Independent Auditor's Report

To the Board of Trustees of the VanDevere 401(k) Profit Sharing Plan
Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the VanDevere 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the VanDevere 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the VanDevere 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the VanDevere 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the VanDevere 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the VanDevere 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Apple Growth Partners LLC, who joined Eide Bailly LLP on June 24, 2024, performed an audit of the December 31, 2022 financial statements of the VanDevere 401(k) Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2023, indicated that (a) the amounts and disclosures in the December 31, 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the December 31, 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the December 31, 2022 supplemental schedule, other than the information in the December 31, 2022 supplemental schedule that agreed to or is derived from the

certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the December 31, 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
December 31, 2023 and 2022

A. PLAN DESCRIPTION

The following is a brief description of the VanDevere 401(k) Profit Sharing Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering qualified employees of VanDevere, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

The Plan is administered by the Plan Committee. The Plan Committee has the power to carry out provisions of the Plan, including the administration of the Plan, and to determine the appropriateness of the Plan's investment offerings, and monitoring performance.

Eligibility - Employees are eligible to participate in the Plan if they have completed 90 days of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Entry Date - Employees may enter the Plan on the first day of the calendar quarter following the date they satisfy the Plan's eligibility requirements.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Participants may voluntarily contribute a minimum of 1% to a maximum of 100%, limited to the Internal Revenue Code (IRC) 402(g) limit of their compensation on a pre-tax and post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation on a pre-tax basis and their contributions invested in a designated balanced fund until changed by the participant. Participants who are deferring at a rate equal to 5% but less than 7% will have their deferral rate automatically escalated by 1% effective the 1st day of July until they have reached 7%.

The types of employer contributions are as follows:

Discretionary Employer Matching Contribution - Each year, the Company's Board of Directors declares a percentage of the employee salary deferral contribution that it will match and contribute to the Plan. For the year ended December 31, 2023, the Company elected to match 25% of each dollar deferred up to 5% of participants' compensation up to a maximum of 1.25%. The Company made matching contributions of \$243,906 for the year ended December 31, 2023.

Discretionary Employer Matching True-up Contributions - The Company may make a true-up contribution to eligible employees on an annual basis based on the ratio of elective deferrals to compensation. The Company made true-up contributions totaling \$12,712 for the year ended December 31, 2023.

Discretionary Profit Sharing Contribution - The Company's Board of Directors may elect to make an additional discretionary contribution for eligible participants who have completed a year of service and who are employed on the last day of the Plan year. The contribution is allocated based on participant's compensation. The Company made profit sharing contributions totaling \$565,233 for the year ended December 31, 2023.

The Plan also permits rollover contributions from other qualified retirement plans.

Notes to the Financial Statements
December 31, 2023 and 2022

Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching contributions, as well as allocations of the Company discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances, or specific participant transactions as defined by the Plan document. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures - As of December 31, 2023 and 2022, forfeited non-vested accounts, including the unallocated contract, totaled \$92,979 and \$116,379, respectively. These accounts will be used to reduce future employer contributions. For the year ended December 31, 2023, employer contributions were reduced by \$123,837 from forfeited non-vested accounts.

Notes Receivable from Participants - Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The interest rate, determined based on current interest rates at the time the loan is made, is set at prime. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years. A participant may have no more than one outstanding note at any one time.

Payment of Benefits - Participants may elect to receive either a lump-sum amount equal to the value of their vested interest, partial payments as requested by the participant, or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ as defined in the Plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VanDevere 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2023 and 2022

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions - Participant contributions and the related Company matching contribution are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits - Benefit payments are recorded upon distribution.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid from the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net appreciation in fair value of investments.

C. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan).

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) guidance in these financial statements are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VanDevere 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - Shares of the money market fund are valued in accordance with the SEC rules, using the penny-rounding method, which permits the fund to maintain a constant NAV of \$1.00 per share.

Collective Trust Fund (CTF) - The fair value of the CTF is estimated based on the NAV derived from the fair value of the underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Total
Mutual funds	\$ 17,928,353	\$ 17,928,353
Money market fund	2,205,221	2,205,221
Total assets in the fair value hierarchy	20,133,574	20,133,574
Investments measured at net asset value ^(a)	-	68,720
Investments at fair value	<u>\$ 20,133,574</u>	<u>\$ 20,202,294</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds	\$ 68,720	\$ -	Daily	Up to 12 Months

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Total
Mutual funds	\$ 17,878,526	\$ 17,878,526
Money market fund	120,652	120,652
Total assets in the fair value hierarchy	17,999,178	17,999,178
Investments measured at net asset value ^(a)	-	1,187
Investments at fair value	<u>\$ 17,999,178</u>	<u>\$ 18,000,365</u>

VanDevere 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2023 and 2022

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds	\$ 1,187	\$ -	Daily	Up to 12 Months

^(a) In accordance with the FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

E. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Trust Bank (Schwab), the trustee of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA. During 2023, administrative expenses totaling \$27,486 were paid to Schwab.

Schwab also provides certain administrative services to the Plan pursuant to Service Agreements (SA) between the Company and Schwab. Schwab receives income from mutual fund service providers for services Schwab provides to the funds. This income is used to offset certain amounts owed to Schwab for their administrative services to the Plan.

If the income received by Schwab from such mutual fund service providers exceeds the amount owed under the SA, Schwab remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2023, no amounts were remitted to the Plan.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

G. FEDERAL INCOME TAX STATUS

The Plan uses a pre-approved plan document sponsored by Schwab Retirement Plan Services, which received an opinion letter from the Internal Revenue Service (IRS), dated September 21, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2024, the date that the financial statements were available to be issued.
