Independent Auditors' Report

To the Participants and Plan Administrator of the
Delaware North Companies 401(k) Union Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Delaware North Companies 401(k) Union Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements Section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule as of and for the year ended December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Delaware North Companies 401(k) Union Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Delaware North Companies, Incorporated (“Plan Sponsor” or the “Company”) and is administered by the Delaware North Companies, Incorporated Benefits Committee. The Plan provides benefits to the union employees covered by the various union agreements of affiliated employers, as defined in the Plan document.

The Plan is open to employees of the Company who are covered by a collective bargaining agreement which expressly provides for coverage under the Plan. Employees generally are eligible to participate in the Plan following completion of one year of service, achievement of certain union requirements and upon reaching age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”).

In response to the impacts of the COVID-19 (Coronavirus) pandemic, the Plan implemented regulations available to employee benefit plans under the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act during the year ended December 31, 2020. The CARES Act, among other things, temporarily waives all required minimum distributions for calendar year 2020, provides participants with penalty-free access to their balances up to \$100,000 subject to certain eligibility criteria if distributed prior to January 1, 2021, a temporary increase in participant loan limits to the lesser of \$100,000 or 100% of the vested balance if requested by September 23, 2020, and the ability for participants to elect to suspend the repayment of loans for one year. Plan management intends to amend the Plan prior to the fiscal year ended December 31, 2025 to formally adopt the aforementioned relief options.

Contributions – Participants may elect to contribute between 1% and 50% of their annual compensation limited to the amount imposed by law. In addition, certain participants covered by an agreement with another affiliated employer are eligible to make voluntary after-tax contributions, not to exceed the amount imposed by law. Participants age 50 or older may also elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers). Rollover contributions totaled \$45,078 and \$131,352 for the years ended December 31, 2023 and 2022, respectively.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

The Company and affiliated employers will make matching and/or non-elective profit-sharing contributions, as defined by the Plan document. Actual amounts vary based on the affiliated employers. For the years ended December 31, 2023 and 2022, the Company's profit-sharing contributions were \$1,720,365 and \$1,446,489, respectively.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Company contributions, transfers from other plans and earnings on the participant-directed investments. Participant accounts are decreased by participant distributions, transfers to other plans, losses on the participant-directed investments and certain administrative expenses, if applicable. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions and actual earnings thereon. Based upon affiliated employer requirements as defined by the Plan document, employer contributions fully vest upon completion of one to six years of service.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed five years or a maximum of ten years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are required to be repaid in equal installments over the term of the loan.

Payment of Benefits – Upon termination of service due to retirement, death, disability or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½. Hardship withdrawals, as defined by the Code, are available to participants only from their deferral contributions account.

Tax Status – The IRS issued a favorable determination letter for the Plan dated May 18, 2005. On June 23, 2016, the IRS authorized a retroactive amendment to the Plan to include the additional provisions required for a multiemployer plan, but the IRS declined to process the request for an off-cycle determination letter. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

401(k) Union Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

The Plan has been amended; however, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Generally accepted accounting principles in the United States of America (“GAAP”) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company’s management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Forfeitures – The non-vested balances of participant accounts for those participants who have ceased employment with the Company or an affiliated employer are forfeited upon the occurrence of a one-year break in service. At the Plan Sponsor’s discretion, forfeitures arising during any Plan year may be used to reduce the Company’s contributions and pay the Plan’s administrative expenses.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts as of the effective date of termination, to the extent required by applicable laws.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with GAAP.

Investment Valuation and Income Recognition – The Plan’s investments in mutual funds and collective investment trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan’s investment in a stable value fund consists of holdings in a fully benefit-responsive investment contract and is reported at contract value in the accompanying statements of net assets available for benefits.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized net appreciation and depreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest. Principal and interest are paid ratably through each payroll deduction. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Substantially all expenses of the Plan including investment advisory, legal expenses and audit fees are funded as a percentage of total assets under the provisions of the Plan. Loan maintenance and setup fees are paid directly from participant accounts. Each year, the Plan is awarded revenue credits payable to the Plan from John Hancock Trust Company LLC (“John Hancock”) that can be used for eligible Plan expenses. The Plan received credits as part of this program totaling \$37,945 and \$39,187 for the years ended December 31, 2023 and 2022, respectively. Administrative expenses in the accompanying financial statements are reduced by these amounts.

Party-in-Interest Transactions – Certain Plan investments are units of a stable value fund managed by New York Life Insurance Company (“New York Life”) which is owned by John Hancock. John Hancock is the Plan Trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes in the values of investments could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Subsequent Events – Plan management has evaluated the effects of all subsequent events, for recognition or disclosure, through October 11, 2024, the date the accompanying financial statements were available to be issued, and determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

	<u>2023</u>	<u>2022</u>
Mutual funds, at fair value	\$ 36,673,440	\$ 36,322,627
Collective fund, at fair value	5,691,304	-
Stable value fund, at contract value	6,604,171	6,948,395
Notes receivable from participants	<u>1,678,720</u>	<u>1,560,067</u>
	<u>\$ 50,647,635</u>	<u>\$ 44,831,089</u>

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

3. Information Certified by the Trustee (Unaudited) (continued)

During December 31, 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

	<u>2023</u>	<u>2022</u>
Investment income (loss)		
Interest and dividends	\$ 893,371	\$ 505,602
Interest income on notes receivable from participants	108,046	98,844
Net appreciation (depreciation) in fair value of investments	<u>4,953,420</u>	<u>(7,577,084)</u>
	<u>\$ 5,954,837</u>	<u>\$ (6,972,638)</u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. Investments measured at Level 1 inputs include mutual funds and collective funds totaling \$42,364,744 and \$36,322,627 at December 31, 2023 and 2022, respectively.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2023 and 2022.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary basis for calculating fair value as of December 31, 2023 and 2022.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value.

- *Mutual Funds:* Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.
- *Collective Investment Trusts ("CITs"):* CITs are valued daily at net asset value based on the market value of the underlying assets. The underlying securities are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance companies approximates fair value of the investments.

5. Fully Benefit-Responsive Investment Contract

The Plan maintains a fully benefit-responsive investment contract (the "Contract") with New York Life Insurance Company ("New York Life"), referred to as the Guaranteed Interest Account ("GIA"). Contributions to the GIA are invested in a broadly diversified fixed income portfolio within the New York Life general account, which is invested primarily in an array of securities and cash equivalent investments. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the Contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code; (2) premature termination of the Contract; (3) Plan termination or mergers; (4) changes to the Plan's prohibition on competing investment options; or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring or have occurred that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the Contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreements without the consent of the issuer.

6. Reconciliation with Form 5500

The accompanying financial statements, which are prepared in accordance with GAAP, calculate realized gains and losses on sales of securities and unrealized gains and losses (change in market value on securities held at year end) using historical cost. However, Form 5500, Annual Return/Report of Employee Benefit Plan, requires the calculation of such gains and losses to be measured on the basis of revalued cost on Schedule H. Revalued cost is calculated based on the market value of a security on the first day of the fiscal year plus the cost of any current year purchases, less the beginning market value of any current year sales. In total, however, the financial statement calculation of gains and losses and the calculation for Form 5500 are the same.
