Independent Auditor's Report

To the Plan Administrator and Participants of
The Yale Club of New York City Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Yale Club of New York City Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and December 31, 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule - Schedule H – Part IV – Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (continued)

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of The Yale Club of New York City Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete description of Plan provisions. The Plan is a defined benefit pension plan established on January 1, 1957 and subsequently amended. All full-time non-union employees and certain union employees of The Yale Club of New York City (the "Club") were eligible to participate in the Plan. Effective February 28, 2009, the Plan was frozen to new entrants and all participants ceased benefit accruals. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investments and monitors investment performance.

Normal benefits

Upon normal retirement, a participant receives a monthly pension benefit based on compensation and years of service.

Vesting

Prior to the Plan freezing, employees with five or more years of service were entitled to annual pension benefits beginning at normal retirement age (65) as further outlined in the Plan document. Participants had a 7-year graded vesting schedule. The Plan also permits early retirement at age 55 after fifteen years of vested service. Participants receive their pension benefits in the form of a monthly annuity payable for life.

Death and disability benefits

If death occurs, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disable participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as the time they became disabled.

Pension Protection Act

The Pension Protection Act ("PPA") establishes minimum finding standards and limits benefit increases and accruals for underfunded plans. Plans with a funding percentage below 80% will be required to implement certain benefit limitations such as restricting lump sump payments and restricting the Plan from amending the Plan to enhance benefits. Additionally, pursuant to the PPA, each year actuaries are required to certify to a plan's funded percentage. The Plan received such certification for the 2023 Plan year for the Adjusted Funding Target Attainment Percentage ("AFTAP"), which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the IRS, and the actuary determined that the 2023 AFTAP for the Plan is 119.6%.

NEW YORK CITY PENSION PLAN

Notes to Financial Statements (continued)
December 31, 2023

Note 1 – Description of the Plan (continued)

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the SECURE 2.0 Act. The SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2027. Since the SECURE 2.0 Act provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

Plan termination

The Trustees of the Plan approved a termination of the Plan effective July 31, 2024, subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 (ERISA).

Upon Plan termination, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to return for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
b. Benefits for all participants or beneficiaries who have been or could have been receiving benefits during the three-year period just before termination of the Plan. The benefits depended upon the Plan provisions during the five-year period to the termination of the Plan.
c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), (a U.S. governmental agency) up to the applicable limitations.
d. All other vested benefits (that is, vested benefits not insured by the PBGC).
e. All non-vested benefits.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") when the Plan terminated. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Note 2 – Summary of significant accounting policies

Basis of accounting

The records of the Plan are maintained on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America for defined benefit pension plans with the exception of benefits paid which are recorded on the cash basis.

Funding policy

The Club makes annual contributions, which are actuarially determined. The Plan's funding policy is for the Club to contribute an amount which will equal or exceed the annual ERISA minimum funding requirement. The actuarial cost method used is the unit credit method, as prescribed under the Internal Revenue Code. All contributions to support the Plan are paid by the Club.

Benefits

Benefits under the Plan are based on 1% of average monthly compensation not in excess of covered compensation (average total pay received for all compensation years after January 1, 1986 and prior to normal retirement date) plus 1.4% of average monthly compensation in excess of covered compensation multiplied by accrual services limited to 35 years. Normal retirement age for Plan benefits is 65 and completion of 5 years of participation. Participants may elect to receive reduced benefits upon early retirement at age 55 provided that they have at least 15 years of service with the Club.

Fair value measurements

For assets measured at fair value on a recurring basis, Accounting Standards Codified Topic Fair Value Measurements requires quantitative disclosures about the fair value measurement separately for each major class of assets. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs.

The three levels of the hierarchy are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets.

Level 2 – Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Note 2 – Summary of significant accounting policies (continued)

The following table presents the Club's financial assets that are measured at fair value on a recurring basis at December 31, 2023 and December 31, 2022:

	2023			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,054,334	$ -	$ -	$ 5,054,334
Exchange-traded funds	297,591	-	-	297,591
Cash	12,080	-	-	12,080
Total	$ 5,364,005	$ -	$ -	$ 5,364,005

	2022			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,965,460	$ -	$ -	$ 4,965,460
Cash	6,816	-	-	6,816
Total	$ 4,972,276	$ -	$ -	$ 4,972,276

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and December 31, 2022.

Cash: Cash carrying amounts approximate fair value because these instruments are liquid in nature.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds: Valued at the closing price reported on the active market on which individual investments are traded.

