INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Strata-G Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Strata-G Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by a qualified institution in accordance with CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Capital Bank and Trust Company, a qualified institution, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Strata-G Profit Sharing Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risks of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STRATA-G PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of Strata-G Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the adoption agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective January 1, 2002 and amended and restated effective as recently as January 1, 2022. The Plan covers substantially all full-time employees of Strata-G, LLC (the "Sponsor"). There are no minimum service or age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments, in the statements of changes in net assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation or depreciation in fair value of investments.

Notes Receivable from Participants – Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000. The notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. The notes receivable are secured by the balances in the participants' accounts and bear interest at fixed rates reflective of general rates available to individual borrowers for

similar loans from commercial sources at the time of the loan. Repayment is required within five years or within a reasonable period of time if the loan is for a primary residence. Principal and interest are paid through regular payroll deductions. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. As of December 31, 2023 and 2022, interest rates on loans outstanding ranged from 4.25% to 9.50%.

Contributions - Participants may elect to make pre-tax or after-tax (Roth) contributions of up to 100% of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

The Plan provides for employer safe harbor matching contributions that are immediately 100% vested. The Company matches, at each payroll date, 100% of elective deferrals up to 3% of compensation plus 50% of elective deferrals between 3% and 5% of compensation.

The Sponsor may elect to make discretionary matching and profit-sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. Company profit-sharing contributions are recorded by the Plan when and if approved by the Plan Sponsor. There were no profit sharing contributions for the year ended December 31, 2023 or 2022.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring the fair value of financial assets and liabilities. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but they are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2023 and 2022, plan investments consist of mutual funds that are valued based on published quotations in active markets (level 1 measurement).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

There have been no changes in the methodologies during the year ended December 31, 2023 or 2022.

Participant Accounts - Participants direct the investment of their account balances and contributions and may change their elections at any time. Each participant's account is credited with the participant's contribution and an allocation of the Sponsor's contribution and plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Risks and Uncertainties - The Plan's funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and of changes in net assets available for benefits.

Vesting - Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting of employer profit sharing contributions and earnings thereon occurs according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Forfeitures - Forfeitures represent the non-vested benefits remaining in the Plan for terminated employees. Forfeitures are used to reduce employer matching contributions and pay plan expenses. For the years ended December 31, 2023 and 2022, forfeitures of \$2,129 and \$8,229, respectively, were utilized to pay plan expenses. Furthermore, for the year ended December 31, 2022, forfeitures of \$5,861 were utilized to reduce employer contributions. At December 31, 2023, forfeitures of \$8,016 were available. At December 31, 2022, no forfeitures were available.

Payment of Benefits - On termination of service due to death, disability or retirement, or upon the attainment of age 59½ and subject to certain restrictions, a participant or designated beneficiary may elect to receive either a lump-sum equal to the vested value of his or her account, a rollover to another qualified plan or individual retirement account, or partial withdrawals, subject to applicable tax withholding requirements. On termination of service due to other reasons, a participant may elect to receive an amount equal to the vested interest in his or her account as a lump-sum distribution or in installments if the balance exceeds \$5,000.

Administrative Expenses - The Plan's expenses are paid by the Sponsor or by the Plan as provided by the plan agreement. Administrative expenses represent loan, withdrawal and distribution fees charged to participant accounts. Investment-related expenses are included within net appreciation (depreciation) in the value of investments or administrative expenses, depending on their nature.

Subsequent Events - The Sponsor has evaluated subsequent events through October 10, 2024, the date which the financial statements were available to be issued.

2. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

3. INCOME TAX STATUS

The Plan is a prototype plan for which the plan administrator has obtained a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service states that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the administrator believes that the Plan was qualified and the related trust is tax-exempt as of the financial statement date. Management believes that there is no liability related to uncertain tax positions at December 31, 2023 or 2022. The Plan is no longer subject to tax examinations for years prior to December 31, 2020.

4. CERTIFIED FINANCIAL INFORMATION

Capital Bank and Trust Company has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Income (loss) on investments and notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- The accompanying schedule of assets held for investment purposes as of December 31, 2023.

5. RELATED PARTIES AND PARTIES IN INTEREST

Capital Bank and Trust Company serves as custodian of the Plan and also provides access to the American Funds mutual funds. Capital Bank and Trust Company and American Funds are part of Capital Group and, accordingly, are considered parties-in-interest.

Neither the administrator nor the trustees of the Plan receive compensation from the Plan.
