INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Gerber Childrenswear 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gerber Childrenswear 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gerber Childrenswear 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gerber Childrenswear 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gerber Childrenswear 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gerber Childrenswear 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gerber Childrenswear 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GERBER CHILDRENSWEAR 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Gerber Childrenswear 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee of the Plan is Fidelity Management Trust Company (the Trustee).

The Gerber Childrenswear Employee Benefits Committee (the Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Gerber Childrenswear LLC's (the Company) Board of Directors.

Eligibility

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed at least one month of service and are age twenty-one or older.

Participant Accounts

Each participant's account is credited with the participant's contribution as well as an allocation of the Plan sponsor's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of certain other administrative expenses, such as loan fees, specific to each participant. Allocations of the Plan's earnings or losses in each investment option and Plan sponsor's contributions were made to the participant's accounts based on the ratio of each participant's current account balance in each investment option to total participants account balances in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service.

Forfeited Accounts

Forfeitures of the non-vested account balances of participants are used to reduce employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$76,000 and \$1,000, respectively. During 2023, there were approximately \$1,600 of forfeited nonvested accounts used to reduce Company contributions.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Contributions

Each year, participants may contribute up to 100 percent of pretax or after-tax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at a percentage of eligible compensation as determined by the Committee and their contributions invested in a designated balanced fund until changed by the participant. Discretionary matching employer contributions may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options, as provided by the Plan. Hardship distributions are permitted upon demonstration of a financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefit and disclosure of contingent net assets available for benefit as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors.

Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income and expenses are accrued on a daily basis. Distributions to participants are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks and uncertainties in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Administrative Expenses

Certain administrative and accounting functions are performed by the Plan sponsor's employees, who received no compensation from the Plan. Administrative expenses, such as professional fees, are paid directly by the Plan sponsor. Fees related to the administration of notes receivable from participants and other distributions are charged directly to the participant's account and are included in administrative expenses.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Fidelity Management Trust Company, the trustee, held the Plan's investments as of December 31, 2023 and 2022. The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103 (a)(3)(C). Accordingly, the trustee has certified that the data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022, net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (Continued)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except comparing such information to the related information included in the financial statements and supplemental schedules.

Allocations among the underlying investments are participant directed. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

During the year ended December 31, 2023, the Plan's underlying investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately \$2,489,000. This was reported as net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

NOTE 4. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable consist entirely of loans to participants. A participant may borrow from their account up to the lesser of 50% of a participant's vested balance or \$50,000. The minimum principal loan is \$1,000. Notes receivable from participants bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate charged by representative commercial banks in the local area for similar loans. As of December 31, 2023 and 2022, the interest rates on notes receivable from participants ranged from 3.25% to 8.50%. Notes receivable from participants were approximately \$198,000 and \$225,000 as of December 31, 2023 and 2022, respectively, and mature at various dates through March 2032.

NOTE 5. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are described as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There has been no change in methodology used as of December 31, 2023.

Mutual funds: The fair value of the investments in mutual funds is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end.

Stable value fund: Valued at the net asset value (NAV). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table presents the Plan's fair value hierarchy for assets measured at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 17,724,840</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 17,724,840
Stable value fund - measured at NAV ^(a)				<u>2,842,548</u>
Total investments				<u>\$ 20,567,388</u>

The following table presents the Plan's fair value hierarchy for assets measured at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 14,596,318</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 14,596,318

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

- (a) As required by GAAP, certain investments that are measured at net asset value have not been classified in the fair value hierarchy. Investments in this fund can generally be redeemed daily at the current NAV per share based on the fair value of the underlying assets. In unusual market conditions, the Trustee may impose restrictions on issuances and redemption of units. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investment line item in the statements of net assets available for benefits.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third-party administrator of approximately \$4,000 for the year ended December 31, 2023, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

NOTE 7. TAX STATUS

The Plan obtained its latest determination letter in June 2020, in which the IRS stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. PROHIBITED TRANSACTIONS

During the 2023 Plan year, participant contributions for various payroll transactions totaling approximately \$255,000, were not remitted timely to the Plan. ERISA Section 103(a)(3)(C) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction, which must be separately reported to the Department of Labor and may result in lost earnings for the Plan and penalties to the Plan sponsor. The identified contributions have not been corrected during the Plan year, which are shown in the schedule of delinquent participant contributions.
