Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan
Little Ferry, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed audits of the accompanying financial statements of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the 2023 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2023 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the 2023 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2023 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the 2023 Financial Statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the 2023 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of Dassault Falcon Jet Corporation Retirement Income Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

DASSAULT FALCON JET CORPORATION 401(k) INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

1. Significant Accounting Policies

a) Basis of Presentation. The financial statements of the Dassault Falcon Jet Corporation 401(k) Investment and Savings Plan (the "Plan") have been prepared on the accrual basis of accounting.

b) Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition. Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

d) Payment of Benefits. Benefits are recorded when paid.

e) Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distribution based upon the terms of the plan document.

2. Description of the Plan

The following description of the Plan is provided for general information only. Participants should refer to the Plan document for more complete information.

a) General. The Plan is a salary reduction plan created in accordance with the Internal Revenue Code (the "Code"). All employees of Dassault Falcon Jet Corp. DASSAULT FALCON JET CORPORATION 401(k) INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

c) Forfeitures. The Plan's forfeiture account captures unvested amounts from terminated participants and any other unvested sources. The monies in the forfeiture account can be used to offset future employer contributions and reasonable plan expenses, as defined applicable rules and regulations. All assets in the forfeiture account are a Plan asset and are used to benefit the Plan. During the year ended December 31, 2023, approximately \$31,000 was added to the forfeitures account and approximately \$207,000 was used to reduce the profit sharing contribution or employer match made by the Company. The Plan had accumulated forfeitures of approximately \$70,900 and \$144,300 as of December 31, 2023 and 2022, respectively.

d) Participant accounts. The Plan is an individual account plan, i.e., each participant has their own account in the Plan and exercises control over the assets in their account. Each participant's account is credited with the participant's contributions, plan earnings, and allocated forfeitures. Participants direct the investment of their contributions into various investments options offered by the Plan. The Plan provides for certain participant-directed investment options among the investments listed in the statement of net assets available for benefits. Participants can split their contributions in multiples of 1%. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e) Vesting. The participants have full and immediate 100% vesting in their contributions and related interest and earnings credited to their accounts. Participants become fully vested in the portion of their accounts attributed to the Company's contributions after completing three years of service, as defined in the Plan document.

f) Notes receivable from participants. Participants are eligible to borrow from their account upon approval from the Plan administrator. A participant may not have more than one outstanding loan at any time. The loan must be paid back within five years or fifteen years if used to purchase a principal residence. The amount of any loan to a participant when added to the individual's outstanding loans from this Plan and any other plan maintained by this employer or a related employer shall not exceed the lesser of \$50,000 or 50% of the vested portions of the participant's account as of the valuation date coinciding with or immediately preceding the date of the loan. The minimum loan amount is \$1,000. The interest rate is determined by the plan administrator as of the date the loan is made. Interest rates on loans shall be reasonably commensurate with current interest rates charged for loans under similar circumstances by persons in the business of lending money.

g) Payment of Benefits. On termination of service, participants can receive their vested benefits as a lump sum payment subject to federal income tax withholding, have the payment made as a "direct rollover" to an individual retirement account or to another employer's tax qualified plan, or receive their vested benefits in fixed installments, as directed by the participant.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

h) Plan administrative expenses. Costs and expenses incurred with regard to the purchase, sale and transfer of securities in connection with the operation of the Plan are charged to the Plan. The Company pays substantially all other administrative expenses of the Plan.

3. Party-in-interest Transactions

Certain plan investments are shares of mutual funds managed by Bank of America, N.A. (“Bank of America”). Bank of America is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan’s revenue account collects investment-related revenue, which is then used to offset Plan administrative expenses (Recordkeeping, Investment Advisory, Audit, mailing, etc.), as defined by applicable rules regulations. All assets in the revenue account are a Plan asset and are used to benefit the Plan. Total additions to the Plan’s revenue account approximated \$1,000 during the year ended December 31, 2023. This amount is shown in the net realized and unrealized depreciation in fair value of investments in the statement of changes in net assets available for benefits. There were no Plan expenses paid by the revenue account during the year ended December 31, 2023. The Plan’s revenue account approximated \$23,000 and \$22,000 as of December 31, 2023 and 2022, respectively.

4. Investment Information Certified by the Trustee

The following is a summary of the investments and notes receivable from participants regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by Bank of America N.A. and Mass Mutual Life Insurance Company, the trustees of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

5. Fair Value Measurements

The Plan adopted the fair value method to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, fair value is classified into three broad levels, which are described below:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.
- Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs or minimize the use of unobservable inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

DECEMBER 31, 2023

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value, a practical expedient to fair value, of units held by the Plan at year-end.

Cash equivalents: Comprised of investments in an institutional money market fund that permits daily redemption and is valued at cost plus accrued interest.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. During fiscal year 2023 there were no transfers of assets between Levels 1, 2, and 3.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

DASSAULT FALCON JET CORPORATION 401(k) INVESTMENT AND SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

7. Investment Contract

The Plan had entered into a fully benefit-responsive guaranteed investment contract. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the contract was fully benefit - responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract was presented at contract value on the face of the statement of net assets available for benefits. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents; (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations; (4) the failure of the Plan to qualify under the Internal Revenue Code; or (5) premature termination of the contract. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their individual account balance.

9. Income Tax Status

The Plan operates under a nonstandardized prototype retirement plan sponsored by CCH Incorporated, DBA FTWilliam.com. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken.

The Plan is subject to routine audit by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

10. Subsequent Events

The Company, in relation to the Plan, has evaluated all significant activities through October 14, 2024, the date the report was available to be issued.
