INDEPENDENT AUDITOR'S REPORT

David Craddock, Plan Administrator
Craddock Oil Company, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Craddock Oil Company, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Craddock Oil Company, Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Craddock Oil Company, Inc, BlueSky Corporation, and What a Combo (collectively, the "Company"). Employees who have at least one year of service and are at least twenty-one years of age are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of their eligible pre-tax compensation, as defined by the Plan and subject to certain Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer amounts representing distributions from other qualified defined benefit or defined contribution plans, subject to regulatory requirements. The Company matches 100 percent of the first 3 percent of base compensation, plus an additional 50 percent of the contributions that exceed the first 3 percent of base compensation that a participant contributes to the Plan not to exceed 5 percent of the participant's compensation. Additional discretionary profit-sharing amounts may be contributed at the option of the Company's Board of Directors. There were no discretionary profit-sharing contributions for the year ended December 31, 2023. Contributions are subject to certain limitations. The Company made matching contributions of \$193,068 for the year ended December 31, 2023.

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is earned.

Participant Accounts

Each participant's account is credited with the participant's contributions and (a) the Company's contributions, (b) an allocation of Plan earnings and losses, and (c) an allocation of forfeitures of employer profit-sharing contributions. Each participant account is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions or rollover contributions plus actual earnings thereon. A participant becomes fully vested in any employer matching or profit-sharing contribution amounts and related earnings thereon upon the participant's attainment of normal retirement age of 65, death, or disability during employment.

CRADDOCK OIL COMPANY, INC. PROFIT SHARING PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Otherwise, vesting in Company contributions is as follows:

Years of Service	Interest Vested
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of employment for reasons other than death, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial distribution as requested by the participant. For termination of employment on account of death, a participant's beneficiary will receive the entire value of the vested interest by end of the fifth anniversary of the participant's death. In-service withdrawals can be made once the participant has reached age 59½, as defined in the Plan document and subject to regulatory requirements.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of the present value of their vested account balance, or the total balance up to \$10,000, whichever is less. Note terms range from 1 to 5 years or possibly longer if borrowed for the purchase of a primary residence. Participants may refinance their loans if it meets the requirements for refinancing under IRS regulations. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. The notes bear interest at rates ranging from 3.25 percent to 8.50 percent for the year ended December 31, 2023. Principal and interest are paid through payroll deductions from each regular paycheck.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions and earnings thereon.

Forfeitures

Participant forfeitures of non-vested contributions can be either reallocated to the remaining participants based upon their relative account balances or used to offset future Company matching contributions or pay administrative expenses of the Plan. As of December 31, 2023, and 2022, there were no unallocated forfeitures from non-vested accounts. During the year ended December 31, 2023, there were no forfeitures used to offset Company contributions.

CRADDOCK OIL COMPANY, INC. PROFIT SHARING PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Administrative and Investment Management Expenses

Administrative expenses of the Plan, to the extent the Company does not pay such expenses, are paid by the Plan. Expenses that relate solely to a specific participant are assessed against such participant as provided in the Plan document. Fees paid by the Plan or assessed against participants of the Plan totaled \$32,032 for the year ended December 31, 2023.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified and Provided by American United Life Insurance Company ("American United")

The information pertaining to the Plan's investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by American United, the custodian of the Plan as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: Pooled separate accounts held by the Plan are invested in domestic and international stocks, mutual funds or fixed securities. These are primarily valued at net asset value per share based on quoted market prices of underlying investments (Level 2).

Stable value fund: Stable value fund held by the Plan is a fixed investment in a group annuity investment product that determines fair value of its investments using the market approach and provides the declared interest rate as of the end of the Plan year. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches. Fund value is based on an actuarial formula as defined under the terms of the contract (Level 2).

CRADDOCK OIL COMPANY, INC. PROFIT SHARING PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 4. Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 4,563,676	\$ -	\$ 4,563,676
Stable value fund	-	509,854	-	509,854
Total investments at fair value	\$ -	\$ 5,073,530	\$ -	\$ 5,073,530

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,486,900	\$ -	\$ 3,486,900
Stable value fund	-	729,592	-	729,592
Total investments at fair value	\$ -	\$ 4,216,492	\$ -	\$ 4,216,492

Note 5. Related Party Transactions and Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as a fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. The Plan holds units or shares of pooled separate accounts and a stable value fund issued by American United. American United is the custodian as defined by the Plan and therefore, these transactions and the Plan's payment of administrative fees to American United qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses including investment management fees of the Plan are paid directly by the Company.

Note 6. Income Tax Status

The Company has adopted a prototype Plan sponsored by Craddock Oil Company, Inc. which received its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The prototype plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code.

CRADDOCK OIL COMPANY, INC. PROFIT SHARING PLAN
Year Ended December 31, 2023

NOTES TO FINANCIAL STATEMENTS

Note 7. Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:
