INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
Vituity Retirement Plan for CEP Physicians

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed our audit of the financial statements of the Vituity Retirement Plan for CEP Physicians (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2023, and for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4j – Schedule of Reportable Transactions for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Vituity Retirement Plan for CEP Physicians (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 31, 2023. The purpose of the Plan is to provide retirement benefits for all incorporated and unincorporated employee physicians of California Emergency Physician Medical Group (the “Sponsor” or “Company”). The Plan is a noncontributory cash balance defined benefit plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and the applicable provisions of the Internal Revenue Code (“IRC”).

In the unlikely event that the Plan’s assets are deemed worthless, most benefits under the defined benefit Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”). Generally, the PBGC guarantees most normal retirement benefits, most early retirement benefits, most vested benefits, and some disability and death benefits. However, the PBGC does not guarantee all benefits under the Plan.

Eligibility and Participant Accounts

All physicians of the Sponsor shall become a participant on January 1 following the completion of 18 months of service provided that they are at least 19 years of age, except for non-resident aliens who receive no earned income from the Company which constitutes income from sources within the United States of America (“U.S.”). In addition, all physicians that were eligible participants under the MedAmerica Retirement Plan for CEP Physicians as of January 1, 2023 are eligible to participate in the Plan. Physicians have the option to not participate in the Plan. Under the Plan provisions, amounts are credited by the Company to the participants’ hypothetical accounts. The accounts are allocated cash balance and investment credits every quarter. The cash basis credits are based upon the funding described in Note 6.

Plan Administration

Vituity is the administrator of the Plan. As administrator, Vituity has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Charles Schwab Trust Bank was the appointed trustee for the Plan for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023. The trustee acted at the direction of the Plan’s administrator.

Vesting

Participating physicians accrue one year of benefit service for each Plan year in which they complete 600 hours or more of service. Participants’ accrued benefits are always 100% vested.

1. Description of Plan, continued

Pension Benefits

The value of a participant's benefit is equal to the participant's cash balance account. The cash balance account consists of cash balance benefit credits and interest credits that apply for each year of participation in the Plan. As of the last day of each Plan year, a cash balance benefit credit shall be credited to the cash balance account of each participant that has been credited with a year of benefit service for such Plan year. The interest credit allocated to participants under a guaranteed cumulative rate of 0% up to 6.0%, whereby such limits accumulate each year. Under this method, participant accounts will be credited with surplus Plan earnings and reduced by Plan losses. Any excess earnings over the applicable interest rate shall remain within the Plan and may be used to offset investment losses in subsequent years. For the period from January 31, 2023 (effective date of the Plan) to December 31, 2023, there were no allocations of interest credits as such allocations are based on 10/12th of the market rate of return applied to the participant's cash balance benefit credit for the prior year plus the market rate of return applied to the participant's cash balance account as of the beginning of the Plan year (excluding the cash balance benefit credit for the prior year). When participants leave the Plan, upon retirement or for any other reason, those participants (or their beneficiaries) may receive their benefit payments as follows: (1) a single lump-sum, (2) a single life annuity, or (3) 50%, 75% or 100% joint or survivor annuity.

Death and Disability Benefits

In the event that the termination of employment of a participant is caused by the participant's death, the entire amount in the participant's hypothetical account is paid to the participant's designated beneficiary. In the event the participant becomes disabled, the participant shall be entitled to receive the entire amount then in the participant's hypothetical account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

**VITUITY RETIREMENT PLAN
FOR CEP PHYSICIANS**
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations are detailed in Note 5. Benefits payable under all circumstances including retirement, death, disability, and termination of employment, are included to the extent they are deemed attributable to employee services rendered prior to the valuation date.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Information Certified by the Trustee

Charles Schwab Trust Bank has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

FOR CEP PHYSICIANS**
NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period from January 1, 2023 (effective date of the Plan) to December 31, 2023.

