INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Aquinas Companies 401k/Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Aquinas Companies 401k/Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement,

whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated December 13, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aquinas Companies 401k/Profit Sharing Plan

Notes to Financial Statements

December 31, 2023

Note 1 - Description of the Plan

General

The Aquinas Companies 401k/Profit Sharing Plan (the "Plan") was established on April 1, 1980, by Aquinas Companies, LLC (the "Company" or "Employer"). It is a defined contribution plan covering salaried employees, regardless of age, who become members of the Plan in the month following their employment date and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company serves as administrator of the Plan. The Plan's trustee is Fidelity Management Trust Company (the "Trustee"). Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions. The Plan was most recently amended and restated on June 18, 2021.

Contributions

Upon meeting the eligibility requirement, employees are automatically enrolled in the Plan at 6% of the employee's eligible compensation. Employees may elect a different percentage or elect to not participate in the Plan by notifying the Company. Participants can elect to contribute, on a pre-tax basis, up to an annual maximum of the lesser of 60% of eligible compensation or \$22,500 in 2023, as dictated by the Internal Revenue Code ("IRC") regulations. Participants may elect to contribute a percentage of their eligible compensation on an after-tax basis up to an annual maximum of 10% of eligible compensation. Participants, who are age 50 or older by the end of the calendar year and are making deferral contributions to the Plan, may also make catch-up contributions up to the limit dictated by the IRC, which was \$7,500 in 2023.

The Company makes matching contributions in amounts equal to 50% of the participant's first 6% of pre-tax contributions. The Company does not match on catch-up contributions.

The Company has the option to make annual discretionary profit sharing contributions in an amount to be determined by the Company's Board of Directors at the Plan's year end. Profit sharing contributions are allocated in the ratio of the participant's eligible compensation to total compensation for all eligible participants. In 2023, the Company did not make discretionary contributions.

Vesting

Participants are 100% vested in their pre-tax and after-tax contributions and earnings thereon. The Employer contributions and earnings thereon vest in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Aquinas Companies 401k/Profit Sharing Plan

Notes to Financial Statements

December 31, 2023

Note 1 - Description of the Plan (Continued)Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching and discretionary profit sharing contributions, Plan earnings/losses, and expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants are able to direct the investment of their entire interest in the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum of the lesser of \$50,000 or one-half of the participant's vested account balance. Repayments are made on the notes through payroll deductions over a term generally not to exceed five years unless used for the purchase of a principal residence which cannot exceed ten years.

Benefits paid to participants

Upon termination of service, a participant can elect to receive either a lump-sum amount equal to the value of his or her vested account balance or periodic installments for any certain term as defined by the Plan.

If the value of the participant's account balance is less than \$1,000, the payment may be made in cash in a single lump sum without the participant's consent. If the participant's account balance is between \$1,000 and \$5,000, and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Forfeitures

When certain terminations of participation occur, the non-vested portion of the participant's account balance, as defined, represents a forfeiture. Forfeitures are retained in the Plan and can be used to reduce future Employer contributions or pay certain administrative expenses of the Plan. During 2023, \$19,571 of forfeitures were used to reduce Employer contributions.

During 2023, \$75 of forfeitures were used to pay administrative expenses. As of December 31, 2023 and 2022, \$75,937 and \$18,227 of non-vested forfeited accounts were available to reduce future Employer contributions or to pay certain administrative expenses of the Plan, respectively.

Note 2 - Significant Accounting PoliciesBasis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Note 2 - Significant Accounting Policies (Continued)Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year.

The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Financial instruments and credit risk

The participants' funds may be invested in various types of investment securities which are not insured by the federal government. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any investment losses.

Administrative expenses

Administrative expenses of the Plan, if not paid by the Plan, are paid by the Company.

Benefits paid to participants

Benefit payments are recorded upon distribution.

Note 2 - Significant Accounting Policies (Continued).Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the Plan document, upon liquidation of their account balance.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued and determined that there were no subsequent events to be disclosed.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Money market funds – Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

Note 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 57,067,944	\$ -	\$ -	\$ 57,067,944
Money market funds	3,680,745	-	-	3,680,745
Investments at fair value	\$ 60,748,689	\$ -	\$ -	\$ 60,748,689

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,960,542	\$ -	\$ -	\$ 45,960,542
Money market funds	3,735,254	-	-	3,735,254
Investments at fair value	\$ 49,695,796	\$ -	\$ -	\$ 49,695,796

Note 4 - Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends, interest, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 5 - Party-In-Interest Transactions

Certain Plan investments are shares in money market funds and mutual funds managed by the Trustee, therefore, these transactions qualify as party-in-interest transactions.

Note 6 - Tax Status

The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan recognizes in the financial statements the impact of an uncertain tax position taken only if it is more likely than not of being sustained upon examination by the taxing authority based on the technical merits of the position. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination and after receipt of a determination letter from the Internal Revenue Service as to such termination, all participants will become 100% vested in their accounts and the trustee will distribute to each participant the amount certified by the Plan's benefit committee and then credited to the account of the participant.

Note 8 - Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2023	2022
Net assets available for benefits per the financial statements	\$ 61,403,197	\$ 50,257,135
Participant contributions receivable	(85,082)	(101,583)
Employer contributions receivable	(63,487)	(29,159)
Net assets available for benefits per Form 5500	<u>\$ 61,254,628</u>	<u>\$ 50,126,393</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2023 to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 11,146,062
Change in participant contributions receivable	16,501
Change in employer contributions receivable	<u>(34,328)</u>
Net income per Form 5500	<u>\$ 11,128,235</u>

Note 9 - Uncertainty

Certain computational errors were identified relating to the 2023 census. The Company is reviewing the data in order to determine if any corrective action is required. Corrective amounts, if required, will be remitted by the Company and credited to participants' accounts as soon as administratively possible, and all corrective actions required by the IRS will be taken by the Company. The Company does not believe these errors and corresponding corrective actions will be material to the financial statements or impact the tax status of the Plan.