Note 2 – Summary of significant accounting policies (continued)

Investment valuation and income recognition

The Plan's investments are recorded at fair value in the accompanying financial statements.

Purchases and sales of investments are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The aggregate of (a) the net unrealized appreciation (depreciation) in the fair value of investments for the year, and (b) the net gains or losses on disposition of investments during the year are reflected as net appreciation in the fair value of investments for the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Risks and uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits as of December 31, 2023.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions relating to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to inherited uncertainties in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Payment of benefits

Benefit payments to participants or their beneficiaries are recorded upon distribution.

Administrative expenses

Administrative fees related to the administration of the Plan are paid by the Club on behalf of the Plan and excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of Plan assets and actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 30, 2024, which is the date of the financial statements were available to be issued.

Note 3 – Investments, at fair value

The following is a summary of investments at December 31, 2023 and December 31, 2022:

	2023		2022	
	Cost	Fair Value	Cost	Fair Value
Mutual funds	$ 4,058,533	$ 5,054,334	$ 4,427,095	$ 4,965,460

Total	$ 4,356,847	$ 5,351,925	$ 4,427,095	$ 4,965,460

Note 4 – Actuarial present value of accumulated Plan benefits

The accumulated Plan benefits as of December 31, 2022 and December 31, 2021, as determined by the Plan's actuary, are as follows:

	December 31	
	2022	**2021**
Actuarial present value of accumulated plan benefits		
Vested benefits		
Retired participants and beneficiaries in payment status	$ 2,175,122	$ 2,145,801

Note 4 – Actuarial present value of accumulated plan benefits (continued)

The change in the actuarial present value of accumulated plan benefits for the years ended December 31, 2022 and December 31, 2021 as determined by the Plan's actuary, are as follows:

	December 31	
	2022	2021
Actuarial present value of accumulated plan benefits at beginning of year	**$ 4,222,860**	**$ 4,371,473**
Increase (decrease) during the year attributable to:		
Benefits accumulated and experience gains	(91,780)	(176,279)
Decrease in the discount period	276,118	286,136
Actual benefits paid	(264,435)	(264,834)
Change in assumptions	16,138	6,364
Net (decrease)	(63,959)	(148,613)
Actuarial present value of accumulated plan benefits at end of year	**$ 4,158,901**	**$ 4,222,860**

Accumulated Plan benefits are those future periodic payments expected, including lump-sum distributions, to be paid to retired or terminated employees or their beneficiaries, the beneficiaries of deceased employees and present employees or their beneficiaries.

Benefits under the Plan are accumulated based on employees' years of service. The accumulated Plan benefits for active employees are based on their benefit level, which is dependent upon years of service. The accumulated Plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts are excluded from Plan assets and from accumulated Plan benefits.

Under the Plan's provisions, accumulated Plan benefits are those future periodic payments that are included to the extent they are deemed attributable to the employee service rendered prior to the valuation date.

Actuarial calculations have been applied by an actuary to determine the actuarial present value of accumulated Plan benefits. These calculations adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment between the valuation date and the expected date of payment.

Note 4 – Actuarial present value of accumulated plan benefits (continued)

The actuarial valuation date is January 1, 2023, for determining the actuarial present value of accumulated plan benefits. The significant actuarial assumptions used in this valuation are as follows:

Interest:
The effective interest rate is 6.75% per annum, compounded annually.

Salary increases:

As a result of the freezing of the Plan benefits, the salary scale assumption was eliminated.

Mortality:
Based on the IRS 2023 Optional Combined Funding Target Mortality Table.

Retirement:
First of month coincident with or following attainment of age 65 and completion of 5 years of participation.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

Note 5 – Information certified by Plan Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company, LLC has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the Supplemental Schedule, Schedule H – Part IV – Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Note 6 – Party-in-Interest

Certain Plan investments are managed by Newport Trust Company, LLC. Newport Trust Company, LLC is the Custodian as defined by the Plan, and, therefore, those transactions qualify as party-in-interest. Other fees related to investment related services and administrative services of the Plan were paid by the Plan or by the Club. These transactions qualify as party-in-interest transactions.

Note 7 – Tax status

The Plan, as amended, is designed to qualify under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan applied for and received a favorable determination from the Internal Revenue Service. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Benefits Not Included in the Valuation

All significant plan provisions were included in this valuation.

Description of Significant Events

There were no significant events that occurred during the year.

Changes in Plan Provisions Since Last Actuarial Valuation

There have been no changes since the last valuation.

Schedule SB, line 22 – Description of Weighted Average Retirement Age

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target (or target normal cost should the funding target of the plan be zero) rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.
