INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Mesirow Financial Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mesirow Financial Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from State Street Bank and Trust Company, the custodian of the Plan and a qualified institution, as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

141 West Jackson Blvd.
Chicago, IL 60604
T +1 312 332 4964
F +1 312 332 0181
mitchelltitus.com

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mesirow Financial Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Mesirow Financial Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General

The Plan is a defined contribution plan covering all full- and part-time employees who perform at least 1,000 hours of service in a 12-month time period of Mesirow Financial Holdings, Inc. and its subsidiaries (the “Company”), as defined in the Plan documents. Covered employees are eligible to participate in the Plan upon date of hire. The 401k Administrative Committee of the Company’s Board of Directors controls and manages the operation and administration of the Plan. State Street Bank and Trust Company is the trustee and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective September 29, 2023, the Company sold the Retirement Advisory Service group (“RAS”) to Creative Planning Holdco, LLC. On September 29, 2023, the Plan was amended to allow for all RAS transferred participants to automatically become 100% vested.

On October 1, 2023, the Company acquired nine employees of Front Barnett Associates, LLC (“Front Barnett”). Effective September 30, 2023, the Plan was amended to allow for all Front Barnett Associates vesting in the Plan to include years of service also performed for Front Barnett.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020 or for Plan years beginning after December 31, 2019 were operationalized accordingly. Any optional features within the SECURE Act are being assessed but have not been implemented to date.

Contributions

Each year, participants may elect to contribute up to 100% of eligible compensation, as defined by the plan document, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may designate all or a portion of their contributions as after-tax Roth 401(k) contributions.

Effective January 1, 2019, the Company contributes to the Plan the lesser of 50% of the participant’s contribution up to a maximum of 8% of the participant’s compensation or \$4,000. Compensation is defined as the total annual non-deferred remuneration, including commissions, overtime pay and bonuses, paid and accrued to each participant. Refer to Note 8 *Subsequent Events* for changes to the Company’s contributions to the Plan.

Mesirow Financial Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan (Continued)

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers 32 mutual funds, a common collective trust and a personal choice retirement account as investment options for participants.

Participant Accounts

Individual accounts are maintained for each Plan participant. Participant accounts include investments in mutual funds and the common collective trust as well as loans extended to participants. Each participant's account is credited with the participant's contributions and allocations of the employer's contributions and plan earnings and charged with withdrawals and allocations of plan losses and administrative expenses. Plan earnings are allocated in proportion to each participant's balance. A participant is entitled to the benefit that can be provided from his or her vested account.

Vesting

Participants are vested immediately in their voluntary contributions, plus annual earnings thereon. Vesting in the remainder of their accounts is based on years of service. Participants are fully vested after five years of credited service, as defined in the plan documents.

Notes Receivable from Participants

Participants may borrow up to 50% of the vested portion of their accounts, from a minimum of \$1,000 up to a maximum not to exceed \$50,000, for periods no longer than five years, or 15 years if the proceeds of such loan are used for the purchase of the borrower's principal residence. Loans are secured by the participant's account balance. Each participant is permitted to hold a maximum of two loans under the plan at any point in time. The loans are charged interest at the prime interest rate, as published in the Wall Street Journal, at the time the funds are borrowed.

Forfeited Accounts

Matching contribution that are forfeited balances of terminated participants are retained in the affected participant's accounts until there are five consecutive breaks in service. A break in service is defined as a period of 12 consecutive months, commencing with an employee's termination of employment, during which the employee does not complete 501 or more hours of service for the Company. If such a participant is rehired before incurring five consecutive breaks in service, such amount is not forfeited. If such a participant is not rehired after five consecutive breaks in service, the amount shall be considered forfeited and shall be used to reduce the current year's employer contribution or administrative expenses. Forfeitures of \$12,551 were used to reduce employer contributions in 2023; forfeitures of \$44,535 were used to reduce employer contributions during the year ended December 31, 2022. Unapplied forfeitures totaled \$14,510 and \$39,098 as of December 31, 2023 and 2022, respectively.

Rollovers

Rollovers are the transferring of assets directly into the plan from other retirement plans, qualified under the Internal Revenue Code ("IRC"), by individuals initiating employment with the Company.

