Independent Auditors' Report

To the Participants and Plan Administrator of
ABC Bus Companies, Inc. Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ABC Bus Companies, Inc. Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ABC Bus Companies, Inc. Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABC Bus Companies, Inc. Employees' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Bus Companies, Inc. Employees' Retirement Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ABC Bus Companies, Inc. Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Bus Companies, Inc. Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ABC Bus Companies, Inc. Employees' Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the ABC Bus Companies, Inc. Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1992, as restated March 1, 2013. The Plan covers all employees of ABC Bus Companies, Inc., ABC Leasing and Muncie Reclamation & Supply Company (collectively, referred to as ABC Bus Companies, Inc., Employer or Company) who are age 18 or older, excluding employees covered by collective bargaining agreements, leased employees, non-resident aliens, non-United States source income and independent contractors. Employees become eligible for the Company's matching contributions on the first of the month after completing one year of eligibility service and attaining age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Third Party Administration

The Company has contracted Tax Sheltered Compensation, Inc. as the third party administrator of the Plan. Among other things, the third party administrator handles most of the day to day administration of the Plan, ensures plan compliance and gives assistance to internal staff for handling participant inquiries.

Contributions

The Plan allows for cash or deferred arrangement contributions allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are thereby permitted to elect to have a percentage, limited by Plan provisions, of their annual compensation as defined by the Plan, contributed as pre-tax 401(k) contributions or Roth 401(k) contributions, to the Plan. Employees hired or rehired after January 1, 2009, who do not elect otherwise, will have \$1,000 withheld from their pay annually. This amount will be withheld prorata each pay period. The Plan allows participants age 50 and older to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans. Contributions are subject to limitations.

Each year, at its discretion, the Employer may choose to make an additional contribution to the Plan. Such a contribution is a supplementary matching contribution allocated to those who have elected salary reduction contributions. Matching contributions for the years ended December 31, 2023 and 2022 were \$444,340 and \$407,263, respectively. Contributions are subject to certain limitations. Participants direct the investment of 401(k) contributions and matching contributions into the various investment options offered under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's supplementary matching contributions and an allocation of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A separate Employee Stock Ownership Plan (ESOP) account has been established for each participant whose accounts were transferred to the Plan from the ABC Bus Companies, Inc. ESOP. The ESOP is frozen. The account is comprised of two subaccounts, one to hold any amounts transferred from the Other Investments Account within the ESOP and the other to hold ABC stock transferred from the ESOP. The stock is valued annually by an independent third party appraiser.

ABC Bus Companies, Inc. Employees' Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

During the Plan years ended December 31, 2023 and 2022, there was no dividend paid on outstanding employer common stock.

Vesting

Employee 401(k) contributions, employer supplementary matching contributions and ESOP contributions, plus actual earnings thereon, are immediately 100% vested.

Notes Receivable From Participants

Participants may borrow from their non-ESOP accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. There is a minimum amount of \$1,000. Loan transactions are treated as a transfer to (from) the investment fund (to) from a participant loan fund. Loan terms range up to five years (fifteen years for loans on personal residences). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. When a participant defaults on a loan, it is considered a deemed distribution. Interest rates on loans outstanding as of December 31, 2023 ranged from 5.25% to 10.50% and as of December 31, 2022 ranged from 5.25% to 9.00%.

Payment of Benefits

Upon termination of service, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum distribution. Participants are also allowed to take an in-service distribution upon attainment of age 59 1/2. If a participant terminates employment and the participant's account balance is less than \$1,000, the plan administrator can authorize the benefit payment without the participant's consent. The Plan allows for hardship distributions, subject to Plan provisions.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the employer shares allocated to his or her ESOP account and is notified by the trustee prior to the time that such rights are to be exercised. When the participant does not provide instructions to the trustee, the trustee shall vote all these shares in proportion to the results of the votes on the issue by the participants.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ABC Bus Companies, Inc. Employees' Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowances for credit losses have been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid. However, ESOP distributions are recorded as payable when a participant has requested a distribution and the Company has repurchased shares of common stock based upon the applicable prior year ESOP valuation, but the funds have not been paid to the participant.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer's supplementary. Expenses that are paid by the Employer's supplementary are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 14, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions. Were the Plan to initiate a full redemption of the fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Employer common stock is valued based upon an independent valuation by a third party. The appraisal considered the use of the cost, market and income valuation techniques, consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, discounted cash flows and estimated fair value of the Company's assets and liabilities, all of which include unobservable inputs. As of December 31, 2023, the appraiser applied a 10% discount per lack of marketability and an 11% discount rate to the discounted cash flow model. As of December 31, 2022, the appraiser applied a 10% discount per lack of marketability and an 11.25% discount rate to the discounted cash flow model.

Accordingly, John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

Fees incurred by the Plan for the investment manager services are included in net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Notes to Financial Statements

December 31, 2023 and 2022

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The IRS has determined and informed the Company by a letter dated September 1, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities, including employer stock. Market risks include general events which could impact the value of investment securities, such as a pandemic or international conflict. Investment securities are exposed to various risks, such as interest rate, market concentration and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
