INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Participants of
Bold North America, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Bold North America, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2023 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution")

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year at December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Board of Directors and Participants of
Bold North America, LLC 401(k) Plan
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Bold North America, LLP 401 (K) Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Bold North America, LLC (the "Plan Sponsor", "Employer", "Company") who are at least 18 years of age, excluding employees that are covered by a collective bargaining agreement and non-resident aliens. Employees are eligible to participate upon hiring. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established effective January 1, 2006.

Contributions

Each year, participants may elect to defer up to 100 percent of their compensation on a pre-tax basis. They may also elect to make Roth contributions to the plan on an after-tax basis. The Plan includes an automatic feature with a 6 percent pre-tax deferral for all eligible new hires and rehired employees each pay period. Federal law limits the amount participants may defer under the Plan to \$22,500 for 2023 and \$20,500 for 2022. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions up to \$7,500 for 2023.

Upon enrollment in the Plan, a participant may direct employer and employee contributions to any of the available investment options offered by the Plan. Investment elections are subject to the rules and limitations prescribed by the Plan Administrator.

The Company matches \$0.50 for each dollar contributed by the participant with **C o m p a n y m a t c h i n g** contributions not exceeding 3% of the participant's salary.

The Employer may, at its discretion, make a Profit-Sharing Contribution as determined by the Company. Such contributions, if made, will be allocated to the Profit-Sharing Contribution Account of each eligible Participant on a pro rata basis. Participants must complete at least 500 hours of service during the Plan Year and be employed on the last day of the Plan Year to be eligible to receive a profit-sharing contribution. No profit sharing contributions were made during 2023 and 2022.

The Plan may accept rollover contributions made on behalf of any eligible employee who meets the age and service requirements of the Plan.

Investment

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers funds with registered investment companies as investment options for participants.

Notes to the Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) investment earnings and charged with an allocation of administrative expenses and any forfeited balances. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefits to which a participant is entitled are those that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Sponsor's contributions portion of their accounts is based on years of continuous service. Participants become 100% vested after completing five years of credited service. The Plan's vesting schedule is as follows:

<u>Years of Vesting Service ⁽¹⁾</u>	<u>Percentage</u>
Less than one year	0%
One year but less than two years	50%
Two years or more	100%

(1) Years of service are defined as periods in which an employee completes at least 1,000 hours of service.

Notes Receivable from Participants

Notes receivable from participants are limited to the lesser of \$50,000 (minus the highest outstanding loan balance during the last 12 months) or 50 percent of the participant's vested account balance. Loans may not exceed a term of five years and are secured by the participant's vested account balance. Principal and interest are repaid via payroll deductions in equal installments.

Payment of Benefits

Participants may receive benefits upon reaching age 59½, termination of employment, disability, or death. Participants may elect to receive their vested account balance in the form of a lump sum payment or installments. Hardship withdrawals are permitted under certain conditions as defined by the Plan.

Forfeited Accounts

Distribution - The non-vested portion of a participant's account is forfeited if the employee receives a full distribution of their vested account balance upon termination of employment.

Partial or no distribution - Non-vested balances at the participant's termination date are forfeited after five consecutive one-year breaks in service if the participant does not receive a full distribution.

Reemployment - Forfeited amounts may be restored if the participant is reemployed and repays the full amount of the previous distribution within the earlier of five years or five consecutive breaks in service.

Forfeitures are used to reduce future employer contributions or to cover plan related expenses. As of December 31, 2023 and 2022, forfeited balances amounted to \$23,879 and \$8,712, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan's investments are reported at fair value, which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional disclosures of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable are treated as distributions according to the Plan's terms.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from the Plan's financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. INFORMATION CERTIFIED BY MILLENIUM TRUST, INC.

Millenium Trust, Inc., the custodian for the Plan has provided certification as to the completeness and accuracy of the following financial data included in the financial statements and supplemental schedules as of and for the years ended December 31, 2023 and 2022:

- Investments and significant transactions
- Fair values
- Transfers in/out
- Net depreciation or appreciation in fair value of investments
- Interest income and dividends
- Reportable transactions
- Number of shares

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurement, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Exchange traded funds: Exchange Traded Funds are pooled investment opportunities that typically include baskets of stocks, bonds and other assets grouped based on specified fund objectives. The fair value of exchange traded funds is valued at quoted prices in an active market. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The exchange traded funds held by the Plan are deemed to be actively traded.

5. PARTY-IN-INTEREST AND RELATED-PARTY TRANSACTIONS

Plan investments consist of funds administered by Betterment Securities, recordkeeper, and Millenium Trust, Inc., the Plan's trustee and custodian. These transactions qualify as party-in-interest transactions. Other related parties consist of Bold North America, LLC as employer; directors, officers and employees of Bold North America, LLC; and Driven, PSC, as service providers. At December 31, 2023 and 2022, the Plan had transactions that are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan terminates, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee, or their beneficiaries accrued under the Plan up to the date of such termination.

7. INCOME TAX STATUS

The Internal Revenue Service (IRS) issued a favorable determination letter dated March 31, 2014, stating that the Plan and its related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by tax authorities but not such audits are currently in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. SUBSEQUENT EVENTS

Effective January 25, 2024, Fidelity Management Trust Company was appointed as the new trustee and recordkeeper for the Plan. Management does not anticipate that this change will have a material impact on the financial statements or the Plan's compliance with ERISA requirements.

The Plan Administrator evaluated subsequent events through October 10, 2024, the date on which the financial statements were available to be issued. There are no material subsequent events that would require further disclosure in the Plan's financial statements, aside from the one described above.
