Independent Auditor's Report

To the Board of Trustees of
Feintool Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Feintool Profit Sharing and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Feintool Profit Sharing and Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Feintool Profit Sharing and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Feintool Profit Sharing and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Feintool Profit Sharing and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Feintool Profit Sharing and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Feintool Profit Sharing and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of The Plan

The following description of the Feintool Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees of Feintool U.S. Operations, Inc. (the Plan Sponsor) who have completed one (1) hour of service. The Plan allows for any other entities to participate in the Plan as an "Adopting Employer" with the approval of the Plan Sponsor. The Plan Sponsor has approved the participation of Feintool Cincinnati, Inc., Feintool Equipment Corporation and Feintool Tennessee, Inc., all affiliates of the Plan Sponsor, as Adopting Employers of the Plan (collectively the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2023, the Plan was amended to remove Feintool Equipment Corporation as a Adopting Employer.

Contributions

Participants in the Plan may elect to defer a portion of their compensation each year instead of receiving that amount in cash. The Company is required to make a safe harbor matching contribution to the accounts of its participating employees equal to one hundred percent (100%) of salary deferrals up to the first three percent (3%) of Plan compensation, plus fifty percent (50%) of salary deferrals up to the next two percent (2%) of Plan compensation. Additionally, the Company is permitted to make additional matching contributions equal to a discretionary percentage of participant's qualifying compensation. The Company can also make non-elective contributions equal to a percentage (determined annually by the Company) of the participant's qualifying compensation. For the years ended December 31, 2023 and 2022, the Company did not make any additional matching or non-elective contributions. The contributions are limited to the maximum amount allowable under the applicable provisions of the Internal Revenue Code of 1986, as amended.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined, and the participant's selection of investments. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employers' contributions are invested in accordance with the participant's investment selection.

Plan Investment Options

Participants have the ability to direct the investment of their account into various investment options approved by the Plan's Trustees, including four (4) investment models which are pre-selected blends of investments based on levels of market risk. Except for the MetLife Stable Value Fund, there is no guarantee of principal or earnings when participating in these funds.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Company's matching and non-elective contributions. Forfeited amounts may be used to reduce the Company's contributions and pay Plan administrative expenses. However, all or a portion of forfeited amounts may be allocated to remaining participants based on account balances. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,322 and \$1,293, respectively. During 2023 and 2022, forfeited amounts were not used to reduce Company contributions, pay plan expenses or reallocated to participant accounts.

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of The Plan (Continued)

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

Vesting

Participants are immediately 100% vested in their participant, rollover, and safe harbor contribution accounts at the time such contributions are made. Participants become vested in Company matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	50%
2	100%

Participants become vested in the Company's non-elective contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000, or fifty percent (50%) of their vested account balance, not including a participant's non-elective contribution account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from one (1) to five (5) years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment of Expenses

All expenses of administration may be paid out of the trust fund unless paid by the Company. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, contract plan administration, investment advisory and management, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the trust fund. However, the Company may reimburse the trust fund for any administration expense incurred. Any administration expense paid to the trust fund as a reimbursement shall not be considered a Company contribution. The Company elected to pay some expenses of the Plan during the Plan years ended December 31, 2023 and 2022.

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of their account, including earnings. The benefit will be paid in a lump-sum amount.

1. Description of The Plan (Continued)

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of a participant's elective deferral account balance, but not to exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6).

The Plan presents in the statements of changes in net assets available for benefits, the net investment gain from common/collective trust, which consists of interest, dividends, realized gains or losses and unrealized appreciation (depreciation) on that investment. The Plan presents in the statements of changes in net assets available for benefits, the net investment gain (loss) from registered investment companies, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income are recorded when earned. Capital gain distributions are included in dividend income.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. Upon termination of the Plan by the Company, the accounts of the affected participants shall become fully vested, and assets remaining in the Plan shall be distributed to participants in proportion to their respective account balances.

4. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including all investments held at December 31, 2023 and 2022, and related dividends from registered investment companies, net investment gain from common/collective trust, and net investment gain (loss) from registered investment companies, was obtained or derived from unaudited information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company (the Trustee of the Plan).

Feintool Profit Sharing and Savings Plan

Notes to Financial Statements

5. Tax Status

The Plan adopted the Stiebel Law Firm, LLC's Defined Contribution Pre-Approved Plan Basic Plan Document #01, a pre-approved defined contribution plan. The Pre-Approved Plan Provider has received an opinion letter from the Internal Revenue Service (dated June 30, 2020) stating that employers who adopt the plan will be considered to have a plan qualified under Code section 401(a). Accordingly, the Plan Sponsor believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

December 31, 2023 and 2022

6. Fair Value Measurements (Continued)

Common/collective trust (stable value fund): Valued at the net asset value of units of the common/collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. Transactions (purchases and sales) may occur daily. There are no unfunded commitments or significant redemption restrictions at December 31, 2023 and 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 29,975,975	\$ 0	\$ 0	\$ 29,975,975
Investments measured at net asset value ^(a)				2,605,491
Total assets at fair value				\$ 32,581,466

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 25,061,979	\$ 0	\$ 0	\$ 25,061,979
Investments measured at net asset value ^(a)				2,522,589
Total assets at fair value				\$ 27,584,568

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Investment	2023	2022	Unfunded Commitment		Redemption Frequency	Redemption Notice Period
			2023	2022		
Common/collective trust	\$ 2,605,491	\$ 2,522,589	\$ 0	\$ 0	Daily	None

7. Related Party Transactions

Certain Plan investments are managed by American Pension Benefits (or affiliates), which also acts as recordkeeper for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rule. Fees paid by the Plan for these services amount to \$73,536 and \$76,793 for the years ended December 31, 2023 and 2022, respectively.

8. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 14, 2024 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
