Independent Auditor's Report

Retirement Plan Committee
Profile Products LLC Employees' Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Profile Products LLC Employees' Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Profile Products LLC Employees' Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan, established on October 16, 1997, and maintained for the benefit of eligible nonunion employees of Profile Products LLC and subsidiaries (the Employer or Company), most recently amended on May 31, 2022, effective June 14, 2022. The amendment updated the definition of service for the purpose of eligibility to include the predecessor employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company is the trustee of the Plan.

Eligibility: Eligible employees for elective salary deferral, nonelective employer and employer matching contributions are all nonunion, nonleased, and United States resident employees who are 21 years of age or older and have completed two months of service with the Company. The Plan provides that these eligible employees enter the Plan on the first day of every plan month, coincident with or next following satisfaction of the eligibility requirements. In order to be eligible for nonelective employer contributions, the employee must complete at least 1,000 hours of service during the plan year and be employed as of the last day of the plan year in addition to the eligibility requirements noted above.

Contributions: The Plan provides for the following types of contributions which are to be maintained in separate accounts for each participant and are subject to certain limitations:

Elective salary deferral contributions: Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions made to be Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants can elect not to participate in the Plan altogether.

Nonelective employer contributions: The Employer may, but is not required to, make contributions at the discretion of the Employer. There was a discretionary contribution that totaled \$0 and \$229,222 for the years ended December 31, 2023 and 2022, respectively.

Employer matching contributions: The Plan allows for both a discretionary and qualified matching contributions. The discretionary amount to be contributed by the Employer is at the discretion of the Employer. For the year ended December 31, 2023, the Employer matching contribution was 50% of an employee's elective salary deferral up to 6% of compensation. The qualified amount to be contributed by the Employer is an amount the Employer may designate of any matching contribution and allocate to the participants to help the Plan pass one or more annually required Internal Revenue Code (IRC) nondiscrimination tests, which are 100% vested immediately. There were no qualified matching contributions made during the year ended December 31, 2023.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions as well as allocations of the Employer's contributions, if any, and earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income (loss) is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs his or her account balances to be invested in selected funds as made available and determined by the Employer. Participants are allowed to change their investment options on a daily basis.

Transfers: Participants of the Plan that are eligible and participate in the Profile Products LLC Executive Deferred Compensation Plan (DC Plan) may also be participants in the Plan. As a result, the Plan allows for the participants with balances in the DC Plan to transfer funds into the Plan.

Vesting: Participants are immediately vested in their elective salary deferral and rollover contributions and earnings thereon. Vesting in the employer matching, nonelective contributions and related earnings is based on years of service (with 20% vesting for each year of service beginning after two years of service).

Payment of benefits: If the participant terminates service due to death, disability or retirement, a participant may elect to receive the amount equal to the value of the participant's vested account balance through a lump-sum cash distribution. For termination of service due to other reasons, a participant may receive the value of vested account balance as a lump-sum distribution. For vested account balances exceeding \$5,000, the participant may elect to postpone his or her distribution until the required distribution age or, if the account balance is less than \$5,000, the benefit payment will be made regardless of whether the participant consents to receive it in the form of a lump sum. In addition, participants who have attained the age of 59½ have the right to an in-service withdrawal for all or a portion of the salary deferrals. Distributions of rollover contributions may be taken at any time. Upon the later of a participant's attainment of the age of 70½ or separation from service, minimum required distributions must be taken. As of December 31, 2023 and 2022, there were no amounts due to terminated participants who have requested distribution or rollover of their account balances.

Forfeitures: As of December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$17,700 and \$4,300, respectively. The forfeited nonvested accounts will be used to reduce Company contributions or pay Plan administrative expenses. There were approximately \$50,000 new forfeitures during the year. Approximately \$37,000 of forfeited nonvested accounts were used to reduce Company contributions or pay Plan administrative expenses during 2023.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to other restrictions provided by the Plan agreement. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provisions and ERISA regulations whereby interest is calculated and allocated to the individual participant. Notes are repaid over a period ranging from one to five years through employee payroll deductions. The Plan Administrator will treat a loan as a default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. As of December 31, 2023, there were approximately \$28,000 of loans in default. Notes are secured by the balance in the participant's account and bear interest at a rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Loans in default are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are charged against earnings, except to the extent the expenses are paid by the Company. Expenses paid directly by the Company are excluded from these financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 14, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, certain eligible employees will have automatic enrollment contributions. Additionally, matching employer contributions will be 100% vested immediately.

