INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and participants of the
Valkyrie Enterprises 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Valkyrie Enterprises 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Valkyrie Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Valkyrie Enterprises 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Valkyrie Enterprises, Inc. (Plan Sponsor) and its wholly owned subsidiaries, who have completed two months of service. Eligible employees may enter the Plan on the first day of the month after which eligibility has been attained. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective June 1, 2023 and employees may enter the Plan immediately following their hire date.

Effective January 1, 2023, the Plan was amended and the Hill Technical Solutions, Inc. 401(k) Plan merged its participant accounts totaling \$15,013,498 into the Plan and its participants joined the Plan.

Effective January 1, 2024, the Plan was amended to change the safe harbor matching contribution to be calculated at 100% of 6% of eligible compensation per payroll period.

Contributions

All eligible employees are automatically enrolled in the Plan and pre-tax contributions are withheld at 3% of eligible compensation unless the employee elects differently. This deferral rate will automatically escalate annually by 1% to a maximum deferral of 6% unless otherwise elected by the participant. Effective June 1, 2023, the Plan was amended to remove the auto enrollment and the auto-escalation features. Participants may elect to make pre-tax and/or Roth contributions up to 100% of eligible compensation as defined in the Plan document, not to exceed \$22,500 in 2023, plus catch-up contributions of \$7,500 for those qualifying participants who are at least 50 years of age prior to the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan Sponsor contributes an employer safe harbor matching contribution which is calculated at 100% of 6% of eligible compensation during the plan year. The Plan Sponsor may also make employer discretionary contributions to eligible participants who are active on the last day of the Plan year. Effective June 1, 2023, the Plan was amended and no longer allows for employer discretionary contributions. The Plan Sponsor elected not to make an employer discretionary contribution in 2023.

Valkyrie Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

The Plan Sponsor contributes employer wage rate contributions for certain employees working on a job to which a prevailing rate schedule is applied. During 2023, the Plan Sponsor made employer wage rate contributions in the amount of \$252,316 related to the 2023 Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Plan Sponsor's contributions, and earnings and losses on the investments in their account and is charged with certain administrative expenses and transaction fees. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest determined by the plan administrator. During 2023, notes had fixed rates of 4.25% to 9.50% for the term of the note, not to exceed 5 years, unless used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payments of Benefits

At the time of retirement, death, disability, or termination of employment, a participant or their beneficiary, whose vested balance exceeds \$5,000, may receive the payment of the vested interest in their account in a lump sum distribution, installment payments, or partial withdrawals of at least \$500. Upon termination, participants with vested account balances less than \$5,000 will receive a lump sum payment and may be automatically rolled over to an individual retirement account unless the participant directs otherwise. In-service withdrawals are also permitted for participants who have attained age 59½. Participants are eligible to receive hardship withdrawals when certain conditions are met.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. The Plan Sponsor does not expect reimbursement from the Plan for any payments of administrative expenses paid on behalf of the Plan. Other administrative expenses are allocated proportionately based on the participants' account balances. Certain expenses specifically incurred by a participant, such as taking a withdrawal from the Plan or loan

Valkyrie Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

initiation fees, are paid directly by that participant. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Investment related expenses are included in net change in fair value and contract value of investments.

The Plan has an ERISA account where a service provider of the Plan, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal), deposits revenue sharing payments that can be used to pay Plan administrative expenses or allocated to participant accounts. During 2023, there was \$50,000 of revenue sharing deposits into the account and revenue sharing payments of \$50,000 were used to pay administrative expenses related to the Plan. There were no payments from this account allocated to participants. Deposits to this account are included in net change in fair value of investments in the accompanying statement of changes in net assets available for benefits. There was no balance remaining in this account at December 31, 2023 and 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The discretionary employer contributions are considered payable to the Plan after approval by the administrative committee. The wage rate employer contributions are payable to the Plan on the last day of each Plan year quarter. Any unfunded participant, employer safe harbor matching contributions, or employer wage rate contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Plan Sponsor estimates the current credit risk associated with employer contribution receivables. The Plan Sponsor determined that no allowance for credit loss was necessary as of December 31, 2023 and 2022.

Valkyrie Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed interest account, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net change in fair value and contract value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received. See Note 4 for a discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule of Assets (Held at End of Year), including investments held and notes receivable from participants at December 31, 2023 and 2022, net change in fair value and contract value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal.

4. Investments and Fair Value

Plan investments include a pooled separate account and a guaranteed interest account managed by Principal, which is a service provider of the Plan. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment

Valkyrie Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

management services are included in net change in fair value and contract value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, and other similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

The investment in the pooled separate account is valued daily using its net assets value (NAV) (Level 1). The NAV is based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. The pooled separate account can be traded daily at its NAV.

Valkyrie Enterprises 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

The Plan invests in a stable value fund, which is held in a common/collective trust fund (CCT). Fair value of the CCT is determined by prices published daily by the trust manager, which is NAV. NAV is based on the fair value of the underlying investments held by the stable value fund, generally fixed income securities, bond funds, and wrap contracts, less its liabilities. NAV is used as a practical expedient to measure the fair value of the CCT and the CCT is therefore not classified in the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The guaranteed interest account is a fully-benefit responsive investment contract and is a general obligation of Principal. Principal maintains the contributions in a general account. The account is credited with interest at a guaranteed interest rate Principal declares for a set period of time. The Plan's investment in this account is stated at contract value. Contract value of the guaranteed interest account represents deposits and transfers made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 31, 2023 and 2022:

	2023	
	Level 1	Total
Mutual funds	\$ 69,635,423	\$ 69,635,423
Pooled separate account	1,073,111	1,073,111
Common/collective trust fund measured at net asset value		163,727
Total investments, at fair value		\$ 70,872,261
	2022	
	Level 1	Total
Mutual funds	\$ 44,913,650	\$ 44,913,650
Pooled separate account	806,039	806,039
Common/collective trust fund measured at net asset value		166,363
Total investments, at fair value		\$ 45,886,052

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Notes to Financial Statements

December 31, 2023 and 2022

6. Income Tax Status

The Plan is operating under a Volume Submitter Defined Contribution Plan created by Principal. The Internal Revenue Service has determined and informed Principal by a letter dated June 30, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the Principal opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

The plan administrator has not completed the discrimination testing for the year ended December 31, 2022. Upon completion of this testing, the Plan may have to take corrective action by refunding excess contributions and earnings thereon to participants. The Plan has completed the discrimination testing for the year ended December 31, 2023 and was in compliance.

7. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022 and the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

	2023	2022
Net assets available for benefits per the financial statements	\$ 75,744,751	\$ 49,559,037
Less: Employer contributions receivable	(164,816)	(120,287)
Net assets available for benefits per the Form 5500	\$ 75,579,935	\$ 49,438,750

	2023
Increase in net assets available for benefits per the financial statements	\$ 11,172,216
Less: current year employer contributions receivable	(164,816)
Plus: prior year employer contributions receivable	120,287
Net increase in net assets available for benefits per the Form 5500	\$ 11,127,687

The above reconciliations are included to show the difference between the Form 5500 and the financial statements.
