INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Modern Transportation Services, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Modern Transportation Services, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**MODERN TRANSPORTATION SERVICES, INC.
401(K) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of Modern Transportation Services, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Activity - The Plan covers substantially all employees of Modern Transportation Services, Inc. and any other entity that has adopted the Plan with the approval of Modern Transportation Services, Inc. (Modern Transportation Services, Inc. and the entities which have adopted the Plan will be referred to collectively as the "Company.")

Eligibility - Employees are eligible to enter the Plan on the date they first perform an hour of service. Elective salary deferrals begin with the first full payroll period after an employee's entry date. Employees who attain the age of eighteen and complete one year of service are also eligible for employer matching and discretionary profit sharing contributions as described below.

Contributions - Participants may elect to withhold a percentage of the participant's compensation as a pretax contribution up to the maximum amount determined each year by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions as permitted by the IRS. The Plan also accepts rollover contributions from other qualified plans.

For the years ended December 31, 2023 and 2022, the Company elected to match, under Safe Harbor provisions, 100% of the first 3% of eligible participants' annual compensation contributed to the Plan plus 50% of the next 2% of eligible participants' annual compensation contributed to the Plan. Compensation is defined in the plan agreement. The maximum compensation amount used to calculate employer matches is limited each year by IRS regulations.

In addition, the Board of Directors may approve a discretionary profit sharing contribution. There were no discretionary profit sharing contributions for the years ended December 31, 2023 and 2022.

Participant Rollovers - Participant rollovers represent nonforfeitable contributions from other qualified plans, including loans.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company's matching contribution, the Company's profit sharing contribution and plan earnings; and charged with an allocation of plan losses and fees. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and Safe Harbor employer matching contributions plus earnings thereon.

Non-Safe Harbor employer matching and discretionary contributions plus earnings thereon vest according to the following schedule where a year of service is defined as achieving 1,000 service hours during any plan year:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants are 100% vested in the event of total disability, death or upon reaching retirement age.

Forfeitures - Forfeitures represent the non-vested portion of participant accounts remaining in the Plan for all terminated employees. Forfeitures may be applied to pay any administrative expenses of the Plan and then to reduce any Company contributions. There were no forfeitures used to reduce employer contributions or pay plan expenses during the year ended December 31, 2023. During the year ended December 31, 2022, forfeitures of \$2,273 were used to reduce employer contributions. At December 31, 2023 and 2022, unapplied forfeitures were \$13,199 and \$519, respectively.

Investment Options - Upon enrollment in the Plan, a participant may direct the investment of his or her contributions into various investment options offered by the Plan. The Plan is currently invested in various funds maintained by Empower Trust Company, LLC.

Notes Receivable from Participants - Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of the participant's vested account balance. The notes are secured by the balance in the participant's account. All notes must be repaid in their entirety over a maximum of five years, unless the purpose of the note is to purchase a principal residence. Principal and interest are paid through weekly and bi-

weekly payroll deductions. Participant loans of \$194,183 and \$146,510 were outstanding at December 31, 2023 and 2022, respectively. These participant loans bear interest at 4.25% to 9.5%, which is commensurate with the local prevailing rate as determined quarterly by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, or for those participants with vested account balances in excess of \$5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution of the entire vested account balance, single-sum distribution of a portion of the vested account balance, or installments for a specific period of time. Participants with vested account balances of \$5,000 or less will receive their distribution in a lump-sum. Benefit payments to participants are recorded at the time of distribution.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan or by the Company, as provided by the plan agreement.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets during the reporting periods. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties - Plan assets are comprised of various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition - Investments are carried at their fair value based upon published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The unrealized appreciation or depreciation of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation or depreciation of investments is determined by the change in the current market value from the beginning of the year (if held since the beginning of the year) to the date of sale, or from the date of purchase to the date of sale. Gains and losses on securities sold or redeemed are determined

on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Fair Value Measurements - Accounting principles generally accepted in the United States of America establish a framework for measuring the fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but they are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2023 and 2022.

- *Mutual Funds*: Mutual funds are valued using a quoted price in an active market (Level 1 measurement).
- *Collective Trust Funds*: Collective trust funds are valued at net asset value of units of a common collective trust, which is a practical expedient to estimate fair value and is excluded from the fair value hierarchy. Investments are redeemable on a daily basis without restriction. There are no unfunded commitments to these funds at December 31, 2023.
- *Group Annuity Contract*: The group annuity contract, Empower Key Guaranteed Portfolio Fund, is a public investment vehicle that is not fully benefit-responsive. The fund is valued using the value provided by the custodian on the last day of the Plan's year end. That value is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. Participants can redeem units daily for the purpose of funding benefit payments, making participant loans, transferring the participant's interest in the Plan to another investment election or paying custodian fees. The units of participation are valued at the

fair value of the trusts' underlying assets. Because this investment is measured at fair value using the net asset value per share practical expedient, it is not classified in the fair value hierarchy.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events - Management has evaluated subsequent events through October 14, 2024, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

Empower Trust Company, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income (loss), as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- The schedule of assets held for investment purposes as of December 31, 2023.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion subject to the provisions of ERISA. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The assets of the Plan will be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Plan operates under an adoption agreement to connection with non-standardized pre-approved profit sharing plan from Metro Benefits, Inc. The Internal Revenue Service has stated in a letter dated June 30, 2020 that the plan is acceptable for use by employers under IRC Section 401. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently

being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Management believes there is no liability related to uncertain tax positions at December 31, 2023 and 2022. The Plan is subject to tax examinations for years subsequent to December 31, 2020.

5. PARTIES-IN-INTEREST AND RELATED PARTIES

Empower Trust Company, LLC serves as the custodian of the Plan and provides access to certain mutual funds and a group annuity contract as investment options and, accordingly, is considered a party-in-interest.

Certain administrative functions of the Plan are performed by employees of the Company. Neither the Company nor its employees receive compensation from the Plan.
