LTA II MANUFACTURING LLC 401(k) PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of LTA II Manufacturing LLC 401(k) Plan
Ottawa, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of LTA II Manufacturing LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and the supplemental Schedule of Assets as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LTA II MANUFACTURING LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following description of the LTA II Manufacturing LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan was originally established January 1, 1996.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") for employees of LTA II Manufacturing and Ranch Fiberglass, companies under common control (collectively the "Company"). Empower Annuity Insurance Company and Empower Trust Company, LLC (collectively, "Empower") are the custodians and trustees of the Plan. Empower Retirement, LLC, serves as the recordkeeper of the Plan.

Eligibility – An individual is eligible to enroll in the Plan immediately upon reaching the age of 18. Participants can enter the Plan on the first day of the following month. The Plan excludes union employees, non-resident aliens, and leased employees from participation.

Contributions – Participants may contribute up to 75% of compensation, subject to certain Internal Revenue Code ("IRC") limitations. Participants may contribute pre-tax amounts (401(k) contributions) or after-tax amounts (Roth contributions). A participant who is at least 50 years old may also make catchup contributions to the Plan.

A safe harbor matching contribution of 100% up to 5% of participant contributions is calculated and paid into the trust each pay period. Additionally, the Company may declare a discretionary matching contribution at the rate of 100% up to 6% of eligible wages. No such contribution was declared in 2023.

Participant Accounts – Each participant's account is credited with the participant's and Company's contributions, investment earnings, and is charged with the participant's withdrawals and distributions, and an allocation of expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – The Plan offers a variety of mutual funds and a fixed annuity as investment options for participants.

Vesting – Participants' and employer contributions are fully vested at all times.

Payment of Benefits – Distributions of a participant's vested balance may occur upon normal retirement, termination of employment, death or permanent and total disability. A lump sum or rollover payment are the only forms of payment available. Participant balances under \$1,000 may be automatically distributed. If a participant's account balance is between \$1,000 and \$5,000, the balance will be automatically rolled over to an IRA, unless a different election is made.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment.

- Hardship withdrawals are available to the Plan participants for purposes as defined by the Plan and permitted by the IRC.
- Participants who have obtained the age of 59 ½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.
- Participants may withdraw amounts that are designated as rollover contributions at any time.

Notes Receivable from Participants – Participants are permitted to borrow against their individual account balances (salary deferral portion only) a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the participant's vested account balance. Interest rates on the loans are set at the Prime rate plus 1 percentage point. Loan terms are in accordance with limitations set forth by the Internal Revenue Service, and may not exceed five years, unless the loan is to purchase a primary residence. Loan repayments are made ratably through payroll deductions. A participant is only allowed one loan at a time.

Administrative Expenses – Administrative expenses incurred by the Plan may be paid by the Plan or by the Company. During 2023, the Plan paid administrative expenses of \$3,704.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, participants shall become fully vested, and all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the fixed annuity are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments are reported in the year paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance is considered necessary.

Date of Management's Review – Subsequent events have been evaluated through October 15, 2024, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual Funds – Valued at the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

Fixed Annuity – Stated at fair value as the fixed annuity is not considered fully-benefit responsive. Fair value is equal to the contract value, plus or minus any market value adjustment and contingent deferred sales charge, if any. The account is valued using obtainable/observable existing contracts and readily available financial information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2023 and 2022:

	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
December 31, 2023:				
Mutual funds	\$ 1,890,670			\$ 1,890,670
Fixed annuity		\$ 44,129		44,129
Total fair value	<u>\$ 1,890,670</u>	<u>\$ 44,129</u>	<u>\$ -</u>	<u>\$ 1,934,799</u>
December 31, 2022:				
Mutual funds	\$ 1,920,171			\$ 1,920,171
Fixed annuity		\$ 47,954		47,954
Total fair value	<u>\$ 1,920,171</u>	<u>\$ 47,954</u>	<u>\$ -</u>	<u>\$ 1,968,125</u>

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Empower, the custodians of the Plan, certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments as December 31, 2023 and 2022, and for the year ended December 31, 2023:

- Investments, at fair value
- Notes receivable from participants, and related interest income on notes receivable
- Net appreciation in fair value of investments
- Interest and dividend income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

An investment in the Plan is a fixed annuity that is issued by Empower. Empower is the Plan's custodian, and as such, these transactions qualify as party-in-interest. The Plan pays certain fees to Empower to administer the Plan. These transactions qualify as party-in-interest.

Notes receivable from participants also qualify as party-in-interest.

7. TAX STATUS

The Plan has adopted a prototype non-standardized profit-sharing plan with CODA, which obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Certain computational and coding errors were identified in Plan years 2017 through 2020. The Company submitted a Voluntary Correction Program ("VCP") filing to the IRS under the Employee Plans Compliance Resolution System ("EPCRS"). The submission outlines the operational issues and proposed resolution and corrective actions. The VCP submission was filed December 6, 2022, and all corrective action, as required by the IRS, has been taken by the Company.

No provision for income taxes has been included in the Plan's financial statements related to the foregoing matters because the Company believes that the Plan continues to be qualified and the tax status of the related trust continues to be tax exempt.

8. PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, employee deferrals and loan payments of \$85,188 were withheld from payroll and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trust, will file and pay the appropriate excise tax, and contribute lost earnings to the affected participants. These transactions were prohibited according to the provisions of the DOL.

During the year ended December 31, 2022, employee deferrals and loan payments of \$13,442 were withheld from payroll and not remitted on a timely basis (as defined by the DOL) by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trust, will file and pay the appropriate excise tax, and contribute lost earnings to the affected participants. These transactions were prohibited according to the provisions of the DOL.
