TRIUMPH FINANCIAL, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – PLAN DESCRIPTION

The following description of Triumph Financial, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible full- and part-time employees of Triumph Financial, Inc. (the Company), who have completed 30 days of service. Eligible employees may begin receiving employer matching contributions after completing 90 days of service. Eligibility for enrollment into the Plan occurs on the first day of each month following satisfaction of the eligibility requirement. Certain employees of the Company including union employees with a collective bargaining arrangement, nonresident aliens, leased employees, interns, seasonal and temporary employees are not eligible to participate in the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2023, the Plan changed its provider for recordkeeping, trustee, and custodian services to Fidelity Investments (Fidelity). Prior to April 1, 2023, the Plan used Pentegra Retirement Services (Pentegra) for recordkeeping and trustee services, with Reliance Trust Company (Reliance Trust) serving as custodian.

Contributions: The Plan provides for employee salary 401(k) contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from other qualified plans.

The Plan provides for annual safe harbor matching contributions of 100% of the participant's contribution not to exceed 4% of the participant's eligible compensation.

Participant Accounts: Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and plan earnings and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan, which includes a self-directed brokerage account option.

Vesting: Participants are immediately vested in their salary deferral contributions, rollover contributions, and safe harbor matching contributions plus actual earnings thereon.

Payment of Benefits: Distributions are payable upon retirement, death, disability, in-service, financial hardship, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Involuntary distributions are made for terminated participants' accounts with balances less than \$1,000.

Notes Receivable from Participants: Effective April 1, 2023, the Plan was amended to allow for participant loans. The minimum loan amount is \$1,000 and the maximum amount a participant may borrow is the lesser of: a) one half of the participant's vested account balance or b) \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Participants may only have one loan outstanding at any given time. All participant loans bear a reasonable rate of interest as determined by the Plan Administrator which

TRIUMPH FINANCIAL, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

shall remain fixed throughout the duration of the loan. All loans must be repaid in level payments on at least a quarterly basis over no more than a five year period or up to ten years for the purchase of a principal residence.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Investment Options: Participants must direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator which are more fully described in the Plan literature. Participants may change their investment options any time throughout the year via direct phone or internet access to Fidelity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Risk and Uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation on investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Participant Loans: Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest, and participant loans deemed distributed due to default are included in benefits paid to participants on the statement of changes in net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Substantially all administrative expenses are paid by the Company, except for certain participant transaction fees paid by the Plan from assets in that participant's account. Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust (the former custodian of the Plan) and by Fidelity (the current custodian of the Plan).

NOTE 4 – TAX STATUS

Effective April 1, 2023, the Plan adopted a non-standardized pre-approved profit sharing plan sponsored by Fidelity. Fidelity obtained a favorable opinion letter from the Internal Revenue Service dated June 30, 2020 as to the non-standardized pre-approved profit sharing plan's qualified status. The Plan has not individually sought its own determination letter. Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

United States Generally Accepted Accounting Principles (GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of the years ended December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices (Level 1 inputs).

Collective trust funds: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis at December 31, 2023 and 2022 are summarized below:

⁽¹⁾ Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain professional fees for the audit of the Plan are paid by the Company on behalf of the Plan. The Plan holds investments in shares of mutual funds and a collective trust fund managed by Fidelity, which qualify as party-in-interest transactions. Fees for the year ended December 31, 2023 of \$128,134 were expensed by the Plan for various administrative services.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following presents a reconciliation of net assets available for benefits as reported in the financial statements to the net assets reported on the Form 5500 as of December 31, 2023 and 2022:
