INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Quality Restaurant Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of the Quality Restaurant Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Quality Restaurant Group 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

1. Description of Plan

The following description of the Quality Restaurant Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Quality Restaurant Group and affiliated entities, (the Company) who are age 21 and have completed 60 days of service except for union employees, nonresident aliens, and temporary, part-time, or seasonal employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated on January 15, 2023.

Effective January 15, 2023 (Transfer Date), the Plan's assets held at Voya Institutional Trust Company (Voya) were transferred to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal). As of the Transfer Date, Principal is providing recordkeeping services for the Plan. The Plan's investment options with Principal are substantially similar to those offered for the Plan by Voya, the previous recordkeeper.

Contributions

Participants may make pre-tax and/or Roth contributions of up to 100% of eligible compensation as defined by the Plan, not to exceed a maximum of \$22,500 in 2023 plus up to an additional \$7,500 for participants who have reached at least 50 years of age by the end of 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching and profit sharing contributions to the Plan. For the year ended December 31, 2023, the Company did not make any discretionary matching or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Company contributions, and earnings and losses on the investments in their account, and is charged with certain administrative expenses. Participants direct the investment of their account into various investment options offered by the Plan and may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Quality Restaurant Group 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Vesting

Participants are vested immediately in their contributions and rollovers plus actual earnings and losses thereon. Participants vest 25% per year of employment in the Company discretionary matching and profit-sharing contributions and are fully vested in these contributions after 4 years of service.

Notes Receivable from Participants

Notes receivable from participants are not permitted for the Plan. Notes receivable from participants transferred from another retirement plan are to be paid off through periodic payroll deductions. During 2023, outstanding notes receivable had a fixed rate of 7.5% for the term of the note. The repayment period is 5 years. The notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

At the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary may elect to receive their benefits as installment payments or as a lump-sum amount equal to the value of the participant's vested interest in their account. If a participant terminates employment and has an account balance less than \$5,000, the participant will automatically receive a lump-sum payment equal to the value of their vested account balance.

Forfeited Accounts

Forfeited non-vested account balances totaled \$0 and \$4,174 as of December 31, 2023 and 2022, respectively. Forfeitures, if any, may be used to pay Plan expenses or reduce future Company discretionary matching contributions. During 2023, forfeitures of \$4,096 were used to pay Plan expenses.

Administrative Expenses

Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. Certain transaction fees for withdrawals are charged directly to the participants' accounts. The Company may also pay certain administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Quality Restaurant Group 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. Discretionary matching and profit-sharing contributions are payable to the Plan after approval by the Company.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedule of assets (held at year end) and notes receivable from participants as of December 31, 2023 and 2022 (except for the investments in the self-directed pooled separate accounts) and net change in fair value of investments and interest income for the year ended December 31, 2023 (except for net change in fair value related to the self-directed pooled separate accounts), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal (after the Transfer Date) and Voya (prior to the Transfer Date), the qualified institutions.

4. Investments

Certain Plan investments (the money market fund) were managed by Voya, a service provider to the Plan (prior to the Transfer Date), therefore transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Quality Restaurant Group 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in the money market fund and mutual funds are based on quoted market prices for the identical security in an active market (Level 1).

Investments in pooled separate accounts and collective investment trusts are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the pooled separate accounts and collective investment trusts daily at the published NAV (Level 1).

Investments in self-directed pooled separate accounts are valued daily based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of participant units outstanding, which equals NAV. These investments are deemed Level 1 assets.

The stable value fund invests primarily in synthetic guaranteed investment contracts and guaranteed investment contracts. The stable value fund trades daily at the NAV of the fund, which is based on the contract value of the underlying investments (Level 1). There are no restrictions on withdrawal of these funds except that if the Company were to remove this investment option from the Plan, they would have to provide twelve months' notice prior to liquidating this investment.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Money market fund	\$ -	\$ 4,250
Mutual funds	3,036,044	-
Pooled separate accounts	-	2,524,487
Self-directed pooled separate accounts	67,589	66,031
Stable value fund	21,255	19,018
Collective investment trusts	71,406	-
Total investments	\$ 3,196,294	\$ 2,613,786

Notes to Financial Statements

December 31, 2023 and 2022

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company's contributions.

6. Income Tax Status and Other Matters

The Plan is a non-standardized pre-approved profit sharing plan with CODA created by Principal Life Insurance Company (Principal Life Insurance), an affiliate of Principal. The Internal Revenue Service has opined and informed Principal Life Insurance by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since Principal received the opinion letter, the plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, tax-exempt, and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

The plan administrator has not completed the discrimination testing for the year ended December 31, 2023. Upon completion of this testing, the Plan may have to take corrective action by either 1) refunding excess contributions and earnings thereon to participants, or 2) making a qualified non-elective contribution to identified non-highly compensated employees.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 3,197,964	\$ 2,621,327
Less: AXA balance not included per 5500	(67,589)	(66,031)
Net assets available for benefits per the Form 5500	\$ 3,130,375	\$ 2,555,296

Quality Restaurant Group 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

Increase in net assets available for benefits per the financial statements	\$	576,637
Less: AXA balance activity per financial statements		(1,558)
Increase in net assets available for benefits per the Form 5500	\$	575,079

The Form 5500 does not include the Plan's self-directed pooled separate accounts (AXA), but these investments are included in the accompanying financial statements.
