MILLER KAPLAN

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Food Lifeline 403(b) Plan
815 South 96th Street
Seattle, Washington 98108

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Food Lifeline 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Food Lifeline 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan established on July 1, 1995 under Section 403(b) of the Internal Revenue Code (the "Code") to provide retirement benefits to eligible employees of Food Lifeline (the "Company"). The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Code and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Plan Administration and Expenses

The Company appointed an administrative committee to manage the operation and administration of the Plan. Plan investments are provided under group annuity contracts issued by the custodians, TIAA and CREF. TIAA serves as third-party administrator of the Plan. Investment fund sub-advisor, operating and management fees, custodial fees, record keeping, and contract management fees and brokerage commissions are factored into Plan investment funds as a reduction in investment return.

C. Eligibility

There is no service or age requirement for an eligible employee to begin elective deferrals. Participants are eligible to receive employer matching contributions on completion of one year of service and have attained age 21.

D. Contributions

Participants may elect to contribute their pre-tax compensation, as defined in the Plan, up to the maximum amount allowable under provisions of the Code. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans subject to certain limitations defined in the Plan. Participants of age 50 and older may make additional catch-up contributions. For participants with 15 years of service, the Plan permits additional special Section 403(b) catch-up contributions.

The Company makes discretionary matching contributions, as defined in the Plan and approved by the Board of Directors. The Company made matching contributions equal to 50% of the first 9% of eligible compensation deferred by participants.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company matching contributions and the participant's share of Plan earnings or losses and expenses. Participants direct the investment of their accounts.

F. Vesting

Participant accounts are immediately 100% vested.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

G. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's account balance, bears a reasonable interest rate, and must be repaid to the Plan within a five-year period unless a loan is used for the purchase of a principal residence in which case the maximum repayment period maybe extended. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as distributions based on the terms of the Plan document. Participant loans outstanding at December 31, 2023 carry an interest rate from 4.50% to 9.50%.

H. Payment of Benefits

Normal retirement under the Plan is age 65. Upon termination of service, death, disability, or attainment of age 59½, a participant may receive benefits or choose to maintain his or her account in the Plan. Participants may elect to receive benefits in a lump sum, partial payments, installments or an annuity. Hardship withdrawals are permitted from participant elective deferral accounts under limited circumstances as defined in the Plan, subject to approval of the plan administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments held by an employee benefit plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents contributions made under a contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

D. Risks and Uncertainties

Plan investments are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Risks and Uncertainties (Continued)

possible that changes in value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

Investments offered under the Plan are issued by TIAA and CREF. Purchases and sales of these securities and payment of investment and administrative fees by the Plan are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes the Plan is designed and operated in accordance with and qualifies under applicable requirements of the Code and is exempt from federal income tax.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits pending or in progress.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2023 and 2022, and investment income for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by TIAA and CREF, the custodians.

NOTE 6 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Level 1 inputs are based on quoted prices for identical securities in an active market. Level 2 inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds are valued at fair value based upon closing market prices of shares held by the Plan at year end. Fair value of the Plan investments in non-benefit responsive fixed income annuity contracts issued by TIAA is based on unobservable inputs. TIAA estimates fair value of the contracts based on a formula which depends on the applicable interest rates applied to contributions under the contracts. The following tables summarize Plan investments at December 31 based on inputs used to value them:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,930,697	$ -	$ -	$ 4,930,697
Non-Benefit Responsive Investment Contracts	-	-	273,398	273,398
Total Assets in the Fair Value Hierarchy	$ 4,930,697	$ -	$ 273,398	5,204,095
Investments Measured at Net Asset Value				252,993
				$ 5,457,088

	2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,652,321	$ -	$ -	$ 3,652,321
Non-Benefit Responsive Investment Contracts	-	-	254,129	254,129
Total Assets in the Fair Value Hierarchy	$ 3,652,321	$ -	$ 254,129	3,906,450
Investments Measured at Net Asset Value				268,388
				$ 4,174,838

Fair value of the Plan's investment in the pooled separate account is reported using net asset value as a practical expedient and is excluded from the fair value hierarchy under ASC 820. This investment is presented in the foregoing tables to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table reconciles the beginning and ending fair value of the Plan's Level 3 investments for the year ended December 31, 2023:

	Non-Benefit Responsive Investment Contracts
Balance, December 31, 2022	$ 254,129
Purchases	148,761
Sales	(137,925)
Realized Gains	260
Unrealized Gains	8,173
Balance, December 31, 2023	$ 273,398

Realized and unrealized gains in Level 3 investments are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 7 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

The following table summarizes the Plan's investment in the TIAA Real Estate Fund, a pooled separate account (a direct filing entity) for which fair value is measured using the net asset value per share practical expedient:

	2023	2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
TIAA Real Estate Fund	$ 252,993	$ 268,388	None	Daily	30 days

The fund seeks to generate favorable long-term returns primarily through rental income and appreciation of real estate and real estate related investments owned by the fund.

NOTE 8 - INVESTMENT CONTRACTS

TIAA investment contracts provided under the Plan include non-benefit responsive and fully benefit-responsive investment vehicles. Participants may enter into individual annuity contracts issued by TIAA that are non-benefit responsive. Interest is credited on contributions at a guaranteed rate of 3% plus additional interest that is determined annually but is not guaranteed. The contracts do not allow for plan level redemptions, and redemption restrictions apply to participant investments. Lump sum cash withdrawals are generally not allowed, and surrender charges apply in circumstances when lump sum withdrawals are permitted. Participants generally are required to redeem investments in installments over a 10-year period or five annual installments for withdrawals after termination of employment through election of a five-year fixed-period annuity.

The fully benefit-responsive investment contract provided under the Plan requires TIAA to pay a specified interest rate (1% to 3%) on participant contributions pursuant to terms of the contract. No restrictions are placed on participant redemptions. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants when they initiate permitted transactions under the terms of the Plan. Certain events might limit the ability of the Plan to transact at contract value including premature termination of Plan investments in the fully benefit-responsive investment contract. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

Repayment of principal and guaranteed interest under investment contracts is backed by the general account of TIAA. The Plan's ability to receive amounts due under investment contracts is dependent on TIAA's ability to meet its financial obligations. There are no reserves against contracts for credit loss.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2024, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
