Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Kendal Corporation Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 (in liquidation) and 2022 (ongoing), and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 (in liquidation) and 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Kendal Corporation Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Kendal Corporation Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Adoption of Liquidation Basis

As discussed in Note 1 and 2 to the financial statements, the Plan was amended effective June 30, 2022 to terminate the Plan and Plan management determined liquidation is imminent during 2023. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Compensation and Benefits Committee
The Kendal Corporation Pension Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Kendal Corporation Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Compensation and Benefits Committee
The Kendal Corporation Pension Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN

The following description of The Kendal Corporation Pension Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan established effective July 6, 1973 covering employees of The Kendal Corporation and certain affiliated entities, including Barclay Friends Corporation, Kendal-Crosslands Communities, Kendal at Granville, Kendal at Hanover, Kendal at Home, Kendal at Hudson, Kendal at Ithaca, Kendal at Oberlin, Kendal Northern Ohio, Kendal Outreach, and Lexington Retirement Community (collectively, the Company). Employees are eligible to participate in the Plan upon attainment of age 21 and completion of one year of service.

Effective December 31, 2014, Barclay Friends Corporation, Kendal-Crosslands Communities, Kendal at Granville, Kendal at Hanover, Kendal at Hudson, and Lexington Retirement Community terminated their participation in the Plan. On this date, eligible employees of these entities are no longer active participants and, therefore, have ceased to accrue benefits. Effective December 31, 2018, Kendal at Home terminated their participation in the Plan. On this date, eligible employees of these entities are no longer active participants and therefore, have ceased to accrue benefits. Effective December 31, 2020, The Kendal Corporation, Kendal at Ithaca, Kendal at Oberlin, Kendal Northern Ohio, and Kendal Outreach, LLC terminated their participation in the Plan. On this date, eligible employees of these entities are no longer active participants and therefore, have ceased to accrue benefits. Effective January 1, 2022, the Plan allowed the transfer of liabilities and assets to the Otterbein-Granville Pension Plan for certain Participants whom became employed by Otterbein Homes. The related assets of approximately \$1,720,000 were transferred out on June 17, 2022.

The Plan has been amended and restated throughout the years to comply with tax legislation.

Plan Termination

Effective June 30, 2022, the Board of Directors approved to terminate the Plan. All nonvested participants became 100% vested on the date of termination. The Plan received a determination letter from the IRS on March 30, 2023 stating the termination did not affect the Plan's qualification for federal tax purposes. In connection with the Plan termination, participants could elect a lump sum of their vested benefits or elect to continue their annuity payment which was purchased by an insurance company whom assumed all future liability upon purchase.

Pension Benefits

Effective January 1, 2006, the Plan was amended to change the benefit formula (New Formula) for employees who become participants on or after January 1, 2006. The annual accrued benefit for these participants will be at 1% of average annual compensation for each year of service, but not more than 30 years of service; plus 0.5% of average annual compensation over the Social Security covered compensation for each year of service, but not more than 30 years of service; plus 0.5% of average annual payroll for any years of service greater than 30 years.

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Pension Benefits (Continued)

The Social Security Covered Compensation is calculated in the year of determination. A participant's accrued benefit as calculated under the New Formula shall not be less than \$300 per year for each year of service up to 10 years, plus \$360 per year for each year of service in excess of 10 years (Minimum Benefit). Participants who were in the Plan prior to January 1, 2006, are eligible for annual accrued benefits calculated using the larger of the New Formula or Minimum Benefit, as defined above, or the Old Formula, as defined below. Under the Old Formula, participants receive annual benefits equal to the following: For the final 10 years of service prior to retirement, 1.6% of average annual compensation up to Social Security covered compensation and 2.25% of average annual compensation over Social Security covered compensation; plus for the next preceding 10 years of service, 1.1% of average annual compensation up to Social Security covered compensation and 1.75% of average annual compensation over Social Security covered compensation; plus for the next preceding 15 years of service, 0.65% of average annual compensation up to Social Security covered compensation and 1.3% of average annual compensation over Social Security covered compensation. The Social Security covered compensation is calculated in the year of determination. Only up to 35 years of service is used in calculating accrued benefits under the Old Formula.

Effective December 31, 2014, all Plan benefits accrued under the New Formula, Old Formula, and Minimum Benefit were frozen. Participants who continue to or begin to accrue benefits subsequent to this date do so under a revised formula, which yields an annual pension equal to 0.75% of compensation for each year of service earned since December 31, 2014.

