Independent Auditor's Report

To the Plan Administrator and Trustees
Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust
Greenville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on the audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust 's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 1 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental schedules of the schedule of assets held (at year end) and the schedule of delinquent participant contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust Greenville, South Carolina December 31, 2023

Note 1 – Summary of Accounting Policies

Basis of presentation – The financial statements are prepared on a modified cash basis of accounting. Investment income is recognized when received, other than unrealized appreciation or depreciation in the value of the Plan's investments, which is recognized as of the reporting date. Participant contributions are recognized as of the date the participant contributions are withheld by the employer. Employer matching contributions are recognized as of the last day of the month in which the related participant contributions are withheld by the employer. Employer profit sharing contributions are recognized as of the last day of the plan year in which the applicable plan compensation is reported to the plan participants on Forms W-2. Expenditures are recognized when paid. Generally accepted accounting principles record revenues when earned, rather than when received, and expenses when the liability is incurred, rather than when actually paid.

Use of estimates – The preparation of financial statements requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of investments – Investments are reported at fair value. The Plan's assets are presented at fair value as reported to the Plan by Newport Trust Company (Newport). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Cash and cash equivalents – The Plan considers all highly liquid investments with a maturity date of three months or less, when purchased, to be cash equivalents.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in net appreciation of fair value of investments.

Payment of benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated subsequent events through October 10, 2024, which is the date the financial statements were available to be issued.

Note 2 – Description of the Plan

The following description of the Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions:

General – The Plan was established by Clearwater Solutions, LLC (the "Company") on January 1, 2013, for the benefit of all eligible employees of Clearwater Solutions, LLC. The Plan was most recently amended and restated on January 1, 2022.

Eligibility – Employees who have reached their eighteenth (18th) birthday are eligible to participate.

Notes to Financial Statements (Continued)
Clearwater Solutions, LLC 401(k) Profit Sharing Plan & Trust
Greenville, South Carolina
December 31, 2023

Note 2 – Description of the Plan (Continued)

Participation – An eligible employee shall become a participant as of the date the employee has satisfied the age requirements. A participant may change the amount of the elective deferral on January 1 and July 1.

Participants' salary contributions – Participants may elect to have a percentage of their salary withheld and contributed to the Plan on their behalf, not to exceed the maximum as permitted by law. The trustee may limit the amount withheld from higher paid participants in order to meet Internal Revenue Service nondiscrimination requirements. Participants direct the investment of their contributions into assets of their choosing, within certain limits.

Employer's contributions – The Company's safe harbor matching contribution will be 100% of each participant's elective deferrals that do not exceed 6%. The Company may make matching contributions equal to a discretionary percentage, as determined by the Company. The Company may also make a discretionary profit-sharing contribution. Participants must be employed on the last day of the plan year and complete 1,000 hours of service during the plan year to receive the discretionary profit-sharing contributions. For the year ended December 31, 2023, the employer made safe harbor matching contributions of \$837,106 to the Plan. There were no discretionary matching or profit-sharing contributions made during 2023.

Vesting of participant's interest – Participants will always be one hundred (100) percent vested in their own contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service.

<u>Years of Service</u>	<u>Vesting %</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

A participant's vested account balance may be distributed to a participant upon (1) termination of employment, (2) retirement, (3) death, or (4) disability. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, current employees may withdraw amounts from employee pre-tax elective deferral accounts for a hardship purpose.

Participant accounts – Each participant's account is credited with the participant's contribution, the earnings from the participant's investments and allocations of the employer's contributions and charged with administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – Upon termination of service, death, disability, or retirement, a participant may elect to receive the value in his or her vested account as a lump-sum distribution.

Note 4 – Fair Value Measurements

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (Continued)

There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets, measured at fair value.

Mutual funds are valued at fair value based upon the daily closing price as reported by the fund. The mutual funds held by the plan are deemed to be actively traded.

Cash and cash equivalents are valued at cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 7,020,747	\$ 7,020,747
Cash and cash equivalents	<u>28,328</u>	<u>28,328</u>
Investments at fair value	<u>\$ 7,049,075</u>	<u>\$ 7,049,075</u>

Assets at Fair Value as of December 31, 2022

	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 6,531,200	\$ 6,531,200
Cash and cash equivalents	<u>21,793</u>	<u>21,793</u>
Investments at fair value	<u>\$ 6,552,993</u>	<u>\$ 6,552,993</u>

Note 5 – Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6 – Income Tax Status

The Plan utilizes a volume submitter plan document. The Company has elected not to obtain a tax determination letter since the volume submitter format is pre-approved by the Internal Revenue Service. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator also believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Note 6 – Income Tax Status (Continued)

In preparing financial statements, plan management is required to evaluate tax positions taken by the Plan and disclose a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Related Party Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as such in the accompanying Statement of Changes in Net Assets Available for Benefits (prepared on a modified cash basis). Certain expenses incurred in connection with the general administration of the Plan are paid by the Company, and therefore, qualify as party-in-interest transactions.

Certain investment options offered by the Plan are managed by Newport. Newport is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits (modified cash basis).

Note 9 – Subsequent Events

Subsequent to the plan year ended December 31, 2023, the Plan changed custodians from Newport to Principal.
