are recorded as paid.

3. Trustee Certification

Information presented in the accompanying financial statements as of and for the years ended December 31, 2023 and 2022, related to investments, net appreciation (depreciation) in fair value of investments, interest and dividends, and notes receivable from participants was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica Retirement Solutions ("TRS") (the trustee of the Plan).

4. Fair Value Measurements

The Plan's investments in mutual funds are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of valuation methodology that are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan's mutual funds were valued using Level 1 inputs. No Level 2 or Level 3 inputs were used by the Plan.

5. Party-in-Interest Transactions

The Plan's investment in the stable value fund was managed by TRS. These fund activities qualify as party-in-interest transactions. TRS also provides investment management and recordkeeping services to the Plan. All transactions with TRS qualify as party-in-interest transactions. Fees paid by the Plan to TRS for investment management and recordkeeping services totaled approximately \$286,000 and \$202,000 for the years ended December 31, 2023 and 2022.

Party-in-interest transactions, including participant notes receivable, are exempt from the prohibited transaction rules of ERISA.

6. Income Tax Status

The Plan operates under a volume submitter plan document designed to be in compliance with the requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service ("IRS") issued an advisory letter for the volume submitter plan document on March 31, 2017, stating that the form of the volume submitter plan was acceptable under Section 403(b) of the IRC for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

December 31, 2023 and 2022

6. Income Tax Status (continued)

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2023 and 2022. The Plan is subject to routine audits by tax authorities; however, there are currently no audits in progress.

7. Subsequent Events

Management evaluated events and transactions after December 31, 2023 through October 3, 2024, the date the financial statements were available to be issued, and determined there were no subsequent events to report.