Note 3. Information Certified or Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and income information for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained the certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets and income (loss).

	2023	2022
Investments at fair value:		
Shares of registered investment companies	\$ 18,000,702	\$ 15,658,232
Units of common/collective trust	1,335,097	1,995,298
Notes receivable from participants	199,747	219,011
Net appreciation in fair value of investments	2,876,682	
Interest and dividends	475,330	
Interest income on notes receivable from participants	11,428	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 18,000,702	\$ -	\$ -	\$ 18,000,702
Investments measured at NAV (a)				1,335,097
Investments at fair value				<u>\$ 19,335,799</u>

	2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 15,658,232	\$ -	\$ -	\$ 15,658,232
Investments measured at NAV (a)				1,995,298
Investments at fair value				<u>\$ 17,653,530</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Units of common/collective trust	<u>\$ 1,335,097</u>	<u>\$ 1,995,298</u>	<u>\$ -</u>	<u>\$ -</u>	Daily	None

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan's investments are held by the trustee. Fidelity Investments Institutional (FII), an affiliate of the trustee, serves as the Plan's record keeper; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, administrative expenses paid to FII and an affiliated investment advisor of the trustee of the Plan were approximately \$8,200.

Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. All assets remaining in the trust, after deducting all fees, taxes and other expenses, shall be distributed to the participants in accordance with the value of their accounts at the date of Plan termination.

Note 7. Tax Status

Effective October 30, 2014, the Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The most recent adoption agreement amendment is effective January 1, 2024. The volume submitter plan has received an opinion letter, issued to the Plan sponsor, dated June 30, 2020, from the Internal Revenue Services (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Company contributions	(23,885)
Administrative expenses	(2,114)
Change in net assets available for benefits per Form 5500	<u>\$ 1,721,692</u>

Note 9. Plan Merger

On May 31, 2022, the Plan Sponsor signed an amendment merging the Florikan-ESA Profit Sharing Plan and Trust into the Plan, effective June 14, 2022. Total assets transferred into the Plan approximated \$1,554,000.

Note 10. Prohibited Transaction

During 2022, the Company inadvertently failed to deposit \$98,155 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings of \$65 during 2023 to correct this failure. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2024. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

During 2023, the Company inadvertently failed to deposit \$107,134 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor will deposit lost earnings during 2024 to correct this failure. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2024. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Independent Auditor's Report

Retirement Plan Committee
Profile Products LLC Employees' Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Profile Products LLC Employees' Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Profile Products LLC Employees' Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan, established on October 16, 1997, and maintained for the benefit of eligible nonunion employees of Profile Products LLC and subsidiaries (the Employer or Company), most recently amended on May 31, 2022, effective June 14, 2022. The amendment updated the definition of service for the purpose of eligibility to include the predecessor employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company is the trustee of the Plan.

Eligibility: Eligible employees for elective salary deferral, nonelective employer and employer matching contributions are all nonunion, nonleased, and United States resident employees who are 21 years of age or older and have completed two months of service with the Company. The Plan provides that these eligible employees enter the Plan on the first day of every plan month, coincident with or next following satisfaction of the eligibility requirements. In order to be eligible for nonelective employer contributions, the employee must complete at least 1,000 hours of service during the plan year and be employed as of the last day of the plan year in addition to the eligibility requirements noted above.

Contributions: The Plan provides for the following types of contributions which are to be maintained in separate accounts for each participant and are subject to certain limitations:

Elective salary deferral contributions: Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions made to be Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants can elect not to participate in the Plan altogether.

Nonelective employer contributions: The Employer may, but is not required to, make contributions at the discretion of the Employer. There was a discretionary contribution that totaled \$0 and \$229,222 for the years ended December 31, 2023 and 2022, respectively.

