Jenner & Block Profit Sharing Plan - #201
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jenner & Block Profit Sharing Plan - #201, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jenner & Block Profit Sharing Plan - #201's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of Jenner & Block Profit Sharing Plan - #201 and to meet our other ethical responsibilities, in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jenner & Block Profit Sharing Plan - #201's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jenner & Block Profit Sharing Plan - #201's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jenner & Block Profit Sharing Plan - #201's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Jenner & Block Profit Sharing Plan - #201 (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is comprised of two portions, a profit-sharing component and a salary deferral component. Under the profit-sharing component, all employees of Jenner & Block LLP (Firm), other than non-partner attorneys, are eligible to participate after attaining the age of 21 and completing nine months of service. Under the salary deferral component, all partners and employees are eligible to participate once they have attained the age of 21. An employee who meets these eligibility requirements may become a participant in the Plan as of the first day of the first calendar month commencing after the date the employee meets the eligibility requirements, as defined by the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. The Firm oversees governance of the Plan. The Plan's Investment Committee determined the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Firm's Management Committee.

Contributions

Contributions to the Plan under the profit-sharing component are determined at the discretion of the Firm and are made within the time permitted by the Internal Revenue Code (IRC). Contributions are allocated among employee participants based upon the participant's earnings (as defined by the Plan).

Employees participating under the salary deferral component of the Plan may elect to contribute to the Plan a portion of their compensation (as defined by the Plan) on a pre-tax basis and, effective June 1, 2008, the Plan allows participants to designate all or part of their elective deferrals to the Plan to be treated as after-tax Roth contributions. Both pre-tax and after-tax contributions are subject to an annual maximum limitation of \$22,500 and \$20,500 in 2023 and 2022, respectively. Participants over age 50 are allowed catch-up contributions of \$7,500 and \$6,500 in 2023 and 2022, respectively, in addition to the aforementioned amounts. The pre-tax contributions are not currently subject to federal and state income taxes but are taxed upon distribution to the participants. The Roth contributions must be accounted for separately by the Plan and if certain qualifications are met, distributions are not taxed. The participants may direct the investment of funds held for their accounts by the custodian in various registered investment companies, equity securities, government securities, cash held in money market accounts, certificates of deposit and other actively traded securities.

Effective June 15, 2016, the Plan implemented auto enrollment at 6% of eligible compensation with an annual increase of 1% until the deferral percentage reaches 10%. The Plan was amended to convert participant elective deferrals from flat dollar amounts to percentages of compensation.

Participant Accounts

A separate account is established for each participant who elects to invest funds in that option. Earnings (losses) on each investment are allocated to participants based on the percentage of the participant's account prior to earnings (losses) allocated to the fund total. Information relating to the net assets of each investment option at the end of the year and changes in net assets during the year is provided to participants in statements of activity sent to each participant quarterly. Financial statements of all these investment options are also on file with the plan administrator. In addition, participants may elect to self-direct the investments of funds held for their accounts into any investment not specifically prohibited by

Jenner & Block Profit Sharing Plan - #201
Notes to Financial Statements
December 31, 2023 and 2022

the Plan. A participant's self-directed account is credited with the net investment income (loss) earned within their account.

Vesting

Participants are immediately vested in their plan accounts.

Forfeitures

Forfeitures can be used first to reduce employer contributions or can be used to reduce administrative expenses. At December 31, 2023 and 2022, forfeited accounts amounted to \$4,213 and \$3,439, respectively. Forfeitures of \$0 were used to pay administrative expenses during 2023 and 2022.

Notes Receivable From Participants

Participants may also be granted loans at the discretion of the plan administrator. A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of his or her vested balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the plan administrator, currently 4.25% to 9.50% at December 31, 2023. All loans must have a definite repayment schedule as defined in the plan documents. Principal and interest are paid ratably through monthly payroll deductions. No allowance for doubtful accounts is considered necessary at December 31, 2023 and 2022.

