INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Reliance Trust Company and Transamerica Life Insurance Company as of December 31, 2023 and for the year then ended, and as of December 31, 2022 and for the period from August 2, 2022 to December 31, 2022, and a certification from Johnson Bank for the period from January 1, 2022 to August 1, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023, through October 11, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Pioneer Products, Inc. is the plan sponsor, employer and the plan administrator. Johnson Bank was the trustee that held custody of the plan's investment assets, maintained investment and participant records and performed various compliance tests as tax counsel through August 1, 2022. Johnson Bank engaged a sub-custodian, Mid Atlantic Trust Company, to hold and safeguard the plan's investment assets. American Trust Retirement, LLC was used by Johnson Bank as a subservice provider for the plan's recordkeeping.

Effective August 2, 2022, Reliance Trust Company ("Reliance") is the custodian of the plan's common/collective trusts, mutual fund investments, and interest-bearing cash and Transamerica Life Insurance Company ("Transamerica Life") is the custodian of the plan's stable value core option investment. Reliance and Transamerica Life are collectively referred to as the "custodians". Transamerica Retirement Solutions, LLC ("Transamerica Retirement") is the investment agent that maintains investment and participant records. PPG Retirement Plan Services Ltd. is the third-party administrator and performs various compliance tests as tax counsel. Two employees of the plan sponsor are the trustees.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings on investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

The following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash - Consists of cash deposits in an interest-bearing savings account at a Federal Deposit Insurance Corporation ("FDIC") insured bank at Transamerica Life. The FDIC provides limited insurance on cash deposits. At times, the plan's cash deposits may exceed the FDIC limit; however, the plan does not expect to experience any losses on its cash deposits. The cash deposits may be withdrawn at any time without prior notice or penalty. Interest-bearing cash is stated at cost plus accrued interest, which approximates fair value.

Common/collective trusts - Valued at the net asset value ("NAV") based on units of the common/collective trusts, which are all included within a combined direct filing entity. The NAV, as provided by Reliance Trust, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trusts less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trusts will sell the investment for an amount different than the reported NAV.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 1,054	\$ -	\$ -	\$ 1,054
Mutual funds	1,850,510	-	-	1,850,510
Total assets in the fair value hierarchy	<u>\$1,851,564</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,851,564</u>
Investments measured at NAV (a)				6,427,848
Total investments at fair value				<u>\$8,279,412</u>

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 1,000	\$ -	\$ -	\$ 1,000
Mutual funds	1,516,992	-	-	1,516,992
Total assets in the fair value hierarchy	<u>\$1,517,992</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,517,992</u>
Investments measured at NAV (a)				6,580,860
Total investments at fair value				<u>\$8,098,852</u>

- (a) In accordance with GAAP, certain investments that are measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

The following table summarizes investments for which fair value is measured using the NAV practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2023</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$6,427,848	n/a	Daily	n/a
<u>December 31, 2022</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$6,580,860	n/a	Daily	n/a

Investment at contract value - The plan has a fully benefit-responsive investment contract through a group annuity contract issued by Transamerica Life. This is an investment based on the general unallocated account of Transamerica Life. Transamerica Life pays interest and guarantees the plan's capital deposit regardless of the activity in the general account. The investment is not considered a Guaranteed Investment Contract or Common Collective Trust as there are no specific underlying securities and no stated minimum or maximum interest rate. The investment, as a deposit liability of Transamerica Life with no underlying assets, has no direct investments on behalf of the plan. The investment value is based on the general unallocated account of Transamerica Life and the risk of investment is based on Transamerica Life's insurance ratings. The effective annual interest rate is established every six months. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. The average yield earned by the fund was 1.18% and 0.83% in 2023 and 2022.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Transamerica Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. Although plan participants may direct withdrawals at any time without restrictions, a hold can apply in the event the plan sponsor requests a full distribution from the investment. The plan has no intention to request a full distribution at this time.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date the financial statements are available to be issued, the plan administrator is not aware of any events that might limit the ability of the plan to transact at contract value with the contract issuer or that would limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established as a defined contribution plan with a 401(k) salary deferral arrangement on September 1, 1993. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Pioneer Products, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

Eligibility - An employee is allowed to join the plan upon attainment of age 18 and completion of 2 months of service. Upon obtaining eligibility, employees may enter the plan on the first day of the following month.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid and can be made as follows:

- a. Participants may contribute up to 100% of their annual wages subject to certain limitations (elective deferral contributions). Newly eligible employees are automatically enrolled in the plan and have 6% of their compensation withheld as elective deferral contributions (auto-enroll). Employees that are auto-enrolled have the option to increase, decrease or stop the elective deferral contribution at any time. The plan also permits Roth elective deferral contributions.
- b. Employee rollover contributions are accepted by the plan from other qualified plans.
- c. A discretionary employer matching contribution may be made. From January 1, 2022 through June 30, 2023, the discretionary matching contribution was 25% of the first 3% of employee compensation contributed as elective deferral contributions. Effective July 1, 2023, the discretionary matching contribution was 50% of the first 5% of employee compensation contributed as elective deferral contributions. Matching contributions are funded weekly, coinciding with the employer's payroll.
- d. A profit-sharing contribution may be made at the employer's discretion. To be eligible for such contributions, participants must have completed two years of service and be employed on the last day of the plan year, unless employment was terminated during the year due to death, disability or termination after normal retirement age. There were no such contributions in 2023 or 2022.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions, rollover contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - All net assets are 100% vested.

Payment of benefits - Benefits are recorded when paid. Payments may commence upon termination of employment, death, disability or attainment of normal retirement age (defined as age 62). Participants may elect to withdraw all or any part of their rollover contributions, if any, while still employed without restriction. Participants may receive their distribution in the form of a single lump sum or installment payments. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under certain circumstances.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan and distribution fees and nonparticipant directed charges for services and administrative fees. The nonparticipant directed charges are allocated to participants on an account value basis.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Participants may only have one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2023, the notes receivable from participants had various repayment schedules through March 2028, with interest from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximate fair value.

Notes to Financial Statements

December 31, 2023 and 2022

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are/were managed by Transamerica /Johnson Bank. Transamerica/Johnson Bank are/were the custodian of the plan's assets and trustee and, therefore, these qualify as party-in-interest transactions. Direct fees paid by the plan to Transamerica Retirement/Johnson Bank, recorded as administrative expenses, were \$50,000 in 2023 and \$45,000 in 2022. In addition, these parties receive/received indirect compensation from mutual fund providers for services provided to the funds. This indirect compensation is used to offset certain amounts owed for administrative services to the plan.

Activity related to notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan is operating under a PPG Retirement Plan Service Ltd. pre-approved profit-sharing plan that received a favorable opinion letter on June 30, 2022, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain tax positions taken and determined that the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.
