INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
403(b) Thrift Plan for All Well-Being Services
Detroit, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan for All Well-Being Services (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the years ended December 31, 2023 and 2022 and stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report
(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules as identified in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements
December 31, 2023 and 2022

1) DESCRIPTION OF THE PLAN

The following description of the 403(b) Thrift Plan for All Well-Being Services (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan Document for a complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 as a contributory defined contribution tax-sheltered annuity pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Plan is administered by All Well-Being Services (the Organization). Mutual of America Life Insurance Company ("Mutual of America") is the custodian and record-keeper of the Plan. The Custodian invests funds received from contributions, investment sales, and interest and dividend income and makes distribution payments to the applicable participant.

Eligibility

For the purpose of elective deferrals, all employees of All Well-Being Services are eligible to participate unless they are part of an excluded class of an employee as described in the Plan Document. Participants will be auto enrolled in the Plan, unless they elect otherwise, with initial pre-tax deferral contributions of 6% of compensation once they meet the eligibility criteria specified in the plan document. In August 2022, the Company discontinued auto enrollment.

Contributions

Each year, participants may elect to contribute a portion of their compensation not to exceed limits established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified plans are also permitted at the discretion of the Plan administrator. In addition to or instead of pretax contributions, participants can elect to make Roth elective deferrals. Additionally, the plan also provides for special catch-up contributions, for participant who have completed 15 years of service. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. The value of individual accounts attributable to employer contributions made before March 1, 2016 is fully vested when the participant completes 3 years of vesting service. Moreover, the account value of contributions is fully and automatically vested when participants reach age 59 ½ or if they are totally and permanently disabled or die.

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

1) DESCRIPTION OF THE PLAN (Continued)

Distributions

On termination of service due to death, disability, or termination of the Plan, participants can request payment of their vested account balance in a lump sum, partial payments, installment payments or annuity contracts. If the vested account balance is \$1,000 or less, the payment will be made in a single lump sum amount at termination of employment. The Plan also allows for in service withdrawals at age 59 ½, minimum required distributions and hardship withdrawals as permitted by the law.

Hardship Withdrawals

Under certain conditions, as specified in the Plan Document, participants, while still employed by the Plan Sponsor, are permitted to withdraw a portion of their elective contributions account balance.

Participant Accounts

Participants may elect to invest in any combination of the investment funds offered by the Plan and may change their elective deferral percentages as they want. Each participant's account is credited with the participant's contributions, employer's match, if any, and allocations of the Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Notes Receivables from Participants

Participants may borrow from their fund accounts, pertaining to the TDA component, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-Roth vested account balance in the Plan. Loan terms range from 1-5 years and longer repayment terms are permitted for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The balance of notes receivable was zero as of December 31, 2023 and 2022.

Forfeitures

As of December 31, 2023, and 2022, forfeiture accounts had a balance of \$1,557 and \$1,532, respectively. The forfeiture balance can be used to pay certain plan expenses.

2) BASIS OF ACCOUNTING

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

2) BASIS OF ACCOUNTING (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. There were no outstanding loans as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of Mutual of America's Interest Accumulation Fund which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsors determine the Plan's valuation policies utilizing the information provided by the investment advisers, custodians, and insurance company. See Note 4 for more details on fair value measurements.

Amounts placed in the Interest Accumulation Account of Mutual of America's General Account are credited with interest at a rate determined by Mutual of America. Since the General Account is carried at amortized cost, or contract value, it is deemed to be fair value for an insurance company general account. Mutual of America's General Account is valued at a contract value (book value) basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gain and losses on investment bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Organization. The expenses that are paid by the Organization are excluded from these financial statements. Fees related to administration of the Plan are charged directly to the participants accounts. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

2) BASIS OF ACCOUNTING (Continued)

Benefit Payments

Benefits are recorded when paid out of the Plan.

3) CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation / depreciation in fair value of investments and interest and dividends for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America (the Custodian of the Plan).

4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

4) FAIR VALUE MEASUREMENTS (Continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts – Consists of investments in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy (as described in Note 2), the Plan's assets at fair value as of December 31, 2023, and 2022, respectively:

Assets Measured at Fair Value at December 31, 2023				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts (at Fair Value)	\$ 1,272,109	\$ 1,272,109	\$ -	\$ -
	1,272,109	\$ 1,272,109	\$ -	\$ -
Mutual of America Interest Accumulation Funds (a)	409,357			
(at Contract Value)	\$ 1,681,466			

Assets Measured at Fair Value at December 31, 2022				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Pooled Separate Accounts (at Fair Value)	\$ 994,410	\$ 994,410	\$ -	\$ -
	994,410	\$ 994,410	\$ -	\$ -
Mutual of America Interest Accumulation Funds (a)	444,495			
(at Contract Value)	\$ 1,438,905			

(a) Certain investments measured at contract value have not been classified in the fair value hierarchy but are presented to permit reconciliation to the investment line item to statement of net assets available for benefits.

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

5) FULLY BENEFIT-RESPONSIVE GUARANTEED INTEREST CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Mutual of America, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is declared from time to time by Mutual of America. Those participants enrolled in the Plan and contract effective November 1, 2008 shall receive an effective crediting annual interest rate of approximately 1.00%. The crediting rate is reviewed on a periodic basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. A 12-month advance written notice is required for Plan Sponsor directed withdrawals or liquidations. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

6) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2023 and 2022, the Plan's sponsor maintained the required bond coverage.

7) TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations prior to 2020.

8) PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9) TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments and administrative expenses are represented by investment contracts and mutual funds managed by Mutual of America (the custodian). The custodian is the carrier as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodian services were \$574 and \$343 for 2023 and 2022, respectively.

403(B) THRIFT PLAN FOR ALL WELL-BEING SERVICES

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

10) LATE REMITTANCES OF CONTRIBUTIONS TO THE PLAN

During the year and in prior years, the Organization failed to remit to the Plan's Custodian, a portion of the salary deferrals within the period prescribed by the Department of Labor. The delays were due to administrative reasons. The schedule of late remittances includes \$14,048 for the year ended December 31, 2022, \$7,399 from the year 2019, \$7,103 from the year 2018, \$6,650 from the year 2017, \$9,781 from the year 2016, \$49,164 from the year 2015 and \$6,467 from the year 2014, on which loss of earnings has not been calculated by the Organization as of the date of this report.

11) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12) SUBSEQUENT EVENTS

The plan has evaluated other subsequent events through October 11, 2024, the date that the accompanying financial statements were available to be issued. No significant event was noted that required adjustment or disclosure in the financial statements.