Note 1 - Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant and his or her spouse or designated beneficiary. For termination of services for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value in accordance with U.S. GAAP. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Transamerica Retirement Solutions Stable Pooled Fund

The Transamerica Retirement Solutions ("TRS") Pooled Fund currently holds investments in synthetic GICs comprised of a portfolio of U.S. government and other high quality (rated A- or above) debt securities managed by Galliard Capital Management, Inc. on behalf of the Plan, and "wrap" contracts with a number of counterparties. The wrap contracts provide additional assurance that participants will be able to withdraw funds at contract value in the event that market value declines below contract value followed by significant participant withdrawals. The fair value of the wrap was not significant at December 31, 2023 and 2022.

Interest crediting rates are determined by comparing contract value and the estimated future market value of the underlying investment portfolio, which is determined by compounding the portfolio's current yield to maturity over the remaining duration of the fund. The crediting rate is equal to the discount rate that equates market value and contract value over the remaining duration of the fund.

The fair value of the investment contracts in the TRS Stable Pooled Fund held by the Plan as of December 31, 2023 and 2022 was \$8,966,065 and \$9,966,706, respectively.

Note 2 - Summary of Significant Accounting Policies (Continued)

The wrap contracts limit the ability of the Plan to transact at contract value upon the occurrence of certain events, which the Plan sponsor does not believe are probable. These events include: (i) the Plan's failure to qualify under Section 401(a) or 401(k) of the Code; (ii) the establishment of a defined contribution plan that competes with the Plan for employee contributions; (iii) any substantive modification of the Plan or the administration of the Plan that is not consented to by the contract issuer; (iv) complete or partial termination of the Plan; (v) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the fund's cash flow; (vi) merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor; (vii) any communication given to participants by the Plan sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the Funds or to transfer assets out of the TRS Stable Pooled Fund; (viii) exclusion of a group of previously eligible employees from eligibility in the Plan; (ix) any early retirement program, group termination, group layoff, facility closing, or similar program; and (x) any transfer of assets from the TRS Stable Pooled Fund directly to a competing option.

Notes Receivable from Participants

Notes receivable from participants are measured at their principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Expenses

Administrative expenses for the Plan, including legal, trustee and consulting fees, are paid by the Plan to the extent not paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded when paid. As of December 31, 2023 and 2022, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but had not yet been paid.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications

Certain prior year amounts have been reclassified for comparative purposes. These reclassifications have no effect on the net assets available for benefits.

Recent Accounting Pronouncements

As of December 31, 2023, there were no recently issued accounting standards not yet adopted which are expected to have a material effect on the Plan's financial statements.

Note 3 - Fair Value Measurements

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under U.S. GAAP, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability at the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

U.S. GAAP describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. U.S. GAAP does not prescribe which valuation technique should be used when measuring fair value but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

The Plan's investments are classified in one of the following three categories based upon the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement.

Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

As of December 31, 2023 and 2022, the following valuation methodologies have been used to value the Plan's investments:

- Mutual funds - Valued at the quoted market prices, which represent the reported NAV of the shares held by the Plan at year-end.
- Self-directed brokerage account – The investments in this account include mutual funds that are valued on the basis of readily determinable market prices. These investments also include cash and short-term interest-bearing investments with initial maturities of three months or less. Such amounts are recorded at cost, plus accrued interest, which approximates fair value.
- Common collective trust - Valued at the NAV per unit as determined by the administrator of the trust. Such NAV is based on the value of the underlying assets and liabilities of the trust. The investment objective of the trust held by the Plan is to preserve principal and provide a stable return over the life of the investment. Participants may transfer funds in and out of the trust on a daily basis without any prohibitive restrictions. Additionally, there are no unfunded commitments.
- Interest-bearing cash - Valued based on principal plus accrued interest.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables summarize by level within the fair value hierarchy the Plan's investments as of December 31, 2023 and 2022:

	December 31, 2023				Total
	Level 1	Level 2	Level 3	Investments measured at NAV(a)

Note 4 - Certified Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of the Plan's investments and notes receivable from participants reflected in the statements of net assets available for benefits as of December 31, 2023 and 2022, the schedule of assets (held at end of year) as of December 31, 2023, and the investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023, as indicated.

Note 5 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 6 - Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter, dated August 23, 2013, that the Plan was designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter.

However, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7 - Party-in-Interest Transactions

Transamerica is the Plan's record keeper and State Street Bank and Trust is the Plan's custodian. The Plan has assets invested with these entities and their affiliates. Such investment transactions qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules of ERISA.

Note 8 - Subsequent Events

The plan administrator has evaluated subsequent events through October 14, 2024, the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements. Effective January 1, 2024, the Plan was amended to increase the maximum matching contribution limit a participant may receive during the Plan year from \$4,000 to \$5,000.
