Independent Auditors' Report

To the Program Participants and Program Administrator
Blue Cross Blue Shield of Vermont 401k Retirement Program:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blue Cross Blue Shield of Vermont 401k Retirement Program (the Program), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT PROGRAM**

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of the Program

The following description of the Blue Cross and Blue Shield of Vermont 401(k) Retirement Program (the Program) provides only general information. Participants should refer to the Program agreement for a more complete description of the Program's provisions.

The Program is sponsored and administered by Blue Cross and Blue Shield of Vermont (the Company or Employer), which has sole authority to amend or terminate the Program and Trust. The Program is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 19, 2023, BCBSVT (the Plan Sponsor) signed a non-binding Letter of Intent with Blue Cross and Blue Shield of Michigan (BCBSM), whereby BCBSM would acquire a 100% membership interest in BCBSVT. On April 28, 2023, the parties executed a binding Principal Transaction Agreement (PTA). In conjunction with the PTA, amended Articles of Incorporation and Bylaws were drafted that reflect BCBSM's sole membership interest in BCBSVT. This is an affiliation, not an acquisition, which means there was no financial exchange between the organizations. BCBSVT is now considered to be a controlled affiliate of BCBSM. The DFR formally approved the affiliation agreement between the entities, and the transaction closed on October 10, 2023.

The purpose of the Program is to provide eligible employees a measure of financial security upon their retirement by offering eligible employees an opportunity to share in the profits of the Employer during their years of service with the Employer.

(a) General

The Program is a defined contribution program covering all eligible employees of the Company, as defined by the Program agreement. Employees are eligible to make pre tax salary deferral contributions, 401(k) Roth contributions and to receive employer matching contributions immediately. Employees are automatically enrolled with a 6% deferral at the time of hire. Employees can opt out of the Program at any time.

Each year on May 1, employees whose pre tax contribution level is at least 1% but below 5% are automatically increased by 1%, for a total contribution not to exceed 6% pre tax participation. Employees may opt out of this automatic increase. The Company provides each employee subject to auto enroll or auto increase with annual notice of any automatic action taken on their account and a reminder about the opt out process.

(b) Contributions

Contributions to the Program are made by the participants in the form of salary reduction up to 75% of qualified compensation as defined by the Program. Catch up contributions are permitted. Each year, the Company contributes 60% of the participant's salary reduction, not to exceed 6% of annual compensation and an additional discretionary 3% of annual salary. Additional amounts may be contributed at the discretion of the Company. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of continuous service. The Program applies a graded vesting schedule beginning with 20% vesting after one year of credited service and ending with 100% vesting after five years of credited service.

401(k) RETIREMENT PROGRAM**

Notes to Financial Statements

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contribution, and an allocation of investment earnings. Allocations are based on participant earnings or account balances, as defined. Each participant's account is also adjusted to reflect the current fair value of the assets in which such account is invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the allocation of their contributions to the purchase of investments offered by Fidelity.

(d) Forfeitures

Upon termination of a participant's employment, the nonvested portion of the Company's matching and discretionary contributions (if any) and earnings thereon is forfeited. Forfeitures are used to reduce future Company contributions and amounted to \$82,367 and \$56,371 in 2023 and 2022, respectively.

(e) Program Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, or installments.

(f) Participant Notes Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are accounted for as a transfer (from) to the investment fund from (to) participant loans. Loan repayment terms range from 1-5 years (up to 30 years for loans to acquire a primary residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Program administrator. Interest rates range from 4.25% to 9.50%. Principal and interest are paid through monthly payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those assets of the Program.

(b) Use of Estimates

The program administrator has made certain estimates and assumptions relating to the reporting of net assets available for benefits and changes in those assets to prepare these financial statements in conformity with U.S. generally accepted accounting principles. Actual results may differ from those estimates.

(c) Investment and Participant Loan Valuation and Income Recognition

Investments are stated at fair value as reported by the trustee based on quotations obtained from national security exchanges or as reported by the administrator of the funds, with the exception of fully benefit responsive investment contracts and participant loans. Participant loans receivable are stated at amortized cost including accrued interest.

**BLUE CROSS AND BLUE SHIELD OF VERMONT

Notes to Financial Statements

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex dividend date.

Net appreciation (depreciation) in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation/depreciation from one period to the next.

(d) *Payment of Benefits*

Benefits are payments to participants and are recorded upon distribution.

(e) *Administrative Expenses*

The Program document provides that the expenses of administering the Program shall be paid by the Company with the exception of investment management fees and certain expenses which are paid by the Program and recorded net of investment income. Certain legal and administrative expenses are paid by the Company. Administrative fees relating to accounting, benefits administration and investment advisory services are paid by the Company. In addition, the Company pays certain legal fees related to the Program design and administration.

(f) *Risks and Uncertainties*

The Program invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

(3) *Information Certified by Program Trustee*

The Program Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity) has certified to the completeness and accuracy of all investments reflected on the accompanying statements of assets available for benefits as of December 31, 2023 and 2022, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and the related investment activity reflected in the statements of changes in assets available for benefits for the years ended December 31, 2023 and 2022.

(4) Fair Value Measurements

The Program accounts for and discloses investments in accordance with the provisions of Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*. ASC Topic 820 establishes a three level hierarchy for disclosure of fair value measurement with the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Program has the ability to access at the measurement date. Included in Level 1 are commingled funds, mutual funds and money market funds.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables present the placement in the fair value hierarchy of assets that are measured at fair value on a recurring basis at December 31, 2023 and 2022.

	2023			
	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total fair value

The following method and assumptions were used to estimate the fair value of each class of financial instrument. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds, Mutual Funds and Commingled Funds – Fair value estimates are based on the closing net asset value (NAV) of shares reported on the last business day of the year provided by the administrator of the funds.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Program believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

For the years ended December 31, 2023 and 2022 there were no transfers between levels of investments, within in the fair value hierarchy.

(5) Income Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated September 8, 2014, that the Program and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the program has been amended since receiving the IRS determination letter, the Program administrator believes that the Program is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. generally accepted accounting principles require program management to evaluate tax positions taken by the Program and recognize a tax liability (or de recognize an asset) if the Program has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The Program administrator has analyzed the tax positions taken by the Program, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require

Notes to Financial Statements

recognition of a liability (or de recognition of an asset) or disclosure in the financial statements. The Program is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Program administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(6) Program Termination

Although it has not expressed any intent to do so, the Company has the right under the Program to discontinue its contributions at any time and to terminate the Program subject to the provisions of ERISA. In the event of Program termination, participants will become 100% vested in their accounts.

(7) Related Party Transactions

Certain investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Program and, therefore, these transactions qualify as party in interest transactions. Certain legal and administrative expenses are paid by the Company. Administrative fees relating to accounting, benefits administration and investment advisory services are paid by the Company. In addition, the Company pays certain legal fees related to the Program design and administration. Other than as described above or pursuant to certain trust agreements, the Program does not have agreements or transactions with parties in interest.

The National Employee Benefits Committee (NEBC) is the program administrator. National Employee Benefits Administrators (NEBA), acting for NEBC, carries out the day-to-day duties of the program administrator under the supervision of NEBC. The NEBC, not the Employer or any other persons or entities, is responsible for selecting core investment funds made available under the Program and for monitoring performance of the core investment funds. The Core Investment Fund Options chosen are intended to satisfy Section 404(c) of ERISA and Dept. of Labor Reg. § 2550.404c-1.

(8) Subsequent Events

The Program has evaluated subsequent events from the statements of net assets available for benefits date of December 31, 2023 through October 10, 2024 the date at which the financial statements were available to be issued, and determined there are no other items to disclose.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