Cash and cash equivalents: Valued based on redemption value on the last business day of the Plan year for Level 1 securities. Securities held by net asset value money funds operating pursuant to Rule 2a-7 under the Investment Company Act of 1940 are valued at amortized cost, which approximates current fair value, and are considered to be valued using Level 2 inputs.

Exchange-traded fund: Valued at the closing price reported on the active market on which the individual security is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**VITUITY RETIREMENT PLAN
FOR CEP PHYSICIANS**
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

3. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 3,565,184	\$ 3,935,000	\$ -	\$ 7,500,184
Exchange-traded fund	10,656,684	-	-	10,656,684
Total investments, at fair value	<u>\$ 14,221,868</u>	<u>\$ 3,935,000</u>	<u>\$ -</u>	<u>\$ 18,156,868</u>

4. Certified Information

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Charles Schwab Trust Bank as of December 31, 2023, and for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023:

Investments, at fair value	<u>\$ 18,156,868</u>
Interest and dividend income	<u>\$ 179,986</u>
Net appreciation in fair value of investments	<u>\$ 145,903</u>

5. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated Plan benefits represents the estimated value of benefits earned, discounted to reflect the time value of money (through discounts for interest) and probability of future payment, for which amounts may differ from the actuarial determination made for funding purposes. The actuarial assumptions for the Plan are based on the assumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be more appropriate in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 31, 2023 (effective date of the Plan) and December 31, 2023. Since the actuarial present value of accumulated Plan benefits is composed of cumulative contributions to the Plan, plus interest credits, less distributions from the Plan, the actuarial present value of accumulated Plan benefits was \$0 as of January 31, 2023 (effective date of the Plan).

**VITUITY RETIREMENT PLAN
FOR CEP PHYSICIANS**
NOTES TO FINANCIAL STATEMENTS

5. Actuarial Present Value of Accumulated Plan Benefits, continued

Significant assumptions underlying the actuarial computations as of January 31, 2023 (effective date of the Plan) and December 31, 2023 were as follows:

Valuation date	January 31, 2023
Actuarial cost method	Unit credit cost method as prescribed by IRS regulations.
Assumed rate of return on investment	Assumed rate of return on investment of 3.00% compounded annually.
Interest rate	5.44%
Mortality basis	Preretirement funding mortality follows IRS 2023 Static Mortality Table as prescribed by the IRS regulation 1.430(h)(3)-1.
Normal retirement	Age 65
Form of payment	All participants are assumed to elect a lump sum form of payment.
Maximum earnings	The maximum compensation limit under IRC section 401(a)(17) is \$330,000 for 2023.
Maximum benefit	The maximum benefit payable under IRC section 415 is \$265,000 for 2023.
Expenses	Assumed expenses are \$0 for 2023. The assumed expenses are based on actual expenses paid in the prior Plan year, rounded to the nearest thousand. In accordance with the Company's understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

The accumulated Plan benefit information was as follows as of December 31, 2023:

Actuarial present value of accumulated Plan benefits:

Vested benefits:

Active participants	\$ 24,797,708
Terminated vested participants	<u>3,125</u>
Total actuarial present value of accumulated Plan benefits	<u>\$ 24,800,833</u>

**VITUITY RETIREMENT PLAN
FOR CEP PHYSICIANS**
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

5. Actuarial Present Value of Accumulated Plan Benefits, continued

The changes in total actuarial present value of accumulated Plan benefits were as follows for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023:

Actuarial present value of accumulated Plan benefits as of the beginning of period - January 31, 2023	\$ -
Increase during the period:	
Benefits accumulated	<u>24,800,833</u>
Actuarial present value of accumulated Plan benefits as of the end of period - December 31, 2023	<u>\$ 24,800,833</u>

6. Funding Policy

Each year, the Plan's actuary will determine the contribution required to fund the benefits earned under the Plan by each physician. Eligible physicians are automatically enrolled into the Plan at a flat amount equal to \$2,500 per eligible participant. In addition, some participants, as determined by the Vituity Retirement and Benefits Committee, may receive an additional cash balance credit for the Plan year. The Plan allows additional cash credits of \$5,000, \$7,500, \$12,500, \$17,500, \$22,500, \$27,500, \$32,500, and \$37,500. Each participating physician is responsible for the cost of the benefit accrued under this Plan as determined by the actuary and this amount must be contributed by April 15th of the following year. If desired, payroll deductions can be initiated. All contributions are deductible (i.e., not subject to taxation) in the year they are deemed to be made. Each March, physicians are notified of their required contribution for that year. The physicians fund their contributions to the Sponsor, which is then obligated to the Plan. Contributions from the Sponsor are accrued by the Plan and recognized in the Plan year as designated by the Sponsor. The Plan has met the minimum funding requirements of ERISA. The Plan's funding policy is for the Plan to contribute at least the minimum required contribution.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in a money market fund are managed by Charles Schwab Trust Bank, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan to the administrator were \$28,856 for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023. PBGC premiums incurred by the Plan were \$203,424 for the period from January 31, 2023 (effective date of the Plan) to December 31, 2023.

8. Tax Status

The Plan has not yet received a determination letter from the Internal Revenue Service ("IRS") stating that the Plan, as designed, complies with the applicable requirements of the IRC. However, the Sponsor believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the related trust is tax exempt. Therefore, no provision for income taxes was included in the Plan's financial statements. The Sponsor is in the process of filing a determination letter application for the Plan with the IRS.

**VITUITY RETIREMENT PLAN
FOR CEP PHYSICIANS**
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

9. Plan Termination

The Plan's administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain fully vested in their accounts, and participant's hypothetical accounts would be distributed in accordance with the Plan document and ERISA. If the Plan were to terminate, the PBGC, a U.S. government agency, could become involved in the payment of Plan benefits. Certain benefits under the Plan are guaranteed by the PBGC if the Plan terminates. However, the PBGC does not guarantee all types of benefits under the Plan and certain benefits are subject to limitations.

10. Risks and Uncertainties

The Plan provides for various investment options in an exchange-traded fund and money market fund offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2023, approximately 73% of net assets available for benefits were held in three investments of the Plan.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the estimate and assumptions in the near-term would be material to the accompanying financial statements.

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 14, 2024, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2023, that would require recognition or disclosure in these financial statements, other than the below.

Effective January 1, 2024, the Plan was amended to allow for monthly crediting of interest.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Vituity Retirement Plan for CEP Physicians

EIN / PN 94-2494000 / 018

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target	
	with stabilization	without stabilization
First segment rate (years 0 to 4):	4.75%	2.13%
Second segment rate (years 5 to 19):	5.00%	3.62%
Third segment rate (years 20 and after):	5.74%	3.93%
Effective interest rate (current year):	5.44%	3.81%

Interest crediting rate: 3.00%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

EIN / PN 94-2494000 / 018

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Demographic Assumptions

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age rounded to the nearest whole age is 65.

RETIREMENT

All participants are assumed to retire at the later of age 65 and their current age.

WITHDRAWAL

None.

DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire at the plan's Normal Retirement Age.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2023 Static Mortality Table with separate tables for annuitants and non-annuitants, as prescribed by Treasury regulation section 1.430(h)(3)-1.

DECREMENT TIMING

Decrements are assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

All participants are assumed to elect a lump sum form of payment.

MAXIMUM EARNINGS

The maximum compensation limit under IRC section 401(a)(17) is \$330,000 for 2023.

MAXIMUM BENEFIT

The maximum benefit payable under IRC section 415 is \$265,000 for 2023.

Vituity Retirement Plan for CEP Physicians

EIN / PN 94-2494000 / 018

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

EXPENSES

Assumed expenses are \$0 for 2023. The assumed expenses are based on actual expenses paid in the prior plan year, rounded to the nearest thousand. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

Actuarial Methods

VALUATION DATE

The valuation date is January 31, 2023.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.
