Plan Administrator and Management
Plastic Omnium Lighting Systems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Plastic Omnium Lighting Systems 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year-end - schedule H, line 4i and schedule of delinquent participant contributions - schedule H, line 4a as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plastic Omnium Lighting Systems 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 1. Description of Plan

The following description of the Plastic Omnium Lighting Systems 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of OPmobility, formerly Plastic Omnium Lighting Systems, Inc., (the Company) except non-resident aliens and members of an excluded class, such as union and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

The Plan was formerly the OSRAM Continental USA 401(k) Plan covering employees of OSRAM Continental USA, Inc. Effective January 1, 2022, the name of the Plan was changed to AMS OSRAM Automotive Lighting Systems USA, Inc. 401(k) Plan following the dissolution of OSRAM Continental USA, Inc. and the establishment in October 2021 of AMS OSRAM Automotive Lighting Systems USA, Inc. In July 2022, AMS OSRAM sold Automotive Lighting Systems to the Company. In March 2024, the Company was renamed to OPmobility under rebranding efforts.

The Plan was most recently amended and restated effective November 1, 2022, to reflect the change in ownership to Plastic Omnium Lighting Systems, Inc.

Contributions

Participant can elect to defer up to 75% of their annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund unless changed by the participant. Automatic deferrals increase by 1% annually up to 10% of eligible compensations unless the participant has made an election. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a safe harbor match equal to 100% of the first 6% of the participant's contribution. The Company also may make an additional discretionary contribution. Employer contributions are allocated to the participant-directed investment options pro-rata to participant contributions. No additional discretionary Company contributions were made in 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Company contributions not allocated to participant accounts at December 31, 2023 and 2022 were \$1,670 and \$42,542, respectively. Unallocated cash of \$40,919 was used during 2023 to reduce employer matching contributions.

Plastic Omnium Lightning Systems 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 1. Description of Plan

Vesting

Participants are immediately fully vested in all contributions into the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The Plan allows for a maximum of 2 loans to be outstanding at a time. Loan interest rates are set at 2% above the prime lending rate, as defined. Principal and interest is paid ratably through payroll deduction.

Payment of Benefits

Upon termination of services a participant may elect to receive 100% of the interest in their account in the form of a lump-sum or as partial payments. Distributions are also permitted when a participant reaches the normal retirement age of 65.

In-service distributions may be made in the event of hardship, as defined by the Plan document. In-service distributions may also be made from the Plan upon attaining 59 ½ years of age.

Forfeited Accounts

Forfeited participant account balances may be used to pay administrative expenses or offset future Company contributions. No forfeitures were used by the Plan in 2023. Forfeited, non-vested balances were \$0 at December 31, 2023 and 2022.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Plastic Omnium Lightning Systems 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 2. Summary of Significant Accounting Policies

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant notes receivable are charged directly to the participant's account. Investment-related expenses are included in net change in fair value of investments.

Note 3. Certification

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan.

- Investments at fair value
- Notes receivable from participants
- Net change in fair value of investments
- Interest income on notes receivable from participants

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and that the Plan has the ability to access.

Level 2 inputs are based on observable inputs corroborated by market data but not quoted on active markets.

Level 3 inputs are based on unobservable inputs and include situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pooled Separate Accounts: Funds that include units of an insurance company's pooled accounts valued at the net asset value (NAV) of units of the accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pursuant to Accounting Standards Update 2015-07, *Fair Value Measurement*, the pooled separate accounts measured at NAV have not been classified in the fair value hierarchy.

Plastic Omnium Lightning Systems 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 4. Fair Value Measurements

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2023 and 2022.

The following table sets forth the Plan's investments:

	2023	2022
Pooled separate accounts measured at NAV practical expedient	\$ 6,171,623	\$ 5,499,354

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2023.

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 6,171,623	N/A	Daily	N/A

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022.

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 5,499,354	N/A	Daily	N/A

The Plan holds various pooled separate accounts that are not direct filing entities. A majority of these pooled separate accounts seek to mirror the investment objectives and strategies of the underlying mutual fund for which the pooled account is named. Certain other pooled separate accounts are target date funds which seek capital appreciation and current income consistent with asset allocations that become more conservative over time to the specified target retirement date. The pooled stable value fund seeks to preserve principal and accumulate interest.

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments are maintained by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan. The Plan pays administrator fees to the custodian. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan under the provisions of ERISA.

Plastic Omnium Lightning Systems 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 7. Tax Status

The Plan adopted a non-standardized defined contribution pre-approved plan document sponsored by Employee Benefit Services, Inc. The non-standardized sponsor has received an opinion letter from the IRS as to the non-standardized plan's qualified status. The non-standardized plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, no uncertain positions have been taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to IRS examinations for the years prior to 2020 .

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9. Non-exempt Transactions

During the years ended December 31, 2022 and 2021, participant contributions totaling \$84,119 and \$859,951, respectively, were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company corrected by depositing lost earnings to the Plan in February 2024. Procedures have been implemented to ensure that all future remittances are made within the prescribed time period.

Note 10. Other Employer Contributions

Other employer contributions are for corrections by the Company for failure to increase deferrals under the automatic deferral increase provisions of the Plan. The Company will correct the missing deferrals along with lost earnings in 2024.

Note 11. Subsequent Events

Management has evaluated subsequent events through October 14, 2024, the date on which the financial statements were available for issuance.
