INDEPENDENT AUDITORS' REPORT

To the Plan participants
Carriage Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carriage Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental of schedule of assets (held at end of year) as of December 31, 2023 and the schedule of delinquent contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF PLAN

The following description of the Carriage Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan was established, effective March 19, 1993, as a defined-contribution plan covering all employees of Carriage Services, Inc. and its subsidiaries (the Company), with the exception of employees subject to a collective bargaining agreement, non-resident aliens and reclassified employees, as defined. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company and, accordingly, certain administrative functions are performed by officers or employees of the Company. No officers or employees receive compensation from the Plan.

Empower Trust Company, LLC serves as trustee of the Plan and Empower Retirement, LLC serves as the recordkeeper. The Monroe Vos Consulting Group, Inc. provides investment advisory services to the Company with respect to the Plan.

Eligibility

An employee is eligible to participate in the Plan upon completion of 30 days of service and attainment of 18 years of age. Enrollment of eligible participants occurs on the first day of each month following the date the participant completes the eligibility requirements.

Automatic Enrollment

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 3% of their pre-tax annual compensation, increased by 1% as of the first of each subsequent Plan year until a deferral rate of 10% is reached, unless the employee affirmatively elects not to participate or elects a different deferral rate.

Contributions

Participants may contribute up to 92% of their annual compensation as pre-tax contributions, Roth 401(k) contributions, or a combination thereof, not to exceed the limitation set forth in Section 402(g) of the Internal Revenue Code (IRC). Participants may make catch-up contributions, contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes Qualified Automatic Contribution Arrangement (QACA) safe harbor matching contributions on behalf of each participant equal to 100% of the first 1% and 50% of the next 6% of the participant's compensation, which is deferred as an elective deferral. Company QACA safe harbor matching contributions are computed for each payroll period.

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The Company may also elect to make discretionary non-elective contributions for participants employed by the Company on the last day of the Plan year. Discretionary non-elective contributions are allocated to each participant's account based on the ratio of a participant's compensation to all participants' compensation. Discretionary non-elective contributions are computed annually. There were no discretionary non-elective contributions made during 2023. The Company contributions are invested directly in the various investment options, as directed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings or losses. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their elective contributions, plus or minus any earnings or losses on such contributions. A participant becomes 100% vested in all Company contributions upon death, disability or attaining normal retirement age, as defined by the Plan document. For all other purposes, vesting in the Company's QACA safe harbor matching contributions and discretionary non-elective contributions made on the participant's behalf is based on the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 or more	100%

Participants are credited with a year of service based on the elapsed time method, as defined by the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts any amount greater than \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the loan is made, or 50% of the participant's vested account balance. Loan repayments are calculated on a fully amortized basis. Loans are collateralized by the vested balance in the participants' accounts and bear interest at the prime rate, as stated in the Wall Street Journal, plus 1.00%. Loan terms may not exceed five years, or 25 years if used for the purchase of a residence.

Payment of Benefits

In the case of a participant's retirement, death, permanent disability or termination of employment, the participant or his or her designated beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, unless a participant is required to receive lifetime required minimum distributions (RMDs), in which case participants may elect to receive the RMDs in installments payable monthly, quarterly or annually. Distributions are subject to the applicable provisions of the Plan agreement.

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Participants may elect to receive a distribution of their vested account balance as a lump-sum distribution upon attainment of 59½ years of age.

Hardship withdrawals from the participant's pre-tax contributions balance prior to age 59½ are also permitted under certain circumstances.

Forfeitures

All Company contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the fully vested value of his or her account. Forfeitures are applied to pay Plan expenses and reduce future Company contributions or to restore participants' accounts. During the year ended December 31, 2023, forfeitures totaling \$18,850 were used to reduce Company contributions and \$13,230 to pay Plan expenses. The balance in the forfeiture accounts as of December 31, 2023 and 2022 was \$432,127 and \$304,751, respectively.

The Plan entered into a fee agreement with Empower, from which it receives revenue sharing funds which are recorded in the non-allocated ERISA Spending Account. The purpose of this account is to pay necessary and reasonable plan related expenses in accordance with the Department of Labor's (DOL's) guidance. During 2023, total additions to the ERISA Spending Account were \$152,082 which are reflected as Other Income on the statement of changes in net assets available for benefits for the year ended December 31, 2023. During the year ended December 31, 2023, \$60,905 were used to pay Plan expenses. The balance in the ERISA spending account as of December 31, 2023 and 2022 was \$385,164 and \$287,254, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year as well as unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Benefit Payments

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 7, 2024, which is the date the financial statements were available to be issued and has determined that there are subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

3. FAIR VALUE MEASUREMENTS

FASB ASC Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, as presented in the fund's audited financial statements. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage account: Valued based on the fair value of the underlying investments in the self-directed brokerage accounts. Investments held in the self-directed brokerage accounts include money market accounts, common stocks, exchange traded funds, and Carriage Services, Inc. common stock. The following is a description of the valuation methods for the individual investment types held in the self-directed brokerage accounts:

Money market funds: Valued based on the fair value of the underlying securities within the fund, which represents the NAV of shares held by the Plan at year-end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

Investments measured at NAV ^(a)				<u>3,938,684</u>
Investments at fair value				<u>\$ 76,111,521</u>

^(a)In accordance with ASC 820, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

**CARRIAGE SERVICES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

4. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related in investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan's trustee.

5. TAX STATUS

The Plan adopted a non-standardized prototype plan, the Great-West Trust Company Defined Contribution Prototype Plan and Trust. The non-standardized prototype plan has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the accompanying financial statements do not include a provision for income taxes.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan paid expenses related to the Plan's operations and investment management to various service providers and affiliates of the trustee. Therefore, these transactions with these entities qualify as exempt party-in-interest transactions.

The Plan also allows for continued investment in the Company's common stock and issues notes receivable from participants. These transactions also qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The investments in the Company common stock totaled \$1,645,838 and \$1,810,000 as of December 31, 2023 and 2022, respectively, held in self-directed brokerage accounts.

8. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain 2023 deferrals totaling \$220,863 to the custodian later than required by DOL Regulation 2510.3-102. The Company credited the participants with the lost earnings in 2024.