Employer matching contributions: The Plan allows for both a discretionary and qualified matching contributions. The discretionary amount to be contributed by the Employer is at the discretion of the Employer. For the year ended December 31, 2023, the Employer matching contribution was 50% of an employee's elective salary deferral up to 6% of compensation. The qualified amount to be contributed by the Employer is an amount the Employer may designate of any matching contribution and allocate to the participants to help the Plan pass one or more annually required Internal Revenue Code (IRC) nondiscrimination tests, which are 100% vested immediately. There were no qualified matching contributions made during the year ended December 31, 2023.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions as well as allocations of the Employer's contributions, if any, and earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income (loss) is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs his or her account balances to be invested in selected funds as made available and determined by the Employer. Participants are allowed to change their investment options on a daily basis.

Transfers: Participants of the Plan that are eligible and participate in the Profile Products LLC Executive Deferred Compensation Plan (DC Plan) may also be participants in the Plan. As a result, the Plan allows for the participants with balances in the DC Plan to transfer funds into the Plan.

Vesting: Participants are immediately vested in their elective salary deferral and rollover contributions and earnings thereon. Vesting in the employer matching, nonelective contributions and related earnings is based on years of service (with 20% vesting for each year of service beginning after two years of service).

Payment of benefits: If the participant terminates service due to death, disability or retirement, a participant may elect to receive the amount equal to the value of the participant's vested account balance through a lump-sum cash distribution. For termination of service due to other reasons, a participant may receive the value of vested account balance as a lump-sum distribution. For vested account balances exceeding \$5,000, the participant may elect to postpone his or her distribution until the required distribution age or, if the account balance is less than \$5,000, the benefit payment will be made regardless of whether the participant consents to receive it in the form of a lump sum. In addition, participants who have attained the age of 59½ have the right to an in-service withdrawal for all or a portion of the salary deferrals. Distributions of rollover contributions may be taken at any time. Upon the later of a participant's attainment of the age of 70½ or separation from service, minimum required distributions must be taken. As of December 31, 2023 and 2022, there were no amounts due to terminated participants who have requested distribution or rollover of their account balances.

Forfeitures: As of December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$17,700 and \$4,300, respectively. The forfeited nonvested accounts will be used to reduce Company contributions or pay Plan administrative expenses. There were approximately \$50,000 new forfeitures during the year. Approximately \$37,000 of forfeited nonvested accounts were used to reduce Company contributions or pay Plan administrative expenses during 2023.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to other restrictions provided by the Plan agreement. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provisions and ERISA regulations whereby interest is calculated and allocated to the individual participant. Notes are repaid over a period ranging from one to five years through employee payroll deductions. The Plan Administrator will treat a loan as a default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. As of December 31, 2023, there were approximately \$28,000 of loans in default. Notes are secured by the balance in the participant's account and bear interest at a rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Loans in default are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are charged against earnings, except to the extent the expenses are paid by the Company. Expenses paid directly by the Company are excluded from these financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 14, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, certain eligible employees will have automatic enrollment contributions. Additionally, matching employer contributions will be 100% vested immediately.

Note 3. Information Certified or Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and income information for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained the certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets and income (loss).

	2023	2022
Investments at fair value:		
Shares of registered investment companies	\$ 18,000,702	\$ 15,658,232
Units of common/collective trust	1,335,097	1,995,298
Notes receivable from participants	199,747	219,011
Net appreciation in fair value of investments	2,876,682	
Interest and dividends	475,330	
Interest income on notes receivable from participants	11,428	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 18,000,702	\$ -	\$ -	\$ 18,000,702
Investments measured at NAV (a)				1,335,097
Investments at fair value				<u>\$ 19,335,799</u>

	2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 15,658,232	\$ -	\$ -	\$ 15,658,232
Investments measured at NAV (a)				1,995,298
Investments at fair value				<u>\$ 17,653,530</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Units of common/collective trust	<u>\$ 1,335,097</u>	<u>\$ 1,995,298</u>	<u>\$ -</u>	<u>\$ -</u>	Daily	None

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan's investments are held by the trustee. Fidelity Investments Institutional (FII), an affiliate of the trustee, serves as the Plan's record keeper; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, administrative expenses paid to FII and an affiliated investment advisor of the trustee of the Plan were approximately \$8,200.

Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. All assets remaining in the trust, after deducting all fees, taxes and other expenses, shall be distributed to the participants in accordance with the value of their accounts at the date of Plan termination.

Note 7. Tax Status

Effective October 30, 2014, the Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The most recent adoption agreement amendment is effective January 1, 2024. The volume submitter plan has received an opinion letter, issued to the Plan sponsor, dated June 30, 2020, from the Internal Revenue Services (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Change in net assets available for benefits per Form 5500	<u>\$ 1,721,692</u>

Note 9. Plan Merger

On May 31, 2022, the Plan Sponsor signed an amendment merging the Florikan-ESA Profit Sharing Plan and Trust into the Plan, effective June 14, 2022. Total assets transferred into the Plan approximated \$1,554,000.

Note 10. Prohibited Transaction

During 2022, the Company inadvertently failed to deposit \$98,155 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings of \$65 during 2023 to correct this failure. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2024. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

During 2023, the Company inadvertently failed to deposit \$107,134 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor will deposit lost earnings during 2024 to correct this failure. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2024. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Profile Products LLC Employees' Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Profile Products LLC Employees' Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Profile Products LLC Employees' Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan, established on October 16, 1997, and maintained for the benefit of eligible nonunion employees of Profile Products LLC and subsidiaries (the Employer or Company), most recently amended on May 31, 2022, effective June 14, 2022. The amendment updated the definition of service for the purpose of eligibility to include the predecessor employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company is the trustee of the Plan.

Eligibility: Eligible employees for elective salary deferral, nonelective employer and employer matching contributions are all nonunion, nonleased, and United States resident employees who are 21 years of age or older and have completed two months of service with the Company. The Plan provides that these eligible employees enter the Plan on the first day of every plan month, coincident with or next following satisfaction of the eligibility requirements. In order to be eligible for nonelective employer contributions, the employee must complete at least 1,000 hours of service during the plan year and be employed as of the last day of the plan year in addition to the eligibility requirements noted above.

Contributions: The Plan provides for the following types of contributions which are to be maintained in separate accounts for each participant and are subject to certain limitations:

Elective salary deferral contributions: Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions made to be Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants can elect not to participate in the Plan altogether.

Nonelective employer contributions: The Employer may, but is not required to, make contributions at the discretion of the Employer. There was a discretionary contribution that totaled \$0 and \$229,222 for the years ended December 31, 2023 and 2022, respectively.

Employer matching contributions: The Plan allows for both a discretionary and qualified matching contributions. The discretionary amount to be contributed by the Employer is at the discretion of the Employer. For the year ended December 31, 2023, the Employer matching contribution was 50% of an employee's elective salary deferral up to 6% of compensation. The qualified amount to be contributed by the Employer is an amount the Employer may designate of any matching contribution and allocate to the participants to help the Plan pass one or more annually required Internal Revenue Code (IRC) nondiscrimination tests, which are 100% vested immediately. There were no qualified matching contributions made during the year ended December 31, 2023.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions as well as allocations of the Employer's contributions, if any, and earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income (loss) is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs his or her account balances to be invested in selected funds as made available and determined by the Employer. Participants are allowed to change their investment options on a daily basis.

Transfers: Participants of the Plan that are eligible and participate in the Profile Products LLC Executive Deferred Compensation Plan (DC Plan) may also be participants in the Plan. As a result, the Plan allows for the participants with balances in the DC Plan to transfer funds into the Plan.

Vesting: Participants are immediately vested in their elective salary deferral and rollover contributions and earnings thereon. Vesting in the employer matching, nonelective contributions and related earnings is based on years of service (with 20% vesting for each year of service beginning after two years of service).