Participant benefits are distributed in the normal form of benefit unless an optional form is elected. The normal form of benefit for married and unmarried participants is a 100% joint and survivor annuity and single life annuity, respectively. Optional forms of benefits that may be elected include the following: a single life annuity (for married participants), a 50% or 75% joint and survivor annuity, a period and life annuity with 60 or 120 monthly payments guaranteed, and a lump-sum payment if the present value of the participant's annual accrued benefit does not exceed \$25,000.

Terminated participants with an annual accrued benefit of \$5,000 or less are automatically cashed out by lump-sum distribution.

Participants become fully vested in the Plan upon attaining normal retirement age or early retirement age, or upon the completion of five years of vesting service. Participants who have attained age 65 and who have accumulated five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65). The Plan permits early retirement for participants on or after age 55 and the completion of 10 years of service.

DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Death and Disability Benefits

If an active employee dies, a death benefit equal to value of the employee's accrued pension benefit is paid to the employee's beneficiary with benefits commencing as early as the date on which the participant would have reached his/her earliest retirement age, but no later than the date that would have been the participant's normal retirement date. Employees who become totally and permanently disabled receive disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they became disabled. Disability benefits are paid until normal retirement age (or at the participant's option, his/her early retirement date) at which time disabled participants begin receiving normal retirement benefits based upon their annual compensation remaining the same as at the time they became disabled.

Funding Policy

The Company contributes to the Plan as determined by an independent actuary and minimum funding standards under current federal income tax laws. Participants may not make contributions to the Plan. The Company contributions for the years ended December 31, 2023 and 2022 totaled \$1,291,644 and \$-, respectively, and exceeded the minimum funding requirements of ERISA.

Purchase of Annuity Contract

The Plan signed an agreement, dated September 22, 2023, with Principal Life Insurance Company (the insurance company) to annuitize the remaining accumulated plan benefits and transfer liability to the insurance company effective September 29, 2023, with a benefit commencement date of December 1, 2023. Annuities purchased and paid to the insurance company totaled \$59,200,551.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of Plan termination, Plan management has determined liquidation of the Plan is deemed imminent during 2023 upon approval by the IRS and completing the annuity purchase. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value expected to be collected in settling or disposing of assets during the liquidation process and liabilities are stated at their anticipated settlement amounts.

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment loss is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a) retired or terminated employees or their beneficiaries,
- b) beneficiaries of employees who have died, and
- c) present employees or their beneficiaries.

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided through annuity contracts are excluded from Plan assets and are also excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary, Willis Towers Watson, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2022 were:

- a) life expectancy of participants (the Pri-2012 mortality tables for males and females, projected on a generational basis with the MP-2021 projection scale.)
- b) retirement age (Normal retirement age of 65 years; other active participants will elect early retirement from ages 62 to 64)
- c) investment return (6.0%)

The actuarial assumptions have been updated to reflect those expected upon the distribution of benefits due to the Plan termination effective June 30, 2022.

The following is a summary of the actuarial present value of accumulated plan benefits as of December 31, 2022:

Actuarial Present Value of Accumulated

Plan Benefits:

Participants Currently Receiving Payments	\$ 42,448,248

The changes in the actuarial present value of accumulated plan benefits are summarized as follows for the year ended December 31, 2022:

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The computation of the actuarial present value of accumulated plan benefits was made as of January 1. Had the valuation been performed as of December 31, there would be no material differences.

The Plan was terminated as disclosed in Note 1. During 2023 and 2024, benefits were paid out through lump sum and annuity payments to participants, purchase of an annuity contract with Principal Life Insurance Company and a payment to PBGC for missing participants. These payments satisfied the actuarial present value of accumulated plan benefits subsequent to the benefit information date presented above.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022 and net depreciation in fair value of investments, interest, and dividends for the years then ended was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Wilmington Trust, the qualified institution of the Plan.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Exchange Traded Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds and U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote is available.

Money Market Funds and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 6 PLAN TERMINATION

Effective June 30, 2022, the Company approved the termination of the Plan. As of the effective date of termination, all participant's became fully vested and the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

In April 2023, participants were notified of their options to disburse funds from the Plan. Plan Management has completed the standard requirements prescribed by ERISA to begin liquidation of assets as of August 31, 2023 by distributing benefits to plan participants. Management has deemed liquidation to be imminent during 2023.

NOTE 7 PLAN TAX STATUS

The Plan obtained its latest determination letter, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

THE KENDAL CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 7 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wilmington Trust. Wilmington Trust is the qualified institution as defined by the Plan and, therefore, these investment transactions qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. The Company pays directly any other fees related to the Plan's operations.
