Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Greyhound Lines, Inc. – National Local 1700 of the Amalgamated Transit Union Health & Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and the benefit obligations of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits and the changes in benefit obligations for the years ended December 31, 2023 and 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Greyhound Lines, Inc. (Greyhound and also Plan Sponsor) - National Local 1700 of the Amalgamated Transit Union Health & Welfare Plan (the Plan) provides only general information. For a more complete description of the Plan's provisions, refer to the Summary Plan Description.

General

The Plan, a defined benefit health and welfare benefit plan, was established as a result of a collective bargaining agreement between Greyhound and the National Local Union 1700 of the Amalgamated Transit Union (the ATU). Certain benefits are provided by the Plan through insurance, although medical is on a self-insured basis. The Plan receives its funding through the Greyhound Lines, Inc. Welfare Benefits Trust for Represented Employees (the Trust). In the event that Plan liabilities exceed assets, the Trustees will either reduce the level of Plan benefits or raise participant premiums. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The assets of the Plan are held by the Trust and were invested by BMO Harris Bank and Bank of America Securities (the Custodians).

Contributions

The Plan is funded by participant and Greyhound contributions. Participants contribute specified amounts, determined by an actuary to meet the funding ratio established by the collective bargaining agreement for the estimated obligations of the Plan, for their elected coverage. Greyhound is required by the collective bargaining agreement to make specific contributions per participant, and these contributions are required to fund a minimum portion of the total cost of the Plan.

Benefits

The Plan provides medical benefits to qualified full-time active employees of Greyhound who are represented by the ATU Collective Bargaining Agreement and to covered dependents. A full-time active employee is one who is scheduled to work 1,500 hours or more per year. The medical benefits are offered through two points of service plans. The Plan has a stop loss policy to cover any individually large claims incurred. Additional benefits are described as follows:

Flexible Spending Account – The Plan provides before-tax benefits for qualified employees of Greyhound that are enrolled in the Plan. Two options are available to participants, each covering a different type of expense. The first option contributes the participant's before-tax dollars towards the Plan and the second option provides reimbursable dollars for Internal Revenue Service (IRS) deductible charges not paid by an insurance plan.

Employee Assistance Program (EAP) – The Plan offers short-term counseling services on a confidential and voluntary basis to all full-time and part-time active employees participating in the Plan. The EAP is fully insured and has no assets or liabilities. Premiums are paid monthly by the Trust based on the number of employees within the Plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Benefits (Continued)

Vision – The Plan offers discounted rates on eye examinations, frames, lenses, contacts, and accessories through a network of providers. The vision benefits are fully insured and premiums are paid by the Plan with 100% participant contributions.

Prescription Drug Program – The Plan offers retail and mail order prescription drugs at a reduced cost to the participants provided that certain qualifications have been met. The Plan utilizes a pharmacy benefit manager which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Life Insurance – The Plan provides $10,000 in basic life insurance for every eligible employee at no cost to the employee. The employees have the option of purchasing additional life insurance up to a total coverage of $130,000.

Dependent Life Insurance – Employees may purchase life insurance for their spouse and/or dependent children.

Accidental Death & Dismemberment Coverage – This coverage is intended to provide benefits in the event an employee has a serious accidental injury or death. The cost is paid by the employees.

Supplemental Coverage – The Plan also offers employees the option of purchasing coverage for short-term disability, personal accident, and/or critical illness.

Dental – Employees may purchase dental insurance for themselves and their families. The cost is paid by the employees.

Plan Administration

The Plan is administered by a Board of Trustees, including three trustees appointed by Greyhound and three trustees appointed by the executive board of the ATU. The Board of Trustees, in turn, has appointed a Plan Administrator who oversees the day-to-day operations of the Plan.

Amendment and Termination of the Plan Agreement

Although it has not expressed any intent to do so, the Plan Agreement may be amended by Greyhound and the ATU or Board of Trustees at any time unless such amendment violates the collective bargaining agreement. The Plan may be terminated with the consent of both Greyhound and the ATU. No such termination is contemplated, but if it should occur, the assets of the Plan shall be used to pay or provide for the payment of any and all obligations hereunder in accordance with the provisions of the Plan and the directions of the Trustees. No portion of the assets of the Plan, directly or indirectly, shall revert to or accrue to the benefit of Greyhound.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, claims incurred but not reported (IBNR), and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates include computation of the IBNR liability reported in the Statements of Benefit Obligations as of December 31, 2023 and 2022.

Money Market Accounts

Money market accounts are carried at cost which approximates fair value.

Claims Incurred but not Reported

Amounts currently payable for claims incurred but not reported are estimated based on a lag study performed by CIGNA Healthcare, the Plan's claims administrator. The trustees of the Plan believe these claims will be paid during the following fiscal year. Thus, the cost of such claims would be approximately equal to the present value, and therefore, these claims were not discounted. The Plan has a specific stop loss insurance contract, which limits the Plan's liability on paid claims to certain maximum amounts.

Payment of Benefits

Claims payments are recorded when paid by the third-party claim administrator. These payments are recorded as medical claims paid in the accompanying statements of changes in net assets available for benefits.

Stop Loss Premiums and Insurance

Premiums for stop loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits. Stop loss refunds totaling $126,128 and $2,973 at December 31, 2023 and 2022, respectively, are disclosed in the accompanying statements of changes in net assets available for benefits.

Medical and Prescription Refunds

Medical and prescription refunds are recorded when earned. Refunds due as of the financial statement date are reported as a receivable, with the offset being netted against claims paid. Medical and prescription refunds of $1,127,554 and $967,686 for the years ended December 31, 2023 and 2022, respectively, have been netted against claims paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Postemployment Benefits

Postemployment benefits under COBRA are available under the Plan for the continuance of benefits offered for an eighteen-month period upon the election of the separated participant. Because all termed participants receiving benefits pay the full cost designed to cover all claims incurred by these participants, no postemployment benefit obligation has been recorded at December 31, 2023 and 2022.

Administrative Expenses

Administrative expenses of the Plan are paid by the Trust and consists primarily of processing fees, insurance costs, plan administration wages, consulting fees, audit fees and bank fees.

NOTE 3 FINANCIAL INSTRUMENT RISK

The Plan maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan Sponsor believes the Plan is not exposed to any significant credit risk on its cash accounts.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market accounts: Valued at cost which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Money Market Account	$ -	$ 1,180,083	$ -	$ 1,180,083

	2022			
	Level 1	Level 2	Level 3	Total
Money Market Accounts	$ -	$ 1,123,585	$ -	$ 1,123,585

NOTE 5 FEDERAL INCOME TAX STATUS

The VEBA trust funding certain benefits of the Plan received an exemption letter from the IRS dated September 19, 1995, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC). However, as a result of the Plan's funding policy, from time to time the Trust may be subject to income taxes. No federal or state income taxes have been recorded in 2023 and 2022 for unrelated business taxable income.

In addition, the Plan and Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There is a DOL examination in progress in its early stages and any potential impact has not been determined as of October 14, 2024.

NOTE 6 EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are cash and money market funds managed by BMO Harris Bank and Bank of America Securities. BMO Harris Bank and Bank of America Securities are the Custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect balances and the amounts reported in the statements of net assets available for benefits.

The estimated Plan benefit obligation for IBNR claims is reported based on a lag study performed by CIGNA Healthcare. Due to the uncertainties in the estimations and assumptions process, it is at least reasonably possible that the ultimate settlement of claims could differ materially from the amount recorded in the financial statements.

NOTE 8 SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.