Payment of benefits: If the participant terminates service due to death, disability or retirement, a participant may elect to receive the amount equal to the value of the participant's vested account balance through a lump-sum cash distribution. For termination of service due to other reasons, a participant may receive the value of vested account balance as a lump-sum distribution. For vested account balances exceeding \$5,000, the participant may elect to postpone his or her distribution until the required distribution age or, if the account balance is less than \$5,000, the benefit payment will be made regardless of whether the participant consents to receive it in the form of a lump sum. In addition, participants who have attained the age of 59½ have the right to an in-service withdrawal for all or a portion of the salary deferrals. Distributions of rollover contributions may be taken at any time. Upon the later of a participant's attainment of the age of 70½ or separation from service, minimum required distributions must be taken. As of December 31, 2023 and 2022, there were no amounts due to terminated participants who have requested distribution or rollover of their account balances.

Forfeitures: As of December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$17,700 and \$4,300, respectively. The forfeited nonvested accounts will be used to reduce Company contributions or pay Plan administrative expenses. There were approximately \$50,000 new forfeitures during the year. Approximately \$37,000 of forfeited nonvested accounts were used to reduce Company contributions or pay Plan administrative expenses during 2023.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to other restrictions provided by the Plan agreement. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provisions and ERISA regulations whereby interest is calculated and allocated to the individual participant. Notes are repaid over a period ranging from one to five years through employee payroll deductions. The Plan Administrator will treat a loan as a default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. As of December 31, 2023, there were approximately \$28,000 of loans in default. Notes are secured by the balance in the participant's account and bear interest at a rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Loans in default are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are charged against earnings, except to the extent the expenses are paid by the Company. Expenses paid directly by the Company are excluded from these financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 14, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, certain eligible employees will have automatic enrollment contributions. Additionally, matching employer contributions will be 100% vested immediately.

Note 3. Information Certified or Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and income information for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained the certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets and income (loss).

	2023	2022
Investments at fair value:		
Shares of registered investment companies	\$ 18,000,702	\$ 15,658,232
Units of common/collective trust	1,335,097	1,995,298
Notes receivable from participants	199,747	219,011
Net appreciation in fair value of investments	2,876,682	
Interest and dividends	475,330	
Interest income on notes receivable from participants	11,428	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 18,000,702	\$ -	\$ -	\$ 18,000,702
Investments measured at NAV (a)				1,335,097
Investments at fair value				<u>\$ 19,335,799</u>

	2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 15,658,232	\$ -	\$ -	\$ 15,658,232
Investments measured at NAV (a)				1,995,298
Investments at fair value				<u>\$ 17,653,530</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Units of common/collective trust	<u>\$ 1,335,097</u>	<u>\$ 1,995,298</u>	<u>\$ -</u>	<u>\$ -</u>	Daily	None

Profile Products LLC Employees' Savings and Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan's investments are held by the trustee. Fidelity Investments Institutional (FII), an affiliate of the trustee, serves as the Plan's record keeper; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, administrative expenses paid to FII and an affiliated investment advisor of the trustee of the Plan were approximately \$8,200.

Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. All assets remaining in the trust, after deducting all fees, taxes and other expenses, shall be distributed to the participants in accordance with the value of their accounts at the date of Plan termination.

Note 7. Tax Status

Effective October 30, 2014, the Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The most recent adoption agreement amendment is effective January 1, 2024. The volume submitter plan has received an opinion letter, issued to the Plan sponsor, dated June 30, 2020, from the Internal Revenue Services (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Change in net assets available for benefits per Form 5500	<u>\$ 1,721,692</u>

Note 9. Plan Merger

On May 31, 2022, the Plan Sponsor signed an amendment merging the Florikan-ESA Profit Sharing Plan and Trust into the Plan, effective June 14, 2022. Total assets transferred into the Plan approximated \$1,554,000.

Note 10. Prohibited Transaction

During 2022, the Company inadvertently failed to deposit \$98,155 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings of \$65 during 2023 to correct this failure. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2024. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

During 2023, the Company inadvertently failed to deposit \$107,134 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor will deposit lost earnings during 2024 to correct this failure. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2024. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.