Payment of Benefits

Upon normal retirement, death, disability, attainment of age 59 ½ or termination of employment, if earlier, the full value of a participant's separate account, less notes receivable, is payable to the participant or his/her beneficiary. Benefits distributable under the Plan for any reason are paid pursuant to the election of the participant by lump-sum or partial distribution in cash. In addition, the plan administrator, in its sole discretion, may make a lump-sum payment if the participant's accrued benefit is less than \$1,000.

Distribution of a participant's benefits, as defined in the plan document, must commence no later than April 1st of the calendar year following the later of:

- (1) The calendar year in which the participant attains age 70½;
- (2) The calendar year in which the participant retires.

Effective January 1, 2020, under the SECURE Act, the age increased to 72 for individuals born on or after July 1, 1949.

Except as limited by the required minimum distribution provisions as defined in the plan document, whenever the plan administrator is to make a distribution, the distribution may be made on such date or as soon thereafter as is practicable. However, unless a former participant, as defined in the plan document, elects otherwise, the payment of benefits shall commence no later than 60 days following the end of the plan year in which the latest of the following occurs:

- (1) The participant reaches normal retirement age of 65, if earlier;
- (2) Ten years from the date the participant initially becomes a participant;
- (3) The date the participant terminates employment with the Firm.

Notwithstanding the foregoing, the failure of a participant to consent to a distribution that is "immediately distributable" shall be deemed to be an election to defer the commencement of payment of any benefit sufficient to satisfy the section.

Jenner & Block Profit Sharing Plan - #201
Notes to Financial Statements
December 31, 2023 and 2022

A participant may elect to withdraw all or any portion of his or her account, provided that the withdrawal is necessary in light of immediate heavy financial needs of the participant.

Revenue Sharing and Administrative Expenses

Fidelity Management Trust Company (Fidelity) receives revenue from registered investment company and common or collective trust fund service providers for services Fidelity provides to the funds. If the revenue received by Fidelity from such registered investment company or common or collective trust fund service providers exceeds the amount owed under the agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Effective April 1, 2015, due to a change in fee structure, any revenue sharing received from Fidelity was allocated back to the participants. Revenue credits were \$56,436 and \$91,316 for the years ended December 31, 2023 and 2022, respectively. The Plan has revenue credits of \$158 and \$8,306 available as of December 31, 2023 and 2022, respectively.

Expenses incurred in the administration of the Plan are paid by the Firm and the participants. Certain employees of the Firm provide administrative services to the Plan. These employees are not paid by the Plan for their services. For the years ended December 31, 2023 and 2022, plan expenses were \$197,114 and \$187,350, respectively.

Revenue share credits and administrative expenses are presented net on the statements of changes in net assets available for benefits.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies and most self-directed brokerage accounts are valued at quoted market prices. Investments in money market, cash reserve, and certificate of deposit funds are valued at market which is also consistent with cost. The common or collective trust funds are valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liability. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2023 and 2022.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis; related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Note 3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) components and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Jenner & Block Profit Sharing Plan - #201
Notes to Financial Statements
December 31, 2023 and 2022

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodology used at December 31, 2023 and 2022.

The fair value of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

Money market and cash reserve accounts are carried at cost, which approximates fair value (Level 1 inputs).

Participant-directed brokerage accounts largely consist of registered investment companies, money market and cash reserve accounts, common and preferred stock, debt instruments, and U.S. treasuries. Common stock and U.S. treasuries are valued at quoted closing prices reported on the active market on which the individual securities are traded (Level 1). Participants can also direct their investments into certificates of deposits which are based upon Level 2 inputs.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2023 and 2022:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total	<u>\$431,393,536</u>	<u>\$270,927,725</u>	<u>\$ 1,788,713</u>	<u>\$ -</u>

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA as amended by subsequent legislation. In the event of plan termination, participants will become 100% vested in all of their account balances.

Note 6. Income Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the determination letter, the plan administrator believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC, and therefore, believed that the Plan was qualified, and the related trust was tax exempt.

Note 7. Party-in-Interest Transactions

Certain plan investments are managed and held by Fidelity. Fidelity is the custodian and record keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term as such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.
