RUMMEL CONSTRUCTION, INC. 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***Rummel Construction, Inc. 401(k) Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at year end) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RUMMEL CONSTRUCTION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of Plan

The following description of the ***Rummel Construction, Inc. 401(k) Plan*** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. **General** – The Plan is a defined contribution plan with 401(k) provisions covering all eligible employees of Rummel Construction, Inc. (the “Company”) who have completed six months of service, are at least 18 years of age and are not an employee covered by a collective bargaining agreement or a nonresident alien. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”) and has been amended various times since inception.

During 2023, the Company authorized the Merger of the Plan into the Emery Sapp 401(k) Plan (the “ESS Plan”), a retirement plan sponsored by the Company’s parent, Emery Sapp & Sons, Inc. Plan assets totaling \$19,216,964 were transferred to the ESS Plan on December 29, 2023. The remainder of the Plan’s assets, comprised of participant accounts invested in the Principal Stable Value Fund, were transferred to the ESS Plan on June 17, 2024.

The ESS Plan was amended to add the Company as a participating employer and allow eligible employees to participate in the ESS Plan effective January 1, 2024. Effective on this date, the Company discontinued contributions to the Plan. The Merger did not significantly impact participants as existing Plan provisions were incorporated into the ESS Plan and existing participants were able to transfer over their loans for repayment under the ESS Plan.

- B. **Contributions** – Each year, participants may elect to defer a portion of their annual compensation on a pre-tax and or post-tax (Roth) basis, subject to annual limitations imposed by the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan on the first day of the month coinciding with the date the employee satisfies eligibility requirements. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate is then increased by 1% every January 1 up to 10%.

Each year at the Company’s election, discretionary matching contributions may be contributed to the Plan. Participants must be employed on the last day of the year and complete at least 1,000 hours of service during the Plan year in order to receive the discretionary matching contribution. As a result of the Company being acquired effective September 30, 2022, the Plan document was amended to remove the 1,000 hours of service and employment as of the last day of the year requirements for the discretionary matching contributions. For 2023, there were no discretionary matching contributions authorized by the Company.

- C. **Participant accounts** – Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contribution, and (b) the Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant’s earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

RUMMEL CONSTRUCTION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of Plan (continued)

- D. **Vesting** – Participants are immediately 100% vested in their elective deferral contributions and rollover contributions, plus actual earnings thereon. Participants vest in Company contributions, plus actual earnings thereon, based on years of credited service. Participants are 20% vested after the completion of two years and become 100% vested after six years of credited service. Participants also become 100% vested upon retirement, attainment of age 55, separation of employment due to disability, death or termination of the Plan. The Plan defines a year of credited service to be a Plan year with the participant rendering at least 1,000 hours of service.
- E. **Notes receivable from participants** – Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All notes receivable from participants shall bear interest at a rate comparable to rates available at commercial lending institutions. All notes receivable from participants shall be repayable over a period not to exceed five years, except that the term may exceed five years (but shall not exceed 20 years) if the proceeds of the notes receivable will be used, within a reasonable time after the funds are disbursed, to acquire or construct the participant's principal residence. All notes receivable from participants are collateralized by the participant's account in the Plan. Principal and interest is paid ratably through payroll deductions.
- F. **Payment of benefits** – Upon termination of service due to death, disability, retirement or other reasons, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. Participants may also withdraw from their account as set forth in the provisions of the Plan document for certain hardships.
- G. **Forfeitures** – Available forfeitures are first used to pay Plan administrative expenses and then reduce Company contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$1,900 and \$97,000, respectively. Approximately \$65,000 of forfeitures were used to pay administrative expenses during the year ended December 31, 2023.
- H. **Termination of the Plan** – Although it has not expressed an intention to do so, the Employer has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants shall become 100% vested in their account balances.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

RUMMEL CONSTRUCTION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(2) Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits – Payment of benefits are recorded when paid.

Administrative expenses – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees mainly related to the administration of notes receivable from participants and investments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and uncertainties – The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's exposure to interest rate risk, credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

(3) Information certified by the Plan's custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively "Principal"), the Plan's custodians, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

RUMMEL CONSTRUCTION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(4) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.
- Level 2: Inputs other than quoted prices that are observable for assets or liabilities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.
- Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets or liabilities. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

- Registered investment companies: Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Common/collective trusts ("CCTs") and pooled separate accounts: Values are based upon the current fair values of the underlying assets of the funds divided by the number of units outstanding, or unit value which is the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2023 and 2022, and can be redeemed daily with no redemption notice period or other redemption restrictions, with the exception of the Principal Stable Value Fund which requires a 12 month redemption notice. This fund is classified within CCTs in the accompanying statements of net assets available for benefits. In anticipation of the Plan Merger into the ESS Plan, redemption notice for this CCT was provided in June 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value, as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common/collective trusts*	\$ -	\$ -	\$ -	\$ 682,336
Total investments	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 682,336</u>

RUMMEL CONSTRUCTION, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(4) Fair value measurement (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value, as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 4,410,710	\$ -	\$ -	\$ 4,410,710
Common/collective trusts*	-	-	-	9,935,428
Pooled separate accounts*	-	-	-	1,662,678
Total investments	<u>\$ 4,410,710</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,008,816</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Parties-in-interest

Certain investments of the Plan are managed by Principal, the custodian; therefore, these transactions are considered exempt party-in-interest transactions. Total administrative fees paid by the Plan to Principal for the year ended December 31, 2023 for recordkeeping and administration services totaled \$72,653. There were also \$35,778 of fees paid to other parties-in-interest during the year ended December 31, 2023 that consisted of investment advisory services.

(6) Income tax status

The Plan has adopted a prototype plan document, which obtained a favorable advisory opinion letter dated June 30, 2020, stating that the Plan and related trust are designed in accordance with the applicable Code. Although the Plan has been amended since receiving the advisory opinion letter, the Plan administrator and the Company believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believe that the Plan is qualified, and the related trust is tax exempt as of and for the year ended December 31, 2023.

(7) Non-exempt transactions

The DOL's regulations require defined contribution plans to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets but not later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. For the year ended December 31, 2023, the Company failed to remit certain participant contributions and loan repayments totaling \$103,479 to the Plan in a timely manner. Plan management is in the process of correcting these contributions and loan repayments during the 2024 Plan year. Lost earnings associated with the corrections are expected to be de minimis.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits prior to Plan transfers as reported in the financial statements for the year ended December 31, 2023 to the net income as reported in the Form 5500:
