Independent Auditor's Report

To the Plan Administrator
Lift Off Distribution, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lift Off Distribution, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lift Off Distribution, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution at December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lift Off Distribution, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lift Off Distribution, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lift Off Distribution, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lift Off Distribution, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIFT OFF DISTRIBUTION, LLC 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 1: Description of Plan

The following description of Lift Off Distribution, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a self-directed defined contribution retirement plan established by Lift Off Distribution, LLC (the Company) under a volume submitter plan sponsored by SunGard Corbell, LLC. The Plan generally covers employees of the Company who are at least 18 years of age and have been employed at least one year. The plan provides for employee voluntary contributions, employer discretionary contributions, and participant directed investments. The Plan qualifies under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows participants to contribute an amount not to exceed 75% of their compensation. Participants who have attained age 50 prior to the end of the plan year are eligible to make catch-up contributions. In addition to the pre-tax contributions that an eligible employee can make, the Plan also provides an option for after-tax contributions to a Roth account. Participant contributions are made through payroll deductions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their contributions into various investment options offered by the Plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatic enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are invested in a designated target retirement fund based on their birthdate until changed by the participant.

Employer Contributions: The Plan provides for Company safe harbor matching contributions equal to 100% of a participant's deferral up to 4% of compensation. The Company may also make discretionary matching and profit-sharing contributions as determined by the Plan sponsor. Company contributions are paid on a quarterly basis. For the years ended December 31, 2023 and 2022, the Company made no discretionary matching or profit-sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of Company contributions and Plan earnings and losses. Plan earnings and losses are allocated based on the account balance of the participants. Allocation of any Company contributions not based upon participant contributions is based on the compensation of the eligible participant. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All plan assets as of December 31, 2023 and 2022 have been allocated to participant accounts with the exception of participant and employer contributions receivable at the end of the Plan year.

Vesting: Participants are vested immediately in their contributions, employer matching contributions and the actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions is based on years of service. Participants vest 20% after two (2) years of service, and each year thereafter over a six (6) year schedule to become 100% vested. Participants are entitled to vesting earned from prior service performed, assuming less than five (5) consecutive one-year breaks in service. Participants shall become fully vested upon death, total and permanent disability, and upon attainment of normal or early retirement, as defined by the Plan.

LIFT OFF DISTRIBUTION, LLC 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 1: Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prevailing rates for similar loans as determined by the plan administrator. Principal and interest are paid ratably over the life of the loan through payroll deductions.

Payment of Benefits: Upon termination of services due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. If the account balance is less than \$5,000, the balance will be distributed in a lump sum payment. Participants are generally required to take minimum distributions upon reaching the age of 72. Participants are also permitted to make hardship withdrawals if certain criteria, as defined in the Plan document, are met.

Forfeitures: The non-vested portion of a participant's account balance is forfeited upon termination of employment. Forfeitures can be used to pay plan expenses or reduce employer contributions. During the years ended December 31, 2023 and 2022, forfeitures of approximately \$0-and \$17,700, respectively, were used to pay plan expenses or reduce employer contributions. The forfeiture balance as of December 31, 2023 and 2022 was approximately \$41 and \$40, respectively.

Note 2: Summary of Significant Accounting Policies

Following is a description of the significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance. Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

December 31, 2023 and 2022

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for doubtful accounts have been recorded as of December 31, 2023 and 2022 as the loans are secured by participant accounts.

Contributions: Contributions from participants, including any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants. Employer discretionary contributions are recorded in the period approved by the Company's management and collectability is reasonably assured.

Benefits Paid to Participants: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2024, the date the financial statements were available to be issued. During the period from January 1, 2024 through October 14, 2024, the Plan did not have any material recognizable subsequent events.

Note 3: Fair Value Measurements

Generally accepted accounting principles (GAAP) establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2023 and 2022

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for Plan assets.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values (NAV) of shares held by the Plan at year end. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There has been no change in the methodology used to value mutual funds at December 31, 2023 and 2022.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets that are to be measured at fair value. The following tables set forth the Plan's assets at fair value by level within the hierarchy as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,733,544	\$ -0-	\$ -0-	\$ 6,733,544
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,178,752	\$ -0-	\$ -0-	\$ 5,178,752

Note 4: Information Certified by the Plan Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Matrix Trust Company, custodian of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedule.

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments in mutual funds, and a common/collective trust held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and dividends for the years ended December 31, 2023 and 2022, was derived from information certified as complete and accurate by Matrix Trust Company.

LIFT OFF DISTRIBUTION, LLC 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 5: Common/Collective Trusts

The MetLife Stable Value Fund (the "Stable Value Fund") is a collective trust fund sponsored by Reliance Trust Company, and meets all the standards currently required to be considered fully benefit-responsive and therefore is reported at contract value. The Stable Value Fund is available only to participants in a qualified retirement savings plan and is designed to protect a participant's capital investment. Fund investments include variety of investment contracts with insurance companies or other institutions, with underlying investments in bonds, guaranteed investment contracts ("GICs"), and other investment products (synthetic GICs and collective investment trusts) with similar characteristics. The Stable Value Fund holds investments in fully benefit-responsive investment contracts that provide that the Plan can make withdrawals at contract value for benefit-responsive requirements.

The Stable Value Fund does not have a set interest rate due to investments in contracts with varying rates and maturities. Variables impacting future crediting rates include current yield and duration of the assets backing the contracts, existing differences between the market values of assets backing the contracts and the contract values of the contracts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Stable Value Fund at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of any such event is probable.

Note 6: Notes Receivable from Participants

As of December 31, 2023, 37 participants were indebted to the Plan in the total amount of \$386,451, as a result of loans made to them by the Plan (2022 - 29 participants were indebted for a total of \$259,183). The loans are evidenced by promissory notes bearing interest at rates between 4.25%-9.50% per annum, and are payable in installments, the latest of which is due in July 2052. The notes are fully secured by the participants' vested account balances.

Note 7: Plan Termination

The Company has the right under the Plan agreement to discontinue their contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Company has not indicated any intention to terminate the Plan.

Note 8: Income Tax Status

The Internal Revenue Service (IRS) has ruled, in a letter dated March 31, 2008, that the Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) established by SunGard Corbel, LLC qualifies under applicable sections of the Internal Revenue Code. An employer who adopts the Volume Submitter Plan is generally considered to have a plan that is also qualified. The plan's administrator and the plan's trustee believe that the Plan is designed and currently operating in compliance with the applicable requirements of the Internal Revenue Code. The Plan's federal exempt tax returns are subject to examination by the IRS, generally for a period of three years after the returns are filed.

LIFT OFF DISTRIBUTION, LLC 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 8: Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 9: Parties-in-Interest

The Plan offers various investment options to participants, some of which are held by Matrix Trust Company, custodian of the Plan. Matrix Trust Company charges administrative fees to the Plan, which qualify as parties-in-interest transactions. For the years ended December 31, 2023 and 2022, the Plan paid administrative fees to Matrix Trust Company totaling \$40,704 and \$37,372, respectively. Certain officers and employees of the Plan Sponsor are administrators of the Plan acting as fiduciaries and are also participants in the Plan.

Note 10: Reconciliation of Financial Statements to Form 5500

The financial statements of the Plan for the years ended December 31, 2023 and 2022 did not differ from the amounts reported on Schedule H (Financial Information) of Form 5500 (Annual Return/Report of Employee Benefit Plan) filed with the Internal Revenue Service.

Note 11: Administrative Expenses

The Plan provides that the Company, at its discretion, can agree to pay administrative expenses of the Plan. These expenses are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the fair value of investments.

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
